ESTABLISHMENT OF THE BDIC

The NWT Business Development and Investment Corporation (BDIC) was established as a crown corporation on April 1, 2005 with a mandate to provide economic programs and services on behalf of the Government of the Northwest Territories (GNWT).

THE BDIC ACT

The purpose of the BDIC is to support the economic objectives of the Government of the Northwest Territories in a manner that benefits the people and the economy of the Northwest Territories, by:

- (a) encouraging the creation and development of business enterprises;
- (b) providing financial assistance to business enterprises, either on its own or as a complement to private sector or other financing;
- (c) directly investing in business enterprises; and
- (d) providing information to business enterprises and members of the public respecting:
 - (i) the establishment and operation of businesses, and
 - (ii) other business matters.

VISION

The BDIC's vision is to be an accountable Crown corporation providing resources for the economic development of the Northwest Territories.

MISSION

The BDIC's mission is to support the NWT economy by encouraging the creation and development of businesses in communities.

PROGRAMS & SERVICES

The BDIC's investment in northern business is a cornerstone of the GNWT's economic development strategy. It directly supports small to medium business development and provides resources to expand the business knowledge and capacity of NWT business owners. The BDIC offers programs and services to all 33 communities in the NWT with a special focus on level two communities (all communities other than Yellowknife, Inuvik, Hay River and Fort Smith) which represent 32% (based on Bureau of Statistics population estimate of July 2014) of the NWT population. This investment accounts for 42% of the BDIC's approved funding for the year.

The BDIC currently offers the following programs and services:

- Credit Facilities
- Venture Investment Program
- Business Development Project Fund (BDPF)
- Subsidiary Program
- Business Support Services

Credit Facilities

The Credit Facilities Program is a debt financing program. Under this program, a maximum of \$2 million of combined credit and venture investment funding is available to an approved business. The BDIC provides the following under its Credit Facilities Program:

- Term, winter and summer resupply and seasonal production loans
- Standby letters of credit
- Working capital guarantees

The BDIC's Credit Facilities Program portfolio totalled approximately \$51 million including \$8 million in loans approved during 2014/2015.

Venture Investment Program

The Venture Investment Program is an equity financing program in which the BDIC invests in a client's company in return for preferred shares. The client pays dividends to the BDIC and buys back the preferred shares over time. Funding under this program is tied to the number of jobs created or maintained by the business.

The BDIC is revising its Venture Investment Program to be more innovative and tailor more to new, existing and small northern business needs. Revisions include new technology, manufacturing and production processes, equipment, and retooling.

The BDIC's Venture Investment Program portfolio totalled \$672,000 in 2014/2015.

Business Development Project Fund (BDPF)

The BDIC offers BDPF funding to businesses, arts and crafts persons and harvesters. The BDPF is available for start-up and expansion projects including feasibility assessments, product development, preparation of marketing and business plans, and pilot projects. Approved businesses are eligible, over a five year period, for up to \$10,000 in level one communities (Yellowknife, Inuvik, Hay River and Fort Smith) or \$20,000 in level two communities.

As part of the BDPF, businesses are supported with **aftercare funding** which is available for business software, training and education fees, and succession planning. Businesses in level one communities are eligible for \$2,500 in aftercare funding over the life of the business and businesses in level two communities are eligible for \$5,000.

In 2014/2015, the BDPF program was oversubscribed with the BDIC approving approximately \$318,000 in BDPF funding.

Subsidiary Program

The BDIC owns a number of companies (subsidiaries) located in level two communities (except for Arctic Canada Trading Company Ltd.). These companies provide economic opportunities and employment to the local community. The BDIC provides centralized general operational, accounting and marketing support. The BDIC currently operates the following seven subsidiaries across the Northwest Territories:

- Acho Dene Native Crafts Ltd.
- Arctic Canada Trading Company Ltd.
- Dene Fur Clouds Ltd.
- 913044 NWT Ltd. o/a Fort McPherson Tent and Canvas
- 5983 NWT Ltd. o/a Ulukhaktok Arts Centre
- Aklavik and Tuktoyaktuk Furs Ltd.
- 6355 NWT Ltd. (Muskox)

Four of the BDIC's subsidiaries are involved in traditional fine arts and crafts and the use of traditional materials, all of which support the local communities. The subsidiaries deal with markedly different product lines and are located in different and unique NWT regions. The BDIC, through the Arctic Canada Trading Company Ltd. subsidiary, markets the unique beauty and character of northern

arts and crafts in Canada and Alaska with outlets in every province and territory. Each subsidiary and their products are promoted through branding, advertising and distribution online, e-commerce and promotional videos in addition to brochures, sales, and attendance at tradeshow.

