MINISTER'S MESSAGE

Small and medium sized businesses make up 90 percent of all businesses in the Northwest Territories (NWT).

They provide employment opportunities for our people; provide products and services that add to the quality of life in our communities and, more than ever, are offsetting peaks and valleys of our resource-based economy.

Through the Department of Industry, Tourism and Investment, our government is developing, promoting and sustaining an environment in which NWT entrepreneurs and small business owners are empowered to invest, take risks, and prosper.

We do so with targeted policies, programs and funding initiatives – and in partnership with organizations such as the Business Development and Investment Corporation and Community Futures Organizations. When businesses succeed, NWT residents have access to more opportunities, and our communities grow more vibrant.

In 2017-2018, \$17.6 million in grants and contributions was provided to more than 500 individuals, entrepreneurs, businesses and groups with an economic interest in our territory.

This report provides an accounting of our investment. More so, it highlights that we are following through on our commitment to support greater economic diversification with strategic investments in agriculture, arts, commercial fishing, manufacturing, tourism, traditional harvesting and the knowledge economy.

The Honourable Wally Schumann
Minister of Industry, Tourism and Investment

MESSAGE DU MINISTRE

Les petites et moyennes entreprises représentent 90 % de toutes les entreprises des Territoires du Nord-Ouest (TNO).

Elles fournissent des emplois ainsi que des biens et des services qui améliorent la qualité de vie et permettent de contrer la succession de hauts et de bas qui caractérise notre économie fondée sur les ressources naturelles.

Grâce au ministère de l'Industrie, du Tourisme et de l'Investissement, le GTNO crée, favorise et entretient un climat dans lequel les propriétaires de PME peuvent investir, prendre des risques et prospérer.

Pour y arriver, le Ministère cible des politiques, des programmes et des initiatives de financement et forme des partenariats avec des organismes comme la Société d'investissement et de développement et la Société d'aide au développement des collectivités. Lorsque les entreprises prospèrent, les résidents et les collectivités prospèrent également.

En 2017-2018, plus de 500 personnes, entrepreneurs et organismes qui ont l'intérêt financier des TNO à cœur se sont partagé 17,6 millions de dollars en subventions et contributions.

Le présent rapport fait état des investissements du Ministère et de son engagement continu à favoriser une plus grande diversification de l'économie en investissant de façon stratégique dans les domaines de l'agriculture, de l'art, la pêche commerciale, la fabrication, du tourisme, la récolte traditionnelle et la croissance de notre secteur du savoir.

Wally Schumann
Ministre de l'Industrie, du Tourisme et de l'Investissement

PREFACE

The mandate of the Department of Industry, Tourism and Investment (ITI) is to promote economic self-sufficiency through the responsible development of Northwest Territories (NWT) natural resources and to create a prosperous, diverse and sustainable economy for the benefit of all NWT residents.

This is done through a number of measures including the sponsorship and management of a suite of financial grants and contribution programs to a wide range of clients and agencies in a variety of sectors including:

- development of the mineral and petroleum resource sector;
- development of renewable resource industries, including agriculture, commercial fishing, traditional fur harvesting and the knowledge economy;
- the promotion and support of tourism, trade and investment; and
- the promotion of businesses, including, manufacturing and secondary industries.

This Report provides a summary of grants and contributions provided throughout the 2017-2018 fiscal year.

SUMMARY OF RESULTS

Over the 2017-2018 fiscal year, ITI provided \$17.6 million in contributions to more than 500 individuals, entrepreneurs, businesses, governments, and groups across the NWT having an economic interest.

Contribution assistance over the 2017-2018 period increased by \$134,112 or 0.6 per cent compared to 2016-2017, as shown in Chart 1. Starting in 2015, a decline is also noted as realignment of responsibilities among various government departments resulted in the transfer from ITI of programming and contributions associated with the fur harvesting industry to the Department of Environment and Natural Resources (ENR) and energy programs to the Department of Infrastructure (INF).

Chart 1: Grants and Contributions Over Past Five Years (\$ millions)

MAJOR GRANTS AND CONTRIBUTIONS

ITI provided \$6.72 million in funding for two major NWT-wide organizations that have a significant impact on the economic well-being of NWT residents and businesses. Those were: Northwest Territories Tourism (NWTTC) and the NWT Business Development and Investment Corporation (BDIC).

Table 1: Contributions by Client exceeding \$1,000,000

Client	Total Contribution
Northwest Territories Tourism	\$3,901,000
NWT Business Development and Investment Corporation	\$2,819,000

Other major contributions went towards economic and small business development through contributions to community, regional and territorial organizations, governments and educational institutions. Investments were in support and development of the mineral and petroleum resource sectors, as well as sector diversification and development in tourism, fisheries, agriculture and traditional economy sectors.

Just over \$5 million in contributions was provided to 27 recipients as detailed in Table 2.

COMMUNITY, REGION AND TERRITORIAL RESULTS

Providing \$17.6 million in grants and contributions in the 2017-2018 fiscal year, Table 3 details the allocations made to each community and region as well as the contributions made to clients delivering a service or product territory-wide. Chart 2 shows the distribution of funding by region. Chart 3 presents allocations made according to Level 1 and Level 2 communities and territory wide. Approximately 49 percent of all grants and contributions funds were made to agencies operating throughout the NWT. This would include contributions made to NWTTC, the BDIC and organizations representing business or economic sector development roles. Twenty-seven per cent of grants and contributions went to the 28 designated Level 2 communities.

Level 1: Communities are Yellowknife, Hay River, Inuvik and Fort Smith.

Level 2: 28 remaining communities.

Pan-Territorial: Projects are considered under this group if they serve all or a number of communities across the NWT.

SECTOR DISTRIBUTION

The Department's grants and contribution programs are designed to support three broad investment themes or pillars. Unlocking Our Potential is aimed at support to the mineral and petroleum economic sectors including geoscience and permafrost study; Investing in Diversity encompasses programming around tourism, commercial fisheries, agriculture, and traditional economy, such as fur harvesting and craft and support to business development and sustainability. The third major investment target area, at times overlapping with Investing in Diversity, is Business Services whose programming areas are designed to support development of small and medium sized business and manufacturing in the NWT through either contributions or loans.

