"This looks like a really creepy place," thought Joe, feeling a bit scared. Joe was a cop who worked for the Water Ville Police Department,

There were plenty of holes in the ground and the ceiling was filled with cob webs. The windows were cracked with wind blowing through and there was a tree banging on the window.

Four creepy floors could be seen on the bottom of the house. Just then the door slammed. There was a chill down Joe's back. Then he heard a crack! Joe thought he heard a slither on the ground. Then something soft and mushy slapped his face. It was so hard it knocked him on the ground. Just then something bit Joe. Joe was so scared he fainted. Then, something made the sound MHERKBLERKSH! Joe the Cop was never seen again.

"I'm gonna get in that house, one day even if it kills me!" thought Mystery Sheep, after having heard about Joe the cop.

Exactly one month later, the Water Ville Police Department needed Mystery Sheep to explore the haunted house. They parked a giant airplane in Mystery Sheep's back yard just for him.

The air from the airplane was blowing on his face. As he boarded it felt like a cool breeze in the summer. When Mystery Sheep boarded the wind stopped. He sat down in a nice fluffy chair.

Two hours later, the plane landed right beside the haunted house. The stair door from the plane opened and tons of air gushed out. Mystery Sheep slid quickly down the poles from the stair handles, eager to see the inside of the haunted house. When he got to the door step, he ripped open the door.

It was so dark Mystery Sheep couldn't see anything so he took out his flashlight. The haunted house looked like a giant rat hole and it stench like rotten eggs. Blerrk! Mystery Sheep put his handkerchief up to his face and coughed. Just then he heard "MwERR! He thought he saw a flash of glowing yellow eyes. Then he heard the monster slithering closer ... and closer... Mystery Sheep was scared and curious. Even if he did die he would still be the first to discover the unknown monster. He couldn't wait any longer. He shone his flashlight in the direction of the monster. Then he saw it. It looked very ugly. It looked like an ungrown slug with three eyes, but it was about two meters long and wide. It had arms and legs but all slimy and it was drooling blood and green slime. If you looked at it you would almost instantly know it was a carnivore.

"But how come it's not eating me" thought Mystery Sheep, feeling scared. Wait. Its skin is burning. It must be in too much pain. But how? Aha! It hates the light! But this flashlight has just enough brightness to stop him. I need more light! Hmmm... aha! The outside light! The sun has enough light to disintegrate him."!

He had no time to think, his light was running low on batteries. The light started flashing on and off. It was growing darker and darker. The monster was coming out of its trance. He quickly threw his flash light. And it hit the monster right in the face. The monster turned red. It shot out some hot air and charged. Mystery Sheep jumped out of the way just in the nick of time. He felt the sharp breeze as the monster galloped past him. Then Mystery Sheep wiped his fore head. His sweat was as hot as fire.

Then Mystery Sheep heard BAM! Suddenly, a shot of sunlight shot into his eyes. The monster had rammed the wall too hard and broke it. Mystery Sheep sat there as the monster screamed in pain, slowly disintegrating. He watched as the monster's screams slowly faded away and all there was left was sparks that blew away in the wind.

Mystery Sheep stood up and walked out of the haunted house. The big plane was waiting for him on a big empty lot next to the house. It brought him back to his little peaceful home, where he would never have to do anything like this again.

Or so he thought...

MISTER AWESOME

BY NATHAN SHERENI (LIL NAT SWAG)

My name is Austin Boogerson I am 8 years old. I have a red shirt and green eyes.

I thought that the coolest kids in school made fun of him because of his last name.

One Evening Steve the Science Guy who is mom's boyfriend came to tell me that they were getting married. This news made me unhappy because I thought he was weird. A few days later after their marriage Steve was showing me one of his old science guy tricks again.

"Hey, check this out!"

He got my attention by showing me one of his cool science magic h2O drinky thingies that makes you awesome, and he needed somebody to test it.

"Would you test it for me?"

"Yes, yes, yes" Austin cried happily

"But there may be some reactions"

"I don't care," I shouted.

So I drank the magic drink. Glug glug glug!

I didn't feel much different till the next day. When I got to school I noticed a big change. Everybody loved me, People mumbled I like him he's awesome. Even my teachers loved me it was my happiest day in my entire life. I got special treatment and didn't have to do any work unless I wanted too.

The next day they started calling me Mr. Awesome it was the same everyday i loved it.

When I got home that evening I told my family and my dog that I had the best day ever, I went on and on about my day.

Later on in the day, I thought to myself, maybe if I had more magic drink I would be even more awesome.

So then a week later I stayed home because Mom and Steve were going out. So they let me stay home. I danced like a crazy man because I knew this way I could have more magic drink! So a few minutes later I ran down stairs to the lab. Found cabinets of magic drink.