Under the Subsidiary Program, \$100,000 per direct job created or maintained is available as an initial investment for the business. An additional \$25,000 per direct job is available as well as an annual operating subsidy. The lower of \$250,000 or 25% of the amount initially invested is available as a subsequent investment.

In 2014/2015, the BDIC's subsidiaries maintained 14 direct employment positions and supported over 124 cottage craft producers. The BDIC provided approximately \$640,000 in annual subsidies.

Business Support Services

The BDIC provides business support services to new and existing clients through Canada Business NWT (CBNWT). CBNWT is part of the Canada Business Network, a network of business service centres across Canada assisting clients to start and grow their businesses. CBNWT operates in partnership with the BDIC and Canadian Northern Economic Development Agency. Its mission is to contribute to economic growth by ensuring business people across the NWT have access to accurate, timely and relevant business information through a convenient single access point. The CBNWT also partners with Community Futures Development Corporations (CFDCs) across the NWT to offer regional access points for businesses. There is at least one access point located in each region of the NWT offering computer, internet access and business resources for clients.

Business services available to NWT residents include:

- Business resource library that is available online so that clients from any community can order a book/business resource and have it mailed to them
- 1-800 number that NWT clients can call to get business information specific to their region
- How to start a business in the NWT – an online guide to starting a business in the NWT
- CanadaBusiness.ca – content created and managed by CBNWT specifically for NWT residents
- Video and web conference business learning sessions available online and through CFDCs
- Services such as administration services and business planning resources available in person through the BDIC, CFDCs and partner organizations
- Coordination of Small Business Week events

BUDGET SUMMARY

The BDIC's budget is comprised of two separate funds, the Contribution Fund and the Loans and Investment Fund.

Contribution Fund

The Contribution Fund is funded through the GNWT, the Canadian Northern Economic Development Agency (CanNor), and through investment income. It is administered through four separate funds:

- **Subsidy Fund** - provides subsidies to BDIC subsidiaries and BDPF contribution funds to northern businesses
- **Capital Fund** - provides start-up costs for new subsidiaries
- **Capital Reserve Fund** - provides capital funds for repairs to existing subsidiaries
- **General Operating Fund** - provides operating costs for the BDIC's delivery of programs and services including the CBNWT Centre.

For 2015/2016, the BDIC forecasts revenues of \$4,026,000 to the Contribution Fund. Of this amount, \$3,789,000 would be funded from the GNWT, \$97,000 from CanNor to co-fund the CBNWT Centre, and \$140,000 in interest income.

Loan and Investment Fund

The Loan and Investment Fund is funded through client loan repayments, client venture payments and/or GNWT loans. The Loan and Investment Fund is administered through two funds:

- **Loan Fund** - provides loan capital to northern businesses
- **Venture Investment Fund** - provides equity investment to northern businesses

For 2015/2016, the BDIC forecasts dividends and redemptions of \$12,000 to its Venture Investment Fund and loan repayments of \$6,800,000 with disbursements of \$4,700,000 from the Loan Fund.

10 YEAR ANNIVERSARY HIGHLIGHTS

On March 31, 2015 the BDIC completed 10 years of serving NWT businesses. In its first decade of operations, the BDIC has served thousands of businesspeople and approved over \$70 million in financial assistance.

- More than 400 businesses provided with financial assistance
- Created or maintained over 630 subsidiary and venture investment jobs
- More than \$13.8 million paid in salary to subsidiary and venture investment employees
- Supported over 100 cottage arts and craft producers through the subsidiary program in 2013/2014
- Expanded subsidiary points of sale to over 50 galleries and gift shops across Canada
- Increased BDPF program uptake tenfold
- Increased assistance to remote NWT communities
- In 2014/2015, the BDIC approved more BDPF applications than ever before. Over the past 10 years, more than 200 clients have been approved for BDPF funding totaling over \$1.6 million. On average, BDPF applications are processed in under five working days.

Approved BDPF Applications

- Pioneered video and web conferencing delivery and hosted business learning seminars for over 1,000 participants Implemented The Exceptional Assistant (TEA) loan management system
- Partnered with the NWT Literacy Council to assist with micro-business courses in remote NWT communities
- Expanded subsidiary points of sale to over 50 galleries and gift shops across Canada
- The BDIC has worked to steadily improve its lending practices and increase the health of its loan portfolio. Since 2005, the BDIC has reduced its loan loss provision by more than one quarter, bringing it to under 15% of the BDIC's total portfolio and in line with similar economic development organizations.