As shown in Table 4, the combination of contribution programming included within Business Services accounted for nearly half of the Department's entire \$17.6 million in grants and contributions. These programs are supported through the Support for Entrepreneurs and Economic Development (SEED) program and the Business Support Agencies such as the Business Development and Investment Corporation. Tourism contributions formed 30 per cent of the total grants and contribution allocations at approximately \$5.3 million. This includes funding for marketing including training, research and product development, Aboriginal tourism, and a host of other tourism-related support initiatives.

PRÉFACE

La mission du ministère de l'Industrie, du Tourisme et de l'Investissement (MITI) consiste à promouvoir l'autonomie économique grâce au développement responsable des ressources naturelles des Territoires du Nord-Ouest (TNO) ainsi qu'à créer une économie prospère, diversifiée et durable pour l'ensemble des Tenois.

Une série de mesures sont mises en œuvre à ces fins, notamment le parrainage et la gestion de programmes de contributions financières destinés à une variété de clients et d'organismes favorisant :

- le développement de l'industrie des minéraux et du pétrole;
- le développement du secteur des ressources renouvelables, notamment l'agriculture, la pêche commerciale, l'art, l'économie traditionnelle et la croissance de notre secteur du savoir;
- la promotion et le soutien des industries du tourisme, du commerce et de l'investissement;
- la promotion des affaires, notamment la fabrication et les secteurs secondaires.

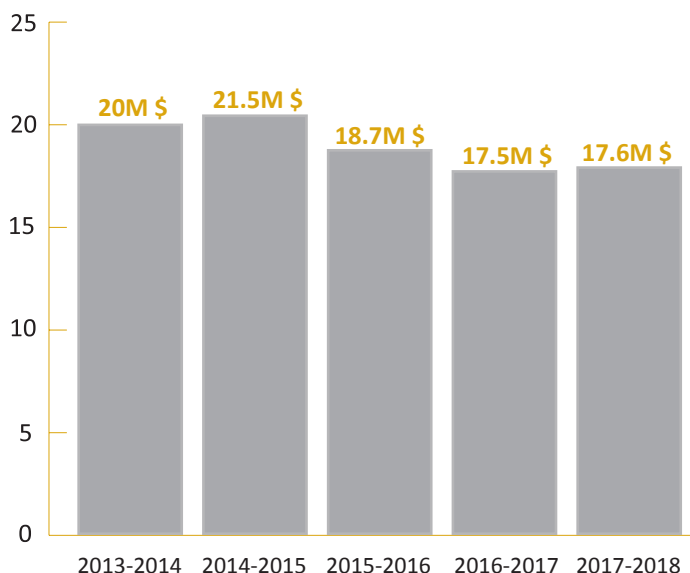

Le présent rapport résume les contributions versées au cours de l'exercice 2017-2018.

RÉSUMÉ DES RÉSULTATS

Au cours de l'exercice 2017-2018, le MITI a versé 17,6 millions de dollars en contributions à plus de 500 particuliers, entrepreneurs, entreprises, gouvernements et groupes présentant un intérêt économique dans l'ensemble des TNO.

Au cours de l'année 2017-2018, les contributions ont augmenté de 134 112 \$ (ou de 0,6 %) comparativement à 2016-2017, comme indiqué dans le graphique 1. Depuis 2015, on note cependant une diminution des contributions, attribuable à la réaffectation de responsabilités parmi divers ministères gouvernementaux. Ainsi, des programmes et des contributions liés à l'industrie de la chasse des fourrures ont été transférés du MITI au ministère de l'Environnement et des Ressources naturelles (MERN), alors que des programmes énergétiques sont passés sous la gouverne du ministère de l'Infrastructure.

Graphique 1 : Subventions et contributions des cinq derniers exercices (en millions de \$)

SUBVENTIONS ET CONTRIBUTIONS D'ENVERGURE

Le MITI a versé 6,72 millions de dollars à deux grands organismes ténois qui créent des retombées économiques importantes pour les entreprises et les résidents, à savoir : la Société d'investissement et de développement (SID) et Tourisme TNO.

Des contributions d'envergure ont également été allouées au développement de l'économie et des petites entreprises, notamment à des organismes communautaires, régionaux et territoriaux, ainsi qu'à des gouvernements et à des établissements d'enseignement. Le Ministère a investi dans les secteurs des ressources minérales et pétrolières, ainsi que dans la diversification sectorielle et l'expansion du tourisme, des pêcheries, de l'agriculture et de l'économie traditionnelle.

Des contributions d'un peu plus de 5 millions de dollars ont été versées à 27 bénéficiaires, comme indiqué au tableau 2 ci-contre.

RÉSULTATS À L'ÉCHELLE LOCALE, RÉGIONALE ET TERRITORIALE

Le tableau 3 illustre la répartition du financement par collectivité et par région, de même que les contributions allouées aux fournisseurs de services ou de produits à l'échelle territoriale. Le graphique 2 illustre la distribution du financement par région, tandis que le graphique 3 indique les subventions et contributions accordées aux collectivités de groupe 1 et de groupe 2, ainsi qu'à l'échelle territoriale. Environ 49 % de toutes les subventions et contributions ont été versées à des organismes qui œuvrent aux TNO. Ce chiffre inclut les contributions accordées à Tourisme TNO, à la SID et aux organisations qui assument des rôles de développement d'affaires ou économique sectoriels. Vingt-sept pour cent des subventions et contributions ont été accordés à 28 collectivités dites de niveau 2.

Groupe 3 : panterritorial (les bénéficiaires ou les projets entrent dans ce groupe s'ils servent l'ensemble ou une partie des collectivités des TNO).

DISTRIBUTION PAR SECTEUR

Les programmes de contributions du Ministère ont été conçus de façon à cibler trois grands thèmes ou piliers d'investissement. La campagne « Explorons notre potentiel » (Unlocking Our Potential) vise à soutenir les secteurs économiques des minéraux et du pétrole, notamment les travaux géoscientifiques et les études sur le pergélisol, alors que la campagne « Investir dans la diversité » (Investing in Diversity) regroupe des programmes axés sur le tourisme, les pêcheries commerciales, l'agriculture et l'économie traditionnelle, comme la trappe des fourrures et l'artisanat, tout en favorisant le développement et la durabilité des affaires. Le troisième effort d'investissement, « Services aux entreprises » (Business Services) chevauche parfois le deuxième. Les programmes qui s'y rattachent ont pour but de soutenir le développement de PME et d'entreprises ténieuses au moyen de contributions ou de prêts.

