

MR. FREDERICK BLAKE
MLA MACKENZIE DELTA

NOV - 9 2016

Oral Question 432-18(2) Brush Cutting along the Dempster Highway

This letter is to provide additional information to the Oral Question raised on Monday, October 31, 2016 regarding brush cutting along the Dempster Highway.

If weather conditions or other factors prevent the brushing program from being completed this season as planned, then the Department of Transportation (DOT) will seek approval from the Legislative Assembly to carry over any capital funding remaining from 2016/17 for Dempster Highway improvements through the supplementary appropriation process in the spring of 2017.

Thank you for your continued interest in the transportation-related programs and services.

Thank you.

Wally Schumann
Minister of Transportation

- c. Clerk of the Legislative Assembly
Legislative Coordinator
