Minister's Message
2012/13 Community Futures Annual Report

The Department of Industry, Tourism and Investment is committed to growing businesses and strengthening economies in all communities of the Northwest Territories (NWT).

Stimulating entrepreneurship at the community level is an intrinsic element of this – and the NWT's network of Community Futures Development Corporations provide leadership to help residents adapt to a constantly evolving business environment.

Community Futures Development Corporations provide a diverse range of services to our territorial entrepreneurs, including small business financing, business training and spearheading local partnerships. This work is helping to create a diversified economy that provides all communities with opportunities and choices, a goal of this government.

On behalf of the Government of Northwest Territories, I want to thank the Community Futures Development Corporation board and staff members who volunteer their time, energy and hard work to help build a brighter future for our residents.

The Honourable David Ramsay

INTRODUCTION

This 2012/13 Annual Report provides performance data regarding the seven Community Futures Development Corporations (CFDCs) in the Northwest Territories (NWT). The Government of the Northwest Territories (GNWT), through the Department of Industry, Tourism and Investment (ITI) Community Futures Program, currently funds six of the seven CFDCs currently operating in the NWT.

ITI views this program as important to its economic development efforts and supports CFDCs through:

- Year-to-year contribution funding for operations;
- Non-repayable investment fund capital;
- Access to low cost capital via the NWT Business Development and Investment Corporation (BDIC).

The corporations operate independently of government as community-based, non-profit organizations overseen by a volunteer Board of Directors drawn from the communities served by their respective organizations.

Program Highlights – 2012/13

- CFDCs operate in all 33 communities in the NWT and directly employ 11 people. CFDCs rely on the skills and judgement of their employees and 37 community based volunteer board members.
- The activity of the CFDCs created and/or maintained 195 full-time and 70 part-time jobs in the NWT in the 2012/13 fiscal year.
- CFDCs granted 122 loans totalling \$5.01 million during the 2012/13 fiscal year. In 2011/2012 they granted 122 loans totalling \$3.86 million. The average size of each loan in 2012/13 was \$41,029, compared to \$31,603 in 2011/2012.
- Of the total loan disbursements, just over \$2.08 million was disbursed in Level 2 communities (see page eight) in fiscal 2012/13; in 2011/2012 that total was \$1.51 million.
- Overall, CFDCs held a total loan portfolio balance of \$10.31 million, an increase of \$980,609 from the 2011/2012 balance of \$9.33 million.
- Total program funding provided by ITI to CFDCs was \$1.32 million in 2012/13.
- The total low cost loan capital provided by BDIC to CFDCs was \$1.36 million compared to \$1.22 million in 2011/12.
- Since their inception, CFDCs have been provided \$6.23 million in non-repayable capital funding and the GNWT has contributed \$3.73 million of that total.

Total Value of Loans Portfolio by Year

As noted in the highlights, the CFDC loan portfolio balance totals \$10.31 million. This represents a significant amount in terms of small business borrowings in the NWT and is testament to the enthusiasm and hard work of the Board members and staff of these organizations, as well as to the dynamic efforts of NWT entrepreneurs.

PROGRAM DESCRIPTION

The mandate of each CFDC is to support community and business development through the creation and expansion of small and medium sized enterprises and the creation and maintenance of employment opportunities in NWT communities. CFDCs provide some or all of the following services:

- Term loans and loan guarantees;
- Lines of credit;
- Letters of credit;
- Business planning and assistance;
- Information and training for entrepreneurs via regional workshops;
- Management training, monitoring and after-care;
- Access to business information and the Canada Business-NWT Service Centres;
- Access to state-of-the-art video conferencing technology; and
- Delivery of the Self-Employment Option Program.* This is a Human Resources Development Canada program delivered by the GNWT Department of Education, Culture and Employment (ECE).

CFDCs also have the flexibility to set their own priorities for economic development in their respective regions. This may include programs specific to the businesses in their regions, as well as special interest group initiatives such as targeted support for Aboriginal entrepreneurs, youth entrepreneurs and women in business.

A CFDC loan can be as large as \$200,000. Investment and loan funds administered by these corporations are designed to complement conventional funding provided by other financial institutions, the Business Development Bank of Canada or other territorial and federal funding programs.

Finally, and perhaps most importantly, CFDCs are staffed by employees trained in the field of community economic development. They are a valuable resource to prospective entrepreneurs, seasoned managers looking for that extra edge and local leaders seeking help in determining the future direction their community will take. CFDC employees make varied and invaluable contributions to the NWT economy.

* The Self-Employment Options Program allows eligible individuals to continue receiving Employment Insurance while starting and establishing a small business.

PROGRAM BACKGROUND

The Community Futures Program was established in 1985 by Employment and Immigration Canada, now Employment and Social Development Canada (ESDC), which was responsible for the establishment of CFDCs throughout rural Canada. The program was part of a major effort by the Government of Canada to provide financial assistance in areas experiencing significant hardship due to loss of industry.

