

JUN 29 2016

MR. SHANE THOMPSON
MLA, NAHENDEH

Oral Question 109-18(2) Highway 1 Maintenance

This letter is in follow-up to the Oral Question you raised on March 2, 2016 requesting signage along the highway section between Redknife and the Fort Providence Junction.

The Department of Transportation has reviewed this matter and determined that current signage is adequate. If a road user has a complaint, they can contact any regional office. All highway services are seamless, meaning that if a Superintendent in one region receives a complaint with respect to a matter in another region, that person will take the information and advise the other Superintendent, who will then follow up with the complainant.

The public is encouraged to call 1-800-661-0750 or visit the Department's website for the most current information on road conditions. The Department's website also has contact information for all regional offices.

Thank you.

Wally Schumann
Minister of Transportation

c. Clerk of the Legislative Assembly
Legislative Coordinator, Executive