Comme indiqué dans le tableau 4, les divers programmes de contribution visant à soutenir les services aux entreprises ont accaparé près de la moitié des 17,6 millions de dollars offerts en subventions et contributions par le Ministère. Ces programmes sont menés dans le cadre du Programme d'appui aux entrepreneurs et au développement économique (PAEDE) et par des organismes de soutien aux entreprises, comme la Société d'investissement et de développement. Le secteur touristique a utilisé près de 30 % de l'enveloppe des subventions et contributions, soit quelque 5,3 millions de dollars. Parmi les activités couvertes figuraient le marketing, notamment la formation, la recherche et le développement de produits et une série d'autres initiatives liées au tourisme.

Policy Authority

Established under the authority of the Minister of Industry Tourism and Investment

Application Process

Operations funding, via the Community Futures Program, is based on a Contribution Agreement model.

Results Reporting

The Community Futures Program is a community-based economic development initiative, delivered in each region. CFDCs operate independently of government as non-profit organizations and are overseen by a volunteer Board of Directors that is representative of the region and communities that it serves. CFDCs provide access to capital and business support services to entrepreneurs in their operating area.

In the 2017-2018 fiscal year, a total of \$828,320 in funding was provided for Community Future Development Corporations. This amount includes accruals at year end. A separate and detailed report for the Community Futures Program is produced and tabled in the Legislative Assembly and posted on the Industry Tourism and Investment website on an annual basis.

COMMUNITY TRANSFER INITIATIVES

Purpose

To provide funding for NWT communities to obtain the services of an Economic Development Officer (EDO), who is responsible to that community, through the provision of salary and operations funding to individual communities.

Eligibility

All NWT communities are eligible to request the transfer of ITI EDO positions where those positions have not already been transferred to the community.

Grant/Contribution

Contribution

Maximum Amount per Applicant

The maximum amount allocated per applicant varies by community depending on remoteness and whether the community is eligible for a half or full time position.

Policy Authority

Established under authority of the Minister of ITI

Application Process

Funding is through negotiated agreements.

Results Reporting

Results of the Community Transfer Initiative are reported by ITI Regional Offices. Reporting includes an annual operational plan, a quarterly activity report and a performance appraisal for the EDO.

For the 2017-2018 fiscal year, 12 communities in the NWT participated in the Community Transfer Initiatives Program (Table 6). Total funding contributed was \$1,456,925 (this amount includes accruals at year end). Chart 5 provides a summary of transfer amounts for the past three fiscal years. The breakdown by Community for Community Transfer Initiatives is listed in Table 6.

SUPPORT FOR ENTREPRENEURS AND ECONOMIC DEVELOPMENT

Purpose

The Support for Entrepreneurs and Economic Development (SEED) Policy provides contributions toward starting out in business, improving capacity or skills, and helping small communities to expand their local economy.

Eligibility

All NWT businesses, business associations, band/community councils and individuals are eligible. Specific eligibilities are provided under the individual program elements of the Policy.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Excepting the Strategic Investments program, which allows for contributions up to \$75,000, the maximum amount available is up to \$25,000, depending on program category, to any one client in any fiscal year, with a cap of \$30,000 to any one client in any fiscal year.

Program Budget

Program funding was \$3,866,000 for the 2017-2018 fiscal year. This funding is inclusive of \$160,000 set aside for projects in the film sector, \$125,000 set aside for projects in the arts and crafts sector, and \$50,000 set aside for the Prospector Grubstake Program.

Program Manager

Business Support and Trade

Policy Authority

Established under the authority of the Minister of Industry, Tourism and Investment

Application Process

Application forms may be obtained from any local Industry, Tourism and Investment office.

A Contribution Agreement will be drawn up for a successful applicant. Specific terms and conditions vary according to the nature of the contribution and the project or activity being supported.

Results Reporting

In the 2017-2018 fiscal year, Industry, Tourism and Investment provided \$3,839,112 in contributions to 442 individuals, businesses and organizations in the NWT; down from \$3,880,354 in 2016-2017 and \$3,940,628 in 2015-2016 (Chart 6). \$42,850 of this amount was funded by GF2 and \$30,000 was funded by the Department of Infrastructure.

By SEED Policy Program

Contributions made under the SEED Policy fall under six program categories (Table 7):

- Entrepreneur Support
- Sector Support
- Community Economic Development
- Micro Business
- Business Intelligence and Networking
- Strategic Investments

And one schedule:

- Film Industry Funding

By Community Level

Under the SEED Policy, communities are defined as either Level 1 or Level 2 communities, as follows:

Seed Community Levels	
Level 1	Fort Smith, Hay River, Inuvik, and Yellowknife
Level 2	All Other Communities

- **Level 1:** The most developed communities in the NWT. These communities have well developed community business infrastructure and air/road transportation links.
- **Level 2:** Communities with less-developed business infrastructure and air/road transportation links.

Level 1 communities are Fort Smith, Hay River, Inuvik, and Yellowknife. All other communities are Level 2.

ECONOMIC DIVERSIFICATION AGRICULTURE

“GROWING FORWARD 2” – VARIOUS INITIATIVES

Background to Strategy

The multi-lateral Growing Forward 2 (GF2) Agreement came into effect on April 1, 2013, and expired on March 31, 2018. The overall intent of this programming was to increase production of local agricultural products in the north. Its goals were to build community capacity, diversify local economies and reduce the cost of food in the NWT.

Under the GF2 Agreement with the federal government, up to \$1.2 million annually (minus approximately \$100,000 annually for the administration fee to the federal government) in cost shared investment was flowed annually to the NWT agriculture sector to increase resource capacity to grow food in all NWT communities. The GF2 Agreement was cost shared on an approximate 40:60 basis. The annual federal government contribution equated to \$732,600, while the GNWT provided up to \$488,400.

Purpose of Contributions of Various Initiatives

Contributions made under the cost shared program supported community based and territorial wide initiatives that encouraged agriculture sector development. Investments were made in building resource capacity, promoting greater agriculture awareness, encouraging local and commercialized food production and facilitating access and marketability of domestically sourced meat, eggs, and produce from communities throughout the NWT.

Eligibility

Contributions were open to applications from NWT-based private sector partners, participants or organizations involved in planning, delivery and/or funding and support of one or more of the six strategic program areas set out under the Agreement.