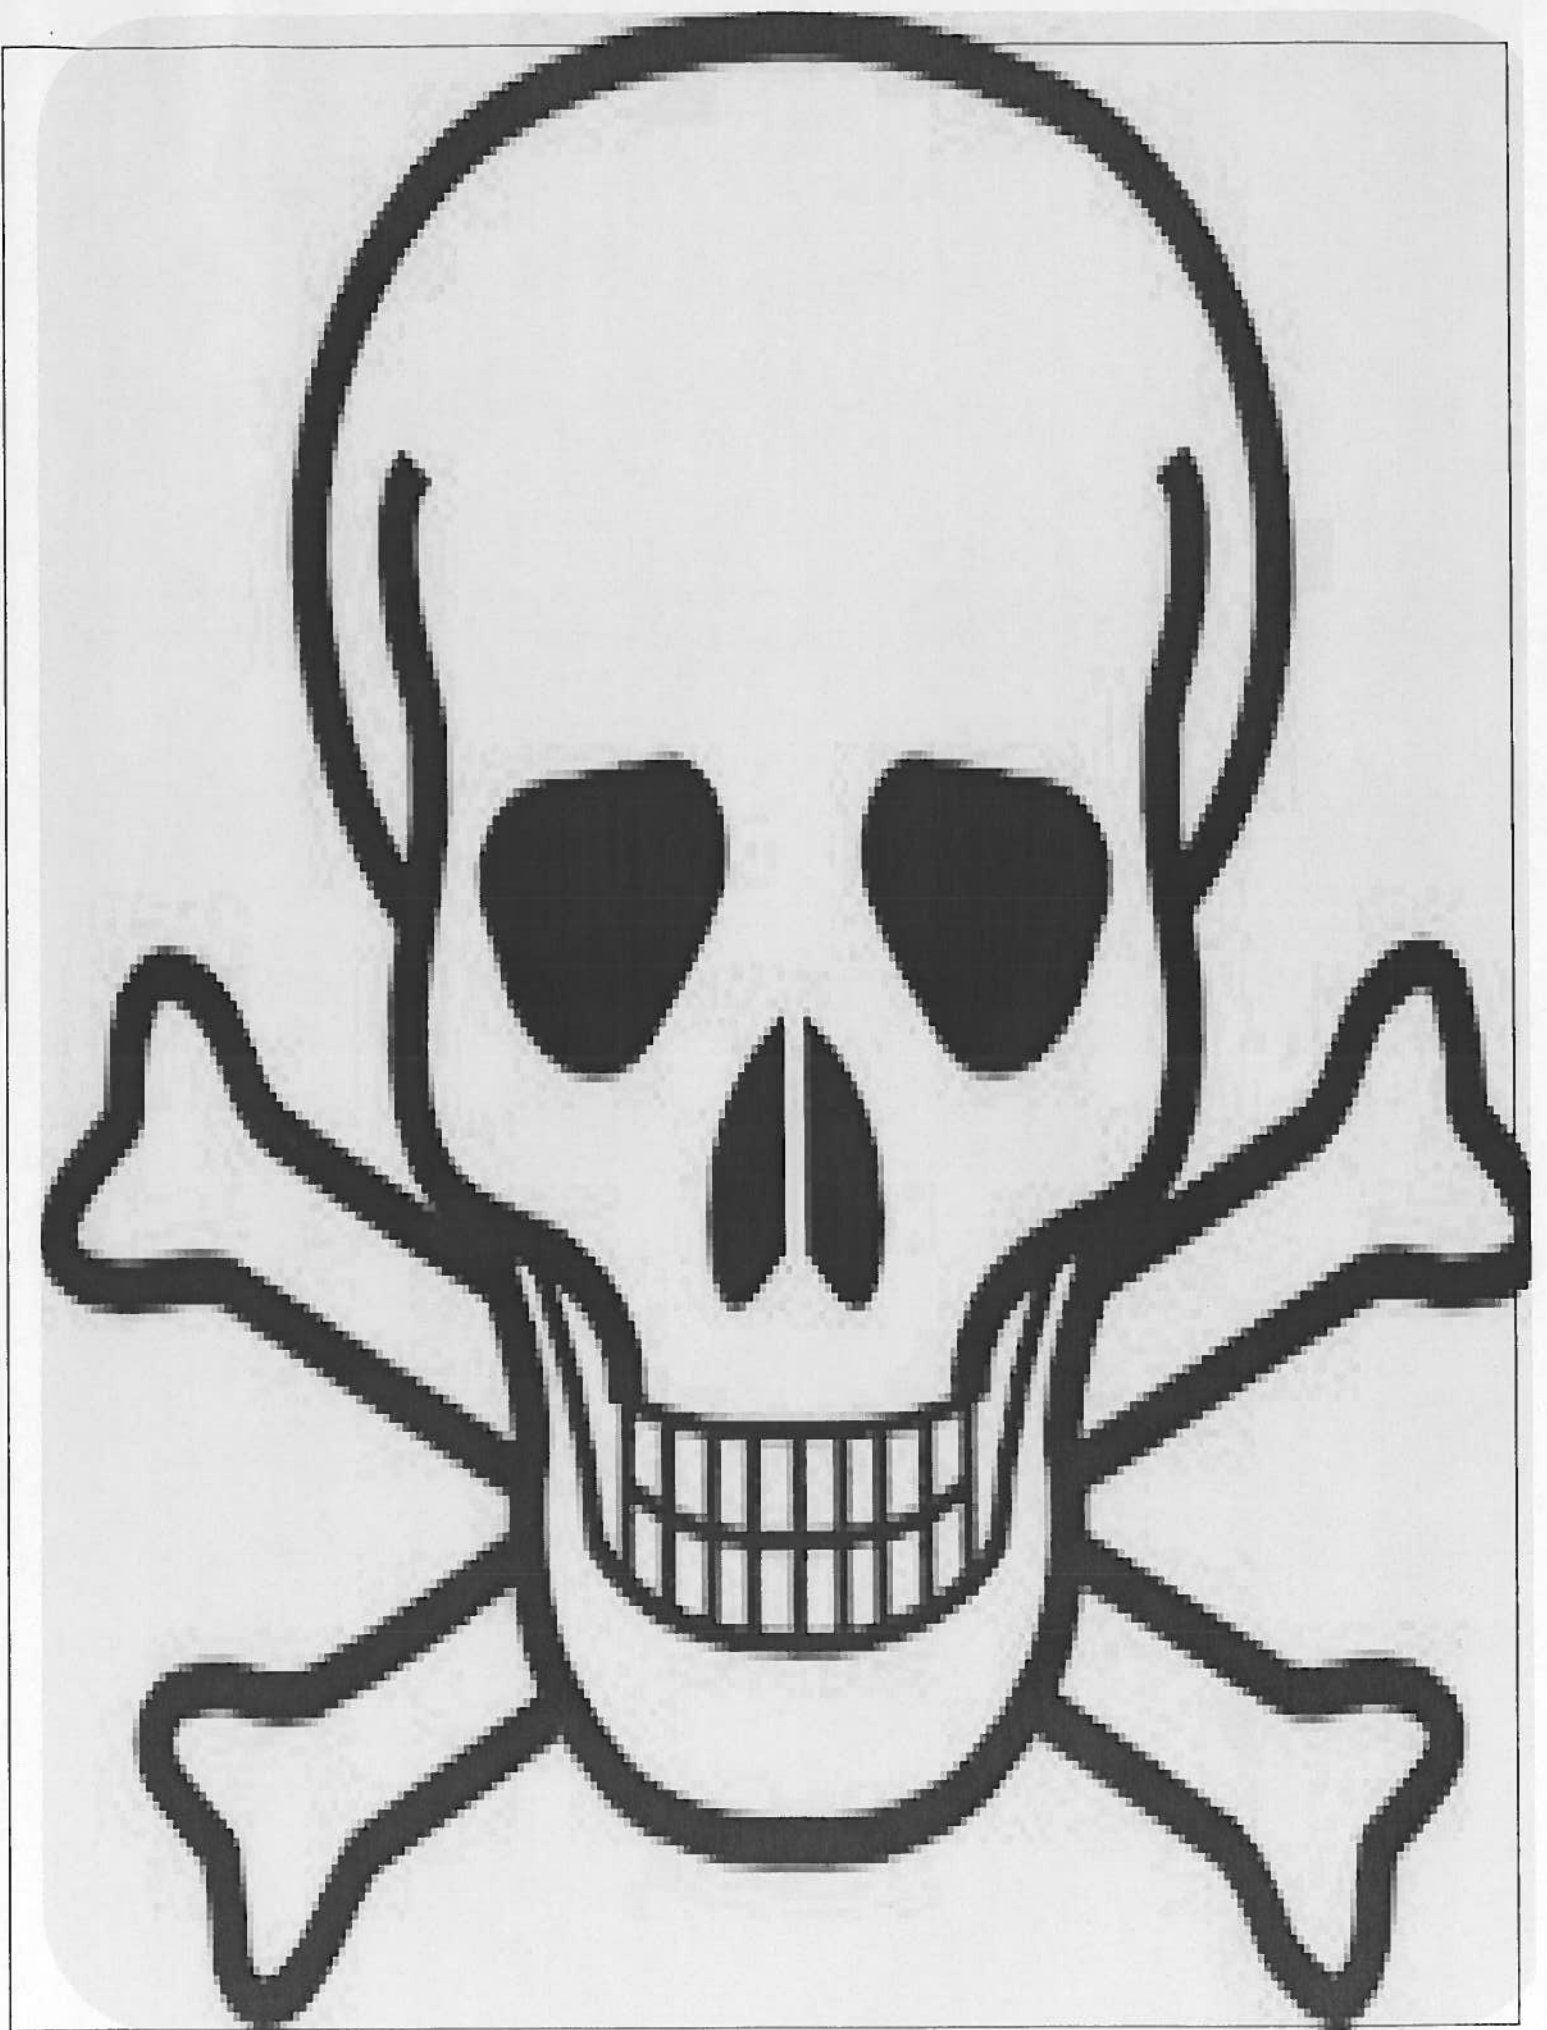

I drank and drank until I could drink no more. Then I remembered there were some reactions with the magic drink so I was scared. That's when I heard Steve run downstairs and saw the magic drink on my face

