Mayor

May 21, 1991

M.L.A. Peter Ernerk
Legislative Assembly
Yellowknife, N.W.T.

Dear Mr. Ernerk:

The Hamlet Council of Rankin Inlet request your immediate attention and action on the following motion passed by Council on May 21, 1991.

Moved by: Keith Sharp
Seconded by: Tom Thompson

Be it resolved that under no circumstances there by any earthworks or testing in the Ijiralik Park Area (Proposal C)

That all work that is at present taking place cease and be restored to original state immediately

The area that the contractors are requesting is adjacent to the Major Historical Site and any development in this area will distract from the perception and value of the intended park.

Motion Carried 083/91

The Hamlet Council strongly opposes any destruction of the Meliadine Esker due to the community's interest and use of that area. We strongly urge that any activity not be done on that area by means of construction purposes.

In closing, we trust that you will advise your appropriate departments to instruct them to carry out Hamlet Council's request.

I thank you in advance on your immediate action on this matter.

Paul Kaludjak
Mayor