- Small Scale Foods
- Human Resources (Mentorship)
- Agriculture Market Development (includes Northern Agri-foods, Inter-settlement Trade)
- Agriculture Research (may include bison, pilot projects)
- Agriculture Awareness (new)

- Food Safety

Grant/Contribution

Contribution. Some entries may represent more than one project undertaken by a specific client within the 2017-2018 fiscal year. There will be a separate five year GF2 results report issued in the 2018-2019 year.

Maximum Amount per Applicant

The maximum amount allocated per applicant varies based on the initiative and relevant program terms and conditions

Program Budget

Specific funding for this cost-shared program was included in ITI's 2017-2018 Business Plan. Funding is subject to the availability of fiscal resources and the capacity within the Department to address them.

Annual allocations are determined through ITI's appropriation and expenditures.

The total approved appropriation specific to GF2 within ITI for 2017-2018 was \$300,000.

Strategy Results Reporting

In addition to the annual Grants and Contributions Results Report, ITI will report through the Main Estimates.

2017-2018 Various Initiatives Results Reporting

In the following tables are initiative funded in 2017-2018 fiscal year in support of the GF2 Agreement.

The NWT Agriculture Strategy was approved and released in March 2017. The Strategy is currently in its initial phase of implementation.

Actual expenditures in grants and contributions by ITI as the GNWT's cost shared portion of the Agreement were \$275,157. Total investment in contributions were \$1,028,273 including both Federal and Territorial amounts. A portion of GF2 expenses is also spent under other expenses.

Great Northern Arts Festival – Inuvik (Total Amount of \$25,000)

In support of the 17th and 18th Legislative Assembly's priority to develop the Tourism sector, ITI supported a more coordinated approach to leveraging the potential of festivals and events as tourism attractions by offsetting the production costs of the Great Northern Arts Festival in Inuvik.

The 8 day festival commenced July 14th, 2017, marking the 29th year of the only pan-northern arts festival in Canada. This was the fourth year of using an integrated system of inventory control, point of sales and artists payments.

This support is reflective of the Tourism 2020 Strategy's five focus areas:

- Visitor Attraction and Experience
- Aboriginal Cultural Tourism
- Community Tourism Development
- Skills Development
- Tourism Research and Planning

In addition to Arts support provided through SEED and through O&M, the Department also provided an additional \$88,338 in contributions in support of the arts sector.

NORTHERN FOOD DEVELOPMENT PROGRAM

Purpose

To remove barriers, create employment and facilitate the development of the NWT food production sector by providing support to producers of northern fish, meat and other food products for sale to consumers in the NWT by making investments that support:

- Community economic diversification
- Northern food production and processing
- Increasing local and regional agriculture and fishery participation and output
- Encouraging/supporting local and niche food production and marketing initiatives
- Increasing availability of NWT foods to NWT consumers

Eligibility

All NWT businesses, individuals, co-operatives, community based organizations and associations engaged in the local production of food.

Grant/Contribution

Contribution

Funding Available Per Applicant

Contributions are aimed at individual entrepreneurs or businesses where the benefits accrue primarily to the client but meet the overall goal of the Northern

Food Development Program. The maximum level of funding made available under the various sectors within food harvesting or production is dependent on the type of activity undertaken. The details are posted on the ITI website.

Application Process

Program delivery is managed by the NWTFF, through a Memorandum of Understanding with the Department of ITI. Commercial fishers apply to the NWTFF for funds.

Results Reporting – 2017-2018

A total of \$450,499 in contributions was provided in 2017-2018 through two program schedules:

1. Core Funding:

Funds assist in defraying a portion of the costs of administration for the NWTFF.

RESULTS:

Contributions supported the NWTFF in assisting the GNWT with the development of a commercial fish strategy, looking at developing a brand for fish caught on the Great Slave Lake and the hosting of its Annual General Meeting.

2. Industry Support Payments:

Assist commercial fishers with production and transportation costs of eligible species (White species of fish - Whitefish, Trout and Pike). The amount paid to commercial fishers is \$0.23/lb and is based on previous year's production.

3. Other Support

RESULTS:

See table 12.

TRADITIONAL ECONOMY - FURS

GENUINE MACKENZIE VALLEY FUR - FUR PRICE PROGRAM

Effective April 1, 2015, a number of grants and contribution program areas linked to, or part of, the broader incentive of encouraging and protecting the northern fur trapping economic sector were transferred from ITI to ENR, including:

- Genuine Mackenzie Valley Fur Program- service
- Fur Advance
- Prime Fur Bonus
- Grubstake
- Community Harvesters Assistance Program;
- Hunters and Trappers Disaster Compensation Program;
- Local Wildlife Committees;
- Take a Kid Trapping;
- Western Harvesters Assistance Program

The Fur Price Program grant and contribution budget is set at \$560,000 shared between ENR and ITI. ITI is allocated \$155,000 to conduct fur marketing activities and pay sales commissions paid out after every sale.

Purpose

The ITI portion of the Fur Price Program pays all sales commissions and handling fees for fur shipped to auction and related marketing costs.

Eligibility

Service providers must be specialized in marketing of international fur sales and marketing to international auction houses.

Application Process

Application form and guidelines for the NWT Film Rebate Program can be found on the NWT Film Commission website at: www.nwtfilm.com

Applications must be received by predetermined dates each year and funding distributed to those that meet the NWT Film Rebate Program criteria and provide the greatest benefit to the NWT.

Completed applications are evaluated by staff of the NWT Film Commission.

Successful applicants will be notified by the NWT Film Commission of the decision and provided with a written estimate of the pre-approved rebate, based on the information provided, along with a Contribution Agreement. The Contribution Agreement will outline the deliverables and requirements by the NWT Film Commission, which must be entered into by the applicant to receive funding under the NWT Film Rebate Program.

The NWT Film Commission reserves the right to exercise discretion throughout this process, including the evaluation of projects that realize significant benefits to the NWT.

Decisions by the NWT Film Commission are eligible to an appeal process. Appeals must be in writing and received by the ITI Assistant Deputy Minister of Economic Development no later than 30 days following the date that the applicant has received notification of the approving authority's decision.

Results Reporting

A total of four film project contributions were made in the 2017-2018 fiscal year, totaling \$108,400.