He started laughing so hard and told me it was a joke he told me I was awesome I was awesome all along. I remained awesome for the rest of my days

Everybody lived
happily ever after the end

One day, I had a feeling to fly on Roblox. Roblox is a computer game where you can make your own character. It has a lot of mini games on it and you move with the arrow keys or WASD keys. It's awesome because you can build and do anything!

Pilot Paradise is a game on Roblox and you get to fly all sorts of planes. I invited Justin, Dylan and Josh to play Pilot Paradise. We we're going to fly around and crash some planes. So I played pilot paradise for about 5 minutes and then yelled,

"Where are they?!" Right at that second they arrived. They stared in awe for a couple of seconds and then they burst out with laughter. "ho ho ho!! That's rich I'd say!! Ha ha ha!!" Josh exclaimed between his hysterical laughter.

After that we busted in to the V.I.P room and stepped on the spawn. Then all of us teleported to Gold Island. After that, we walked casually towards to a plane called the Blackbird.

When we got there, I regained the plane. Dylan gasped loudly and declared:

"Oh my gosh! We're in front of the fastest plane in Roblox!! Oh dear blackbird why have you summoned us her--"

Josh then slapped Dylan in the face. Then Dylan exploded in anger and shouted:

" What the heck man?!?What's your problem man?!?"

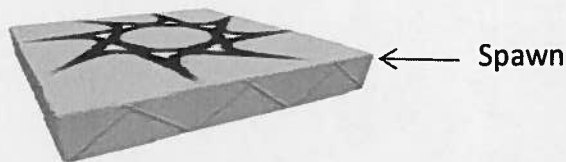

"Dude, you were having a spaz attack again." Josh replied calmly

"So what?!?" he yelled.

Then he whispered something in Josh's ear and Josh nodded and they both jumped in to the Blackbird and flew off.

**“Why don’t we take control of their plane?” suggested Justin.
“Why not? I replied, thinking it was a good idea.
So we grappled on to their plane and hopped in.**

Josh and Dylan were so scared that they jumped out of the plane. We took it over and crashed it into the main island.

“We’ve got to get out of here! It’s getting boring and I want to go back to the REAL world! I exclaimed when we spawned again.

Right at that second we were zapped by a laser that gave us shuffle power!! Then a noob army attacked us! We retreated to a plane but an RPG blew it up!! The explosion shot us through the air then we landed on the noob army!!!

“How lucky!!” I exclaimed, without a scratch on me, “we actually landed safely!!!”

“Yeah!! We also just wiped out half of the army!!! Let’s do it again!!!” shouted Justin happily.

“Ok then!” I exclaimed, “anything to win this battle!”

“Hey noobie!” yelled Josh, “Over here!” The noob with the RPG looked around and shot his RPG at josh! But he missed and hit Dylan and killed him!