In the NWT, the program started in 1987 in response to the closure of the Pine Point mine with the formation of the Hay River and Area Community Futures Society. This is now known as the Southwest Territorial Business Development Corporation. A second program was formed in Inuvik in 1988 following the closure of the military base there and a downturn in oil and gas activity.

In 1994, Human Resources and Skills Development (HRSD) entered into negotiations to transfer the program to regional economic development agencies across Canada. In the NWT, where no federal economic development agency existed, the program was transferred to the GNWT. It is now administered by ITI.

At the time of the transfer, four CFDCs operated in the NWT. The transfer agreement provided annual funding of approximately \$900,000, of which \$819,000 was operational funding for the four CFDCs, with the remainder of the funding used for a community futures consultant.

On April 1, 1999, the Territory of Nunavut was formed. Two of the four CFDCs were located in Nunavut and this resulted in an annual funding decrease for the NWT Community Futures Program budget of approximately \$400,000.

Since 2000, the GNWT has funded the addition of five new community futures organizations. There are now seven CFDCs operating in the NWT and all 33 NWT communities now have access to the program. The seven organizations are:

Akaiicho Business Development Corporation	ABDC	Yellowknife
Dogrib Area Community Futures	DACF	Whati
Deh Cho Business Development Centre	DBDC	Fort Simpson
Sahtu Business Development Centre	SBDC	Norman Wells
Southwest Territorial Business Development Corporation	SWTBDC	Hay River
Thebacha Business Development Centre	TBDC	Fort Smith
Western Arctic Business Development Corporation	WABDC	Inuvik

Despite major challenges — high operating costs, limited operational and capital resources, the isolation of NWT communities and a shortage of qualified workers — CFDCs in the NWT have been remarkably successful in meeting the needs of small business. The GNWT considers them as a vital component in the economic development of the territory.

LOCAL INVOLVEMENT – Serving the Community

CFDCs are overseen by a volunteer Board of Directors. The members are drawn from the communities served by the respective corporation. CFDCs expend considerable resources in the training, guidance and assistance of local entrepreneurs and community leaders.

Board Member and Staffing Contingents

REGION	CFDC	BOARD MEMBERS	STAFF	# COMMUNITIES SERVED	POPULATION SERVED ¹
DEHCHO	DEHCHO	8	2	6	2,207

TOTAL		37	11	33	43,403

Thirty-seven (37), of a possible forty-two (42) board members were actively involved with CFDCs in 2012/13.

Notes from table:

- 1 Population statistics are drawn from the Annual Population Estimates, NWT Bureau of Statistics. Numbers listed do not include communities with a population of 50 or less or unorganized areas.
- 2 Western Arctic: One staff position was vacant as of March 31, 2013, however the position is normally filled.
- 3 Akaitcho: This Community Futures Development Corporation actually serves three communities. However, N'dilo is not listed separately from Yellowknife by the NWT Bureau of Statistics for the purposes of the population estimates (see also Page 11).
- 4 Dogrib: Staff positions were vacant as of March 31, 2013.
- 5 Sahtu: Three board positions were vacant as of March 31, 2013.
- 6 Southwest Territorial: One board position was vacant as of March 31, 2013.

LOAN ACTIVITY – Number and Value of Loans Approved

Economic development is a dynamic and evolving field of work. Demand for loan financing varies and not all loan applications are approved. All lenders, including those at CFDCs, must exercise prudent decision-making and good judgement.

LOAN ACTIVITY – Some Comparatives

In 2012/13, the seven NWT CFDCs made 122 loans with a disbursement value of \$5.01 million. The table below shows how these numbers compare to the rest of Canada (excluding Quebec and Yukon).

2012/13	Average # of loans per operating CFDC	Average value of loans per operating CFDC
NWT	17.43	\$ 715,074
Canada	21.57	\$ 1,050,407

NWT	3.04	\$ 124,733
Canada	0.40	\$ 19,618

IMPACT ON COMMUNITIES – Loan Activity by Community Level

One objective of the Community Futures Program is to encourage increased business development in rural and remote communities. It does this by providing small business loans to small and medium sized enterprises. These funds may also be used to leverage other financing. The current and cumulative impacts of the CFDCs in the NWT are as substantial as they are positive.

ITI policy classifies the economic activity and potential of NWT communities into two levels:

Level 1 Communities

- These are the most developed communities in the NWT and are characterized by well-developed community business infrastructure and air/road transportation links.
- Includes the communities of Fort Smith, Hay River, Inuvik and Yellowknife.

Level 2 Communities

- These are communities with less-developed business infrastructure and air/road transportation links.
- Includes all NWT communities not listed as Level 1.