Program Manager

Tourism and Parks Division

Policy Authority

Established under authority of Minister of ITI

Application Process

This is an annual contribution approved through the GNWT business planning process.

Results Reporting

The following is a summary of the marketing activities that NWTT has undertaken during the 2017-2018 fiscal year.

Marketing Activity Update and Result Reporting

1. Consumer Direct Marketing

Consumer direct marketing includes the NWT travel guides, the NWTT website, social media, advertising, consumer shows and special events.

(i) Travel Guides

NWTT had 25,000 Explorers' guides printed and 8,500 lure pieces. The Explorers' Guides produced were initially distributed in January 2018 to a range of places including visitor information centres across Canada. The remainder will be used to distribute to potential visitors based on individual requests via the NWTT website and/or the toll-free number at the call centre. The lure pieces were distributed at trade shows and marketing events.

(ii) NWTT Website

The website is a critical tool in measuring the performance of NWTT's marketing effort. Website traffic is an objective measurement tool and can provide feedback on marketing activities instantly, particularly with regard to digital advertising.

Content marketing is proving very effective in increasing web traffic, and content was added regularly throughout the year. Stories accounted for 268,000 story page views in 2017-2018, compared to 188,871 in 2016-2017. This is an increase of almost 42 per cent. Content marketing, digital advertising, and social media platforms all worked together extremely well and each of them contributed to the overall success of the marketing efforts in this fiscal year.

(iii) Digital Consumer Advertising

NWTT placed numerous digital ad campaigns in 2017-2018. The main target markets for the campaigns were the Canadian and US markets. Ads this year focused on general awareness and fishing, with smaller digital buys featuring other sectors. Facebook ads continue to be the highest traffic drivers in digital advertising. Digital advertising including paid search drove 38 per cent of traffic to the website this year. NWTT partnered with Destination Canada in their angling campaign in the 2017-2018 fiscal year. The program is based in digital advertising, and NWTT created a number of digital ads for placement on websites selected by Destination Canada's agency. NWTT also hosted a fishing familiarization (FAM) tour which happened in the summer. The web traffic referred from digital ads in this program totaled just under \$11,000. The age group of 55-64 was the largest segment of traffic from this source, followed closely by the 45-54 age group.

(iv) Television Advertising

NWTT updated two new television commercials this year. One featured the aurora and the other featured the opening of the new highway to Tuktoyaktuk. NWTT purchased television advertising on CBC in the 2017-2018 fiscal year. This media buy included 30 second ads which were aired on various networks including CBC, Discovery, History, HGTV and others. The media buy coverage was also aired during the broadcast of the 2018 Pyeongchang Winter Olympics in Edmonton, Calgary and Vancouver.

(v) "Just a Bit Different" Integrated Marketing Campaign

The Just a Bit Different integrated marketing campaign was implemented from January through March 2018. The campaign had many components, including digital advertising, TV ads, advertorial, social media marketing, consumer shows and displays at airports. Digital ads were created and placed on various sites which aligned with our target audiences, including: Expedia, Travel & Leisure, Trip Advisor,

Amazon and others. NWTT also implemented paid search, primarily on Google. Social media drove another 17%. Organic Search was the largest traffic driver to the site this year, with almost 40% of traffic coming from this channel. It is difficult to attribute what causes people to search the web for tourism in the Northwest Territories as there is no direct link to what is driving this traffic to the site. However, there was a noticeable spike in traffic starting in January 2018 through to the end of March, which is when the integrated marketing campaign was in market.

(vi) Social Media

Social media is a key marketing channel used by NWTT to connect directly with potential visitors to the territory. Using data obtained from Facebook Insights, Twitter Analytics and Instagram, NWTT is able to see who their social media audience is and what content resonates with them. Results of social media marketing activity are measured in terms of follower growth (who is interested in NWTT content) and engagement (who is interacting with NWTT content).

(vii) Content Marketing

Social media followers grew across all channels in the 2017-2018 fiscal year. Facebook, by far the largest social media outlet in terms of visitor numbers and engagement, grew by over almost 3,000 followers in this fiscal year, ending the year with just under 70,000 followers. Note that just over 61% of Facebook followers are 35+. The total number of followers on all NWTT social media accounts is 106,000.

(viii) Consumer Show Program

The Consumer Show Program is an important component of the NWTT Marketing Plan. Attending consumer shows allows NWTT to increase the general awareness of the NWT as a travel destination in face-to-face encounters with the public. In addition, NWTT purchases a block of booth space at each show, and booth space is offered to tourism operators at a reduced rate. This partnership allows NWTT to make

a bigger impact at consumer shows than if NWTT attended alone, and it also enables tourism operators to sell trips to consumers right at the shows. A list of consumer shows NWTT attended in 2017-2018 can be found in Table 15.

(ix) Call Centre Update

The call centre provides an interactive service focused platform for potential visitors who are actively considering the destination and are seeking more information. NWTT staff assists potential travellers when they contact NWTT directly via its toll-free number or send information request via email. NWTT staff answers all enquiries and provides advice and information depending on what the potential traveller is interested in doing. NWTT staff handled a total of 301 phone calls and 291 emails requesting information.

2. Meeting and Incentive Travel (MCIT)

(i) Trade Shows

NWTT attended five MCIT trade shows in the fiscal year 2017-2018. The revenue results from completed conferences in 2017-2018 are presented in Table 14.

(II) Meeting and Incentive Travel Familiarization Tours and Conference Bureau

NWTT hosted seven convention bureau media familiarization (FAM) tours in 2017-2018 in relation to the responsibility of managing the Conference Bureau. This led to sales leads and Requests for Proposals bidding activity and the related results in follow up to all MCIT marketing and sales activities in 2017-2018.

Table 14: Results of Meetings and Incentive Sales

Name of Conference	Conference Dates	Status	Value
Revenue from Completed Conferences in 2015-2016			
Canadian Association for HIV Research	October 13-15, 2017	Event held	\$9,600

Show Name and Location	Date of Show
Toronto Outdoor Adventure and Travel Show, Toronto, ON	February 23-25, 2018
Vancouver Outdoor Adventure and Travel Show, Vancouver, BC	March 3-4, 2018
The Toronto Sportsman Show, Toronto, ON	March 14-18, 2018
Calgary Outdoor Adventure and Travel Show, Calgary, AB	March 24-25, 2018
Ottawa Travel and Vacation Show, Ottawa, ON	March 17-18, 2018

Trade Show Promotion

The travel trade is an important channel for NWTT's marketing activities in overseas markets. NWTT staff work closely with a variety of international travel trade companies who have offices in Canada to ensure they are up to date about information on the tourism product in the NWT.

