

Environmental Rights Act

Annual Report

2019-2020

The *Environmental Rights Act* establishes rights in respect of the environment and the means for protection of the environment for all residents of the Northwest Territories.

Section 19 requires the Minister to table a report to the Legislative Assembly as soon as possible after the end of each year, describing:

- all applications for investigations made under section 8;
- all prosecutions commenced under subsection 12(1);
- all actions commenced under subsection 13(1);
- the disposition of any money received under subparagraph 13(5)(c)(ii); and
- all convictions for offences under subsection 15(1).

This report covers the year 2019-2020.

No applications for investigations, prosecutions, or actions as detailed in the *Environmental Rights Act* were undertaken. Therefore, there was no disposition of money or convictions for offences.
