Oral Question 875-17(5): 2015 NGO Stabilization Funding

During the June 4, 2015 sitting of the Legislative Assembly, I committed to providing an update concerning the advertised application timelines for the NGO Stabilization Fund.

The advertised application deadline for the NGO stabilization fund was extended from June 19, 2015 to June 25, 2015 giving applicants the required three week application window. These changes were reflected on the Municipal and Community Affairs website and print advertisements.

Thank you for raising this important topic. Ensuring the process is fair and complies with the provisions outlined in the policy is important for the successful implementation of the NGO Stabilization Fund.