NWTT partnered with Destination Canada on asset acquisition and promotions in China. NWTT attended Showcase Asian in Beijing, China from October 13 – 20, 2017.

In Australia, NWTT entered into co-op agreements with three travel trade businesses.

In Korea, NWTT partnered with the Destination Canada South Korea office on a feature in a magazine and a 42-page Korean language guide. A total of 10,000 copies of the guides were produced and made available at trade shows, and to travel media and travel trade partners.

GERMANY

Advertising

The NWTT General Sales Agent (GSA) for German-speaking Europe facilitated a number of cooperative ads focusing on NWT content in the 2017-2018 fiscal year, including two with Germany Travel Trade company CANUSA.

Sales Calls

The NWTT GSA made a total of 93 sales calls to German-speaking travel trade companies in person, by phone or through email in this fiscal year.

Travel Trade and Media FAMs

NWTT's GSA led on arranging a media and travel trade FAM trip to the Western Arctic in March, 2018. There is tremendous interest in German-speaking Europe for the new highway to Tuktoyaktuk, in both travel media and travel trade.

JAPAN

Advertising and Promotion

The NWTT GSA in Japan works closely with Destination Canada (Japan) and the other members of Team Canada Japan to coordinate marketing activities with key trade accounts as part of the Canada Theatre program.

The content based marketing promotion focuses on developing key stories and experiences that will encourage the Japanese tour wholesalers to develop new itineraries with the intent of generating more interest in travel to Canada.

Trade Shows

NWTT participated in five trade shows in 2017-2018 including: Rendez-vous Canada, Focus Japan, Showcase Canada Asia, ITB Berlin and the South Korean trade show Modetour

Trade Familiarization Initiatives

NWTT hosted a total of 5 trade FAMs in the 2016-2017 fiscal year. Trade FAMs were hosted for each international target market of NWTT.

Regional Marketing

The 2017-2018 regional marketing budget includes \$250,000 that is set aside for the five regions (\$50,000 each).

- The Beaufort Delta Region participated in a variety of activities including paid advertising, support for the Western Arctic website, and attendance at consumer shows. The Western Arctic was featured in the Yukon Visitor Guide, Town of Inuvik Guide and Dawson City Guide. Advertising was also purchased in Motorcycle Mojo in order to capture the interest of this audience for the new highway to Tuktoyaktuk.
- The Sahtu Region activities included promoting the Canol Trail with advertising and editorial content in Up Here magazine. Paddling operators in the region were supported through the production of consumer show collateral, giving a unified Sahtu presence at the show for all paddlers offering trips in this area. Consumer shows were offered to operators at a subsidized rate. Banner ads and social media boosted posts were utilized to drive traffic to the consumer shows attended by the paddlers. A Wild Sheep Magazine story was produced. This initiative was part of the Destination Canada National Hunting Program. The Sahtu region supported a new tourism operator (Canol Outfitters) to attend Safari Club International's Annual Hunters' Convention in Las Vegas.

- In the Dehcho Region, a video was created and a mini-campaign was launched. Two shorter videos and two stories were created, and all of these assets were used in a mini-campaign advertising the Dehcho as a tourist destination. Dehcho staff attended the Edmonton RV Show for consumer engagements. A stand-up banner was completed for use in trade shows.
- The North Slave Region supported the development of a video by Shopify to help the marketing efforts of the Tlicho online store. Photography was gathered from Wekweètì to help promote this community to future tourists. In Łutselk'e, a photo shoot was conducted, and a story was developed and posted which promotes the community as the future entrance to Thaidene Nene National Park. Signage was developed and produced for the Snowking Festival in English, simplified Chinese, Korean, Japanese and French. The Be a Tourist in Your Own Town event was supported. Winners of the YK Festivals contest claimed their prize, snowmobiling to Hearne Lake.
- In the South Slave Region, a photo/video shoot was completed, and assets were uploaded to the NWTT database and shared with NWT Parks, ITIHQ and ITI South Slave. The South Slave Region attended the Edmonton RV Show and implemented the numbered NWT Parks camping vouchers to track attendance at the show to actual stays in NWT campgrounds. Trade Show promotional items were produced to support consumer show attendance. Map pads, and community-focused collateral were developed. A video was produced from footage acquired in the previous fiscal year, to be shown at trade shows. A photographer was provided to capture images of the Arctic Winter Games for use by the region. Ads were produced and placed in the Milepost, promoting the driving route in the South Slave.

Special Marketing Initiatives

The following special marketing initiatives were undertaken in the 2017-2018 fiscal year:

- Aurora Love video shoot was completed in Japan and in Yellowknife;
- Destination Canada angling program;
- Two episodes were filmed for PowerBoat TV to highlight boating opportunities in the NWT.

COMMUNITY TOURISM INFRASTRUCTURE CONTRIBUTION

Purpose

The Community Tourism Infrastructure Contribution (CTIC) Program funds community governments and non-government organizations for new and innovative infrastructure projects. Projects must support tourism in communities and should promote nearby parks and natural attractions.

Eligibility

Capital projects that increase tourism in communities. Capital costs are defined as:

- One-time project costs;
- Communications infrastructure projects that enhance current tourism products or attractions;
- Development of innovative information technology tourism products or services; and
- Planning studies or site development for future capital projects if applicants can demonstrate that future resources are available for project completion.

Application Process

Application form and guidelines for the Community Tourism Infrastructure Contribution (CTIC) Program can be found on the ITI website under Programs and Services and are available at any ITI Regional Office or ITI Headquarters Office in Yellowknife. Applications must be received by certain predetermined dates each year and funding will be distributed to those projects which provide the greatest benefit to the NWT and meet the program criteria, until funding limits are reached.

Completed applications are delivered to ITI Regional Offices or ITI Headquarters Office in Yellowknife, who administer and make recommendations for approval.

To be a successful applicant, the following criteria had to be met:

- Projects must align with the community tourism plan where applicable. If there is no community tourism plan in place, the applicant must demonstrate that they have support from the community; and
- The project must provide positive tourism benefits to the community and surrounding area.