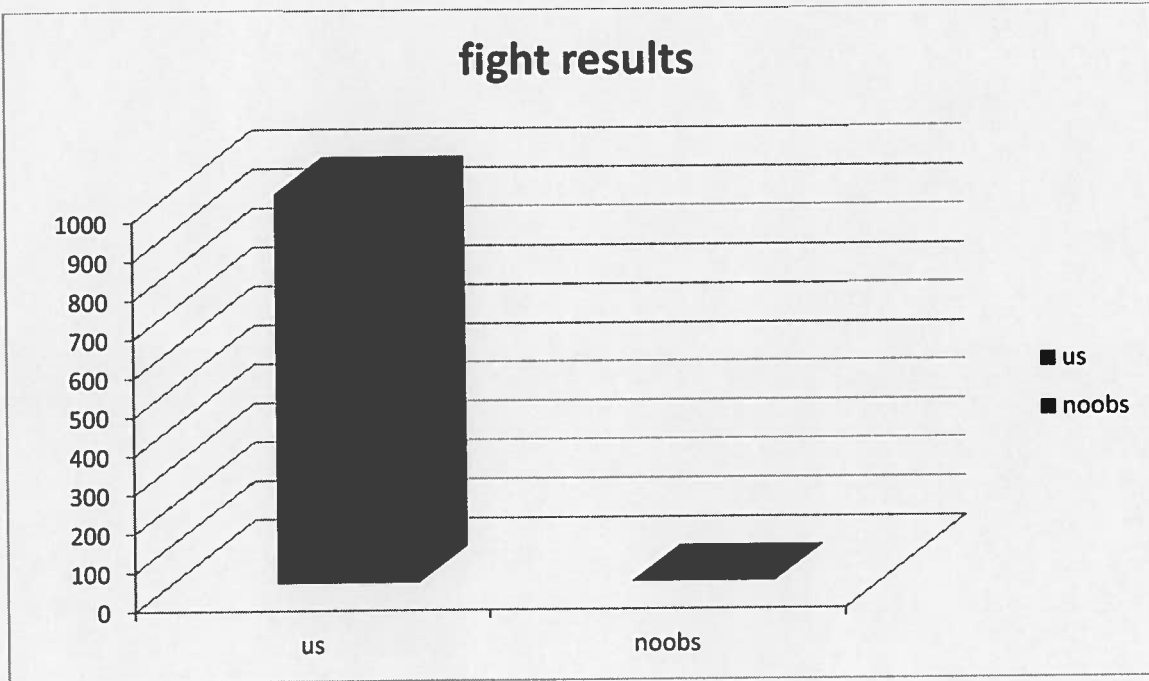

When he respawned he got so mad that he exploded the rest of the army with his blue lightning shuffle power!!!

Then we asked their leader where the portal was to get back to the real world.

So we journeyed far. We got to the portal, went through it and finally teleported to the real world and became super epic.

The moral of this story is never mess with epic shufflers!

The Gibson family

By: AJ Lawrence

One sunny warm day in middle of summer my family were going to help my grandparents on the farm. Amy and Paul are my parents. Timmy is my little brother. He is very annoying.

We were driving in a red car down a country road. We noticed sheep were coming onto the road. Soddently the sheep covered the whole road. We were stuck there in the heat for a couple of hours.

"I'm hungry can I have some of that cotton candy!" Timmy yelled

"No it is not cotton candy. They are big white fluffy sheep," replied mom.

"I want to go to the house," Mary started to yell

"Okay. It will be in a couple of hours," dad replied.

Now Mary thought and remembered that there was an apple in the back of the car .She asked her dad if he could have some of it.

"Yes you can have some apple whispered her dad. However Mary decided not go get some apple.

"I'm sacred Mary yelled

"Don't be scared Mary. "Timmy yelled.

"She can hurt herself badly" yelled her mom.

"Ok" Timmy replied.

Finally mom decided to call my grandmother

"Oh hi mom we're stuck on the road to your place. Can you get your sheep out of the way?"

"Okay we can get the sheep out of the way with our magic traps to clear the road. So the grandmother set the traps. She pressed the big red button and the sheep went flying into the traps. Finally the road was clear, and we were able to drive to my grandparent's house.

When we got there we had a dig diner. Timmy got his cotton candy he wanted for dessert and the rest of us had cake.

It's so scary!

By Paxton Ramm

One day Raksha and Paxton were sitting by a warm camp fire. They were telling each other scary ghost stories.

All a sudden Bagheera showed up.

"Would you like some hot chocolate?" Bagheera asked

The girls screamed. They screamed so loudly because what they saw was scarier than any ghost story in the world.

On Bagheera's face there was a brown scary and irritating mustache!

"What it is?" Bagheera questioned the girls

"It's your mustache." Paxton and Raksha replied.

"What!" shouted Bagheera.

Later on that night Bagheera fell asleep. Paxton and Raksha tried to wax the disgusting mustache off. Bagheera woke up yelling with pain. He was so angry, that poor Bagheera cried his eyes out; as always.

Paxton and Raksha felt so bad for once, so the next day they got ready to apologize with chocolates in hand. They also wanted to tell Bagheera that his mustache was not that bad. When they saw Bagheera he had already shaved the mustache off. Paxton threw the chocolates at him as she did not recognize him.

"Bagheera, I actually did like your mustache," Paxton admitted, feeling better.

Bagheera moved to the U.S.A a year later. Paxton and Raksha moved to the U.S.A as well. One day when Bagheera went home, he that saw Paxton and Raksha had moved in next door. Paxton and Raksha did not see Bagheera through the window of their house.

Paxton went to take a walk because it was so dry in the house.

"You never leave the house without me," observed Raksha.

"Yeah that's because we only have one set of keys."

"Sam Sam!" Raksha heard Bagheera's voice coming from the house next door.

"Be quiet! We are trying to hide from Paxton and Raksha."

"Do you want to check next door to see if it's Bagheera?" Paxton suggested

"Ok!" said Raksha. "Oh my god, it IS Bagheera! Hi Bagheera!"

"Hello Bagheera!" Paxton exclaimed, surprised to see Bagheera next door.