Successful proposals must also demonstrate:

- The organization operates on a non-profit basis and works to benefit the tourism industry and local economy of the community;
- The project will increase the attraction of the community to visitors;
- The project enhances partnerships between non-government community groups and the private sector tourism industry;
- There are resources available for any operations and maintenance costs related to the project; and
- If it is a multi-year project, future resources can be leveraged from other sources.

Results Reporting

The CTIC Program funded nine successful applications, resulting in a total distribution of \$515,000.

The breakdown by project is shown in Table 16:

Table 16: Community Tourism Infrastructure Allocation By Client

Client	Purpose	Amount

TOURISM SKILLS DEVELOPMENT FUND

Purpose

The skills development fund administers contributions under three program areas:

- Tourism Training Fund
- Business Mentorship
- Youth Mentorship

The purposes of the Tourism Training Fund are to:

- Fund short-term training (less than 12 weeks), which will advance and enhance the NWTT industry workers, groups and collectives of workers' capacity to obtain or create employment;
- Provide prospective NWT employers with a better trained tourism labour force;
- Enable NWT youth to acquire skills for employability in the tourism industry;
- Support young and/or inexperienced tourism entrepreneurs towards greater profitability and sustainability.

Eligibility

- Tourism Business Mentorship – Training or mentoring for businesses or individuals engaged in

or employed in the tourism industry in the NWT. This fund is administered by the Canadian Executive Services Organization.

- Training Fund - Training must be short, formal courses or workshops, and could be via distance education such as correspondence courses, internet or teleconferencing.
- NWT Youth Fund - NWT youth interested in gaining more knowledge of the tourism industry or in being employed in the tourism industry.

Application Process

Application forms and guidelines for all programs can be found on the ITI website and are available at any ITI regional office or the Headquarters Office in Yellowknife. Applications for the Tourism Training Fund will be accepted at any time, but must be submitted prior to the training start date. Applications will be assessed monthly. Applications for Tourism

Business Mentorship and for Youth Mentorship are accepted once a year according to a calendar deadline. Completed applications are delivered to ITI's Regional Offices or Headquarters in Yellowknife, who make recommendations for approval.

A business or group who applies for funding must demonstrate that the training falls within the eligibility requirements and that the funding is intended to train more than one staff by a certified instructor. Funding for individuals is intended to support training of single individuals in a set of skills.

Results Reporting

The Program provided additional support for the NWTT industry and its operators, and helped provide services from well-trained individuals in their operations.

The following is the priority list for funding consideration:

- Valid Tourism Operator License holders,
- Non-government Visitor Information Centre,
- Accommodations sector, and
- Individuals, businesses, collectives, not-for-profit tourism associations or organizations engaged in the tourism sector.

For the 2017-2018 fiscal year, a total contribution assistance of \$39,631 was provided.

TOURISM 2020: OPENING OUR SPECTACULAR HOME TO THE WORLD

Background to the Tourism 2020 Strategy: Opening Our Spectacular Home to the World.

Tourism 2020 builds on the lessons learned and the successes of Tourism 2015, the predecessor to the current plan presented in this document.

Through Tourism 2020, the GNWT and its partners will invest in five key program areas:

1. Visitor Attraction and Experience,
2. Aboriginal Cultural Tourism,
3. Community Tourism Development,
4. Skills Development, and
5. Tourism Research.

Each program area has specific goals and objectives. The GNWT will also be actively seeking partnerships with other agencies, governments and businesses to develop the potential of our industry, and will work to leverage additional funds to support individuals, businesses, organizations and communities in all regions to continue to expand, improve and grow tourism. Partnership is a cornerstone of Tourism 2020 and, through partnerships and leveraged investments, overall goals are results-focused, realistic and achievable.

The overall goal is to increase the value of the industry to \$207 million annually by 2021, which represents growth of 35% between 2016-2017 and 2020-2021.

Goals of the Tourism 2020 Strategy are connected to the five key program areas:

- Visitor Attraction and Experience
 - o Increase: visitor volume, visitor spending, number and diversity of tourism products, number of market and export ready tourism operators
 - o Provide an excellent visitor experience
- Aboriginal Cultural Tourism
 - o Strengthen Aboriginal cultural tourism capacity
 - o Respectful sharing of Aboriginal culture
 - o Preservation of culture and heritage
- Community Tourism Development
 - o Increase tourism awareness and development at the community level

- Skills Development
 - o A sustainable, professional, skilled and trained workforce
- Tourism Research and Planning
 - o Conduct research to support programs and monitor trends and impacts

Purpose of Contributions of Various Initiatives

In addition to maintaining policy-backed tourism and parks contribution programs, the Strategy was further supported by other programs directly and indirectly available to the industry that are offered by the Department, the NWT BDIC, CanNor, and NWTT.

Eligibility

Contributions are open to applications from strategic private sector partners or NWT organizations involved in planning, delivery and/or funding and support for one or more of the five broad strategic program areas set out under the Tourism Strategy Implementation Plan.

- Marketing
- Aboriginal Tourism
- Infrastructure
- Skills Development
- Research and Planning

Grant/Contribution

Funding is provided through a Contribution Agreement

Maximum Amount per Applicant

The maximum amount allocated per applicant varies based on the initiative.

Program Budget

Specific funding of \$400,000 was included in ITI's 2017-2018 Business Plan for the implementation of initiatives addressing recommended actions included in the Strategy.

Annual allocations are determined through ITI's appropriation and expenditures.

Program Managers

Director of Tourism and Parks, Directorate, and ITI Regional Superintendents

Policy Authority

Established under authority of Minister of ITI

Application Process

Funding is through application to the one of the Program Managers or Regional Superintendents.

MINERAL AND PETROLEUM RESOURCES

MINERAL RESOURCES

MINERAL DEVELOPMENT STRATEGY AND IMPLEMENTATION PLAN AND VARIOUS INITIATIVES

Purpose

To provide funding for initiatives which contribute to ensuring the continued growth of the mineral resource industry by either working with industry and making improvements to the NWT regulatory environment, by enhancing Aboriginal engagement and capacity and/or by creating a competitive edge.

Eligibility

Contributions are open to applications from strategic partners and stakeholders in the mineral sector and support one or more of the strategic pillars set out under the Mineral Development Strategy (MDS) Implementation Plan:

- Creating A Competitive Edge
- Establishing A New Regulatory Environment
- Enhancing Aboriginal Engagement and Capacity
- Promoting Sustainability
- Enriching Workforce Development and Public Awareness

Grant/Contribution

Funding is provided through a Contribution Agreement

Maximum Amount Available Per Applicant

The maximum amount allocated per applicant varies based on the initiative.

Program Budget

Annual allocations are determined through Department of ITI's appropriation and expenditures. The 2017-2018 budget is \$100,000 for Aboriginal Capacity Building and \$30,000 for the Chamber of Mines.

Program Manager

Directors of the Mineral and Petroleum Resources Divisions or the NWT Geological Survey; in addition the Manager of Client Service and Community Relations Unit for the Aboriginal Mineral Development Strategy support programs.

Policy Authority

Established under authority of the Minister of ITI through the Financial Management Board.

Application Process

Funding is through application to the one of the Program Managers.

Results Reporting

Results of the various initiatives funded are reported by the recipient to the Department of ITI and from the Department through Main Estimates, the annual Grants and Contributions Results Report and may also be included in the annual updating of the MDS Implementation Plan.

Initiatives funded in 2017-2018 fiscal year in support of the MDS and independent of an established Contribution Policy are listed in Table 21.

MINING INCENTIVE PROGRAM

Purpose

To provide funding to prospectors and exploration companies working in the NWT. The Mining Incentive Program (MIP) is intended to stimulate and sustain mineral exploration activities throughout the NWT and reduce the risk associated with grassroots mineral exploration. Exploration is vital to find new discoveries that result in producing mines that provide economic benefits to NWT residents.

Eligibility

Applicants must be individual prospectors or exploration companies, licensed to operate in the NWT, who propose new exploration projects or are already carrying out NWT mineral exploration work.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Prospectors may apply for up to \$25,000 in funding
Mineral exploration companies may apply for up to \$200,000 in funding (up to 50 percent of eligible expenses)

Program Budget

\$1,000,000 for the 2017-2018 fiscal year

Program Manager

Northwest Territories Geological Survey (NTGS)

Policy Authority

Established under the authority of the Minister of ITI

Application Process

Application forms and guidelines for the MIP can be found on the ITI and NTGS websites and are also available at any ITI regional office or the NTGS office in Yellowknife.

All submitted applications are delivered to the Program Manager. The MIP regularly receives more applications than it can fund.

An experienced evaluation committee reviews each proposal and decides how funding will be distributed based on ranking criteria to assess the quality of the applications and the merits of the proposed mineral exploration activities. The committee strikes a balance between the amount of funding awarded to successful applicants and the total number of proposals funded. This balance is important in helping to maximize the overall impact of the MIP.

Results Reporting

Successful applicants are required to submit an interim report in October and a final report in early April of the following year. In addition, the Program Manager requests financial information for subsequent years of the project regardless of whether MIP funding is received or not. This allows the longer-term impact of MIP funding to be assessed.

Successful MIP applicants for the 2017-2018 fiscal year are listed in Table 22.

NWT GEOLOGICAL SURVEY

VARIOUS CONTRIBUTIONS TO SCIENTIFIC RESEARCH

Purpose

NTGS negotiates contributions with various universities to carry out research that mainly addresses NWT geoscience knowledge deficits, mineral and petroleum endowments and potential, and permafrost and landscape changes. This research strategy significantly leverages the expertise, capacity, and scientific productivity of the NTGS.

Eligibility

Researchers and students are invited and scientific program is negotiated.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Typically between \$10,000 - \$75,000 depending on applicant proposal.

Program Budget

Research plans and budgets are set in conjunction with planning the NTGS scientific program for each budget year.

Program Manager

Northwest Territories Geological Survey

Policy Authority

Established under the authority of the Minister of ITI

Application Process

Qualified researchers are invited based on a match between NTGS needs and the scientific expertise of the researcher or research institution.

Results Reporting

Results of the various initiatives funded are reported by the recipient to the Department of ITI and to the NTGS and may also be included in the annual updating of the MDS Implementation Plan. Scientific findings are regularly published as technical reports through the NTGS geoscientific publication process.

Initiatives funded during the 2017-2018 fiscal year in support of the MDS strategic pillars or themes of 'Creating a Competitive Edge' and 'Promoting Sustainability' are listed in Table 23.

Table 23: Expenditures and Results

Program Detail	Description	Total
Mineral Petroleum Resources - Various	In support of MDS pillars 'Creating a Competitive Edge' and 'Promoting Sustainability,' contributions were made to support research in the following areas: Kimberlites (the host rock for diamond deposits), Bedrock Mapping, Slave Province Surficial Project, Petroleum, and Permafrost.	\$486,600 and an additional \$35,000 funded by the Department of Infrastructure.

DIAMONDS, ROYALTIES AND FINANCIAL ANALYSIS

CONTRIBUTION TO SUPPORT THE 2021 INTERNATIONAL KIMBERLITE CONFERENCE

Purpose

The GNWT was successful in its bid for the International Kimberlite Conference (IKC) to be held in Yellowknife in 2021. The conference brings together geoscientists from the academic, exploration, and mining communities to share their knowledge, stimulate scientific debate and to further understanding of the geology of kimberlites, diamonds and related subjects. The conference will include oral and poster technical sessions as well as field trips. The conference program maximizes the opportunity for delegates to network with the kimberlite and diamond community.

Eligibility

Funding is limited to the 12th IKC Society.

Grant/Contribution

Contribution

Maximum Amount Available Per Applicant

Determined by operational requirements. Not expected to exceed \$10,000 in fiscal 2018-2019.

Program Budget

Funding for this project is from within the existing operating budget.

Program Manager

Diamonds, Royalties and Financial Analysis

Policy Authority

Established under the authority of the Minister of ITI

Application Process

Contributions are made to the 12th IKC Society.

Results Reporting

Expenditures covered legal expenses, event planning and promotion totaling \$39,000. The expected result of the conference is to attract between 300-500 delegates as well as accompanying guests to Yellowknife. A major aspect of all IKCs is the combination of formal technical presentations and field excursions to key mines and geological deposits important to the host region. Visits to the latter typically provide material for research to be presented at subsequent conferences further promoting industry in the Northwest territories. 12IKC is estimated to have an economic impact in the NWT in excess of \$1 million.