"Is Sam your dog, Bagheera? I love dogs!"

"Yes, this is Sam."

"Cool," said Raksha. "But we need to leave. We are going to take a walk."

Ten minutes later, Paxton and Raksha were walking over a bridge by City Hall. It was four in the afternoon. Paxton let Raksha hold the keys. When they got to City Hall, Raksha started acting funny.

"Paxton do not get mad at me at what I'm going to say," she said in a shameful voice. "I dropped the keys!"

Paxton became so worried that they had to go back to Bagheera's. When they knocked on the door, Bagheera opened, and he had something SO SCARY! Then Raksha and Paxton SCREAMED!

"AAAAHHH!" Raksha fainted. She wouldn't wake up when Paxton shook her. Even when Sam SLOBBERED her all over her face, she remained still. Bagheera ran to the telephone and called 911. When the medics came they brought Raksha to the hospital.

When Paxton and Bagheera arrived at the hospital, Raksha woke up. Raksha noticed that Bagheera had gotten rid of this mustache and now had a goatee.

Thankfully, Raksha would never be scared of Bagheera's mustache again. Raksha grabbed her ringing cellphone in her purse. The person on the other end told Raksha that they had found her keys next to a rock by City Hall.

Raksha, Paxton and Bagheera celebrated with lots of yummy rainbow cake!

Wizards

By Sam Schofield

One morning there was a kid named Lucky, who had wizard powers. Lucky went to in a school named Wiz Topia. Wiz Topia was a school where wizards go. Lucky was in grade five. He was so smart he skipped 3rd grade. His dad's name was Robert Awesome and was the principal of Wiz Topia.

Lucky's friend came over and knocked on the door. Robert Awesome opened the door.

"Hi Mister Awesome, can I come in?" Lucky's friend asked.

"Ok," Mr. Awesome replied.

Lucky's wizard friend ran up the long steep stairs where Lucky was studying.

"Lucky can we play a game?" Lucky's wizard friend asked.

"Ok" replied Lucky.

"Why are you yelling?" Robert Awesome asked Lucky.

"Why are you yelling dad?," Lucky yelled back

They started to play a math game that helped the boys practice their multiplication and division.

"Can we play a different game?" Maxy asked

"What do you want to do?" Lucky responded

“I want to play Maxy Man” said Maxy

“Ok” said Lucky.

They played Maxy Man until it was Sunday. That morning Maxy’s mom came over to pick him up. Then Maxy went home because he had to do his homework.

On Monday Lucky went to Wiz Topia. In math class, his teacher asked “what’s 2 times 2, Lucky?”

” Five” Lucky answered. All of the kids in his class laughed at him. He was so dumb he lost his powers and was sent back to Grade 2. Lucky isn’t so lucky now is he!

Robert Awesome was so very mad he did not talk to Lucky. Lucky was so sad he was crying. He was crying so much he had to go back home and study but he couldn’t concentrate on his studies.

The next day he went back to Grade five. He started playing Maxy Man, again when he got home. After playing for three hours he was dumb again and had to go back to grade two. He lost his powers over again.

When he got home he had to study even harder. Thankfully he became smart, again but he did not go back to grade two. This time he went back to Grade five. Once he went back to grade five he had his powers back and his dad was happy with Lucky. He never played Maxy Man again.

Liam Stushnoff's Story for English

Game One

Just last week Logan, Ethan, Braden, Nathan, Marcus, and I were playing hockey in the Yellowknife Community Arena.

I was in net. The opposing team made a defenseman change. One of the defensemen lifted Logan's stick so he lost the puck and their forward got it. That's how we made a turnover in the neutral zone between the red line and the two blue lines.

We were all fighting for the puck. They won the battle and passed it to one of their other forwards. He skated up ice with the puck and got on a breakaway. This meant it was just he and I, with no one in between us. He shot the puck from the hash marks. It hit my glove just under the crossbar and bounced over the net.

"What just happened?" I asked myself.

Then Ethan got the puck from behind the net and got on a breakaway. He shot at the bottom left corner. The goalie saved the first shot but there was a rebound. Marcus took the rebound and scored. We were winning 1-0. While playing, I felt weird because the puck would hit my glove and bounce over the net and hit the glass. Finally I caught it. Then they scored and it was all tied up 1-1.

I thought we were going to a shoot-out. In fact, we did go to a shoot-out and we won 2-1.

"That was a lot of fun!" I declared. I was happy with the way I played my game.

New Super Carl Bros

By Ivan Ceria

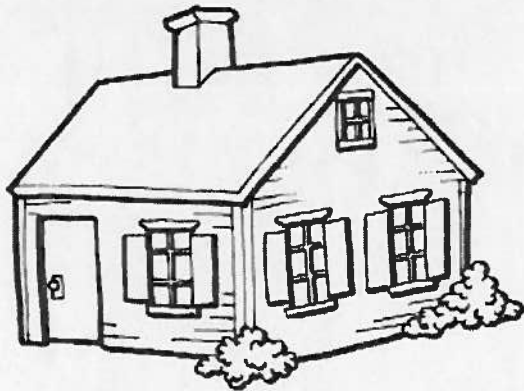

One day in a city named Conjon there was a Mario fan named Carl Gibson.

He is 10 years old. He looks just like Mario. His favourite colour is red, just like Mario. He got a pool of posters of Mario in his room.

"Boy I want to be in Mario's video game" sighed Carl

"Oh I know! I'll ask my friend Timmy," realised Carl.

So he ran to Timmy's house

But Carl realised they were in the Mall!!!

"All for that effort," shouted Carl.

Carl had an I Phone 4S that had 64 GB so he contacted Timmy

"Yellow", wondered Timmy, "Yo it's me, Carl"shouted Carl. "I'm on my home," replied Timmy.

So Carl hung up and waited and waited and waited. Finally, Timmy came. They both walked to Timmy's room.

"There in Timmy's room! Did you made a new invention?" wondered Carl

"Duhhh," replied Timmy.

"What is it called," wondered Carl.

"It looks like a machine that could bring a person to a video game," Timmy stated.

"Oh I know! Let's call it 'THE GAME SUCKER'," shouted Carl

"That's great! I always wanted to be in Legend of Zelda," sighed Timmy.

"I wanted to be in new super Mario," replied Carl.

The Black Hole

Chapter 1 finding the black hole

BY: SAFIYA HASHI

One day in the muddy town of Midvale California the smart 12 year old Josh and his 13 year old prankster sister Julie Mimic came home from school.

"We're home!" Yelled Julie.

"Shush big mouth, if you forgot we're grounded because we broke Mrs. Haggel Bitumen's vase." whispered Josh.

"Ok I'll be quiet."

"Let's go play soccer." Suggested Josh.

"No wait, I need to show you something!"

They ran up the stairs all the way to their room.

"Our room? Lame! I'm leaving!"

"Ok but then you'll miss the black hole I found days ago."

"A black hole? Cool!"

"What are you two doing?" Questioned their mom.

"Well we're going into a mmft!" Quickly Julie covered Josh's mouth.

"What he meant was we're playing spacemen and the closet is the black hole."

"Ok, go back to your playing, I need to put away your clothing anyway."

"No wait mom I will."

"No I'll do it you've been doing it so often lately."

"No mom!"

"EEEEEEEEEEEEK!" "HELP ME!"

"Oh no, let's go get dad!" suggested Julie.

"Ok!" agreed Josh.

Julie and Josh ran all the way to their dad in the back yard.

"Dad!"

"Yes?"

Wait wait wait. Let's rewind to before any of this happened. It started when Julie opened her closet and saw a black hole.

"AAAAAAAAAAHHHHHH!!

Suddenly Julie remembered that she was home alone, so she quickly shut her closet.

"I've got to tell somebody this!"

"Wait a minute, nobody will believe me if I tell them." Julie thought.

The day before that astronauts went into space. The day they went into space there was a black hole. They got rid of it with the ray gun that got rid of obstacles but one astronaut got sucked in before the ray gun hit it.

Ok now we'll fast forward to where we were.

"Yes?"

"Mom got sucked into a black hole!"

"Ok, guys I'll play your game."

They ran up all the way to their room (again).

"I doubt that there's a black hole guys, but I'll check."

So he opened the closet and he was so shocked that he didn't scream, he just got sucked in.

"NO!" Josh and Julie shouted.

"Oh no, what are we going to do?"

"I'll tell you what we're going to do, we're going to get geared up and get our parents out from that black hole!"

Chapter 2 getting the parents

"So I guess we have to go in and get them right?"

"Yeah didn't I just make a speech on that, Julie replied feeling annoyed and worried.

"Well let's go!"

"AAAAAAAHHHHHHHHH!!!!" Josh and Julie yelled in unison.

Josh finally hit the ground.

"Oh, Julie? Julie where are you?!"

"Ha, fooled you!" laughed Julie.

"So where are we?"

"I don't know ask the dude in the sweater," suggested Julie, frustrated with all the questions she couldn't answer.

"Excuse me; do you know where we are?"

"This is the black hole, and I'm the astronaut!"

"Um are you crazy, because we can't be in a black hole. It's illogical."

"Yes we are my precious."

"RUN!" Josh cried.

But Julie tripped on a rock and fell into the stranger's clutches.

"Go on, I'm only scaring you."

"B-but." Julie stuttered.

"GO."

"Ok sheesh."

"Julie what happened?"

"That guy was only scaring us."

"Oh. Let's go get mom and dad."

But Julie did not realize that she was with the astronaut. He was wearing the same sweater as Josh!

"Come on Josh, I see mom and dad!"

"Great," said the astronaut in his vilest voice.

"Josh you sound different are you alright?"

"Never better," he replied, throwing off the sweater.

"AAAAAAAAAAAAA!!!"

Finding his sister at that moment, Josh glanced at the skinny green slobbering figure that was the astronaut.

"What is that thing?! Cried Josh

"T-that's the astronaut!" screamed Julie.

"Why do want them! Take us instead!"

"NO! I want minions and to have minions you need adults and to have adults you need humans!!"

"What are you?!?"

"I used to be the very handsome Chris Hatfield, but now as you can see when I got sucked into this black hole I turned into this hideous thing. Tootles!" echoed the astronaut as he ran off.

"Come back here!"

Suddenly the kids found out about the astronaut's super speed.

"What are we going to do?"

"You didn't think I won all 10 science fairs for nothing did you?"

"Oh you're such a genius! Got any ideas?"

"Lots."

"Well let's get to them!"

"Ok, get me some rocks."

"Rocks? That's man's work."

"Well if you don't want to get out of here..."

"Rocks coming right up!"

"Great."

After a lot of work Josh created 2 giant robot suits.

"Wow, I think we can catch him now."

"No duh."

"Let's go get him... and get our parents back!" So off they went to the astronaut's lair.

"How did you find me?"

"You have a sign that says, 'the astronaut is here'."

"Besides we already have our parents."

Quickly the astronaut hooked onto Julie.

"Take me with you!"

"Never!"

But the astronaut wouldn't get off so they gave him to N.A.S.A. They got home safely now that they got rid of you know who.

"Josh, I had the strangest dream," said Julie sleepily.

Suddenly Julie saw the robot suits outside.

"Or was it a dream?"

The magic recorder

In the really big house there were two bathrooms and five rooms. They had a Jeep Safari. At 1:25pm on a sunny day in Toronto, there was a granpa and kids in that big house. The grandfather with short, white hair is working with a patient called Caitlin. Caitlin has a huge fear of spiders. The grandfather shuts his door, turns on his magic recorder and asks her to start talking about her fear.

"It all started when I was reading my book. I was sitting on my big round, brown bean bag that my brothers are not allowed to touch. My two little annoying brothers were plotting a scheme to scare me so that they could sit on the couch themselves. They were hiding behind the TV. First, they took their pet tarantula, and then when I wasn't looking, they snuck up behind me and gently put the tarantula on my right shoulder."

"My goodness, what a story!" grandfather said, with a British accent. "Tell me more!"

"I felt something crawling slowly on my shoulder. Next, I looked down and saw a hairy, fuzzy tarantula with its fangs pointing out, looking at me as though he was ready to bite me."

"Oh my gosh! This is such a good story! I should make some popcorn right now, because this is like a horror movie! Just then, grand-father got out of his chair, opened his office door and yelled out "Kids, go make me some popcorn, stat! Caitlin, continue, continue!"

"With his fangs pointing out, drool dripping out of this mouth, his six eyes staring at me, I grabbed the spider with my hand and then threw it on the floor. I was so scared I passed out."

"Then what happened?" Grandfather was shaking with anticipation.

"My brothers mumbled something but I couldn't hear. They swept me off the couch and laid me on the floor. Then, mom came in and asked what happened. My brothers tried to convince her that I was sleeping and that nothing happened. Mom said "yeah right, she'd never let you on her bean bag!" but they replied "then I guess today's our lucky day." Mom could not be

fooled and called the ambulance. No need to mention that my brothers were also quickly grounded," Caitlin added.

"Wow, what a tale!" grandfather said, his mouth full of popcorn, "I can understand why you have a fear of spiders."

Carlos, grandfather's 9-year-old grandson, was sitting behind the black door. The button on the green lock was pushed in, locking the door. Carlos had a square glass cup with the opening pushed up against the wall and the other side on his ear. With his hands covered in popcorn butter, Carlo's cup slipped through his fingers and smashed!!!!!!!!!!!!!! all over the floor.

"What was that!" grandfather yelled, from the other side of the door, the noise of the glass breaking on the floor startling him.

"Dang, Carlos!" Joseph, Carlos' best friend declared, "What are we going to do now! We have to clean this up before your grandfather opens the door!"

"Would you excuse me, Caitlin," grandfather whispered, "I think I know who did that..."

"Oh no! What are we going to do," Carlos whispered loudly, feeling worried about getting caught by his grandfather.

"Quick! Sweep the shards of glass to the other side before we get caught!" Joseph declared, thinking we probably can't do this fast enough, feeling distressed.

The two boys used their feet to sweep the shards to the other side of the door. The grandfather opened the door quickly, making a squeaking noise. Then, when the boys saw the grandfather, they were standing with their backs straight, pretending as though nothing had happened.

"I thought I heard a glass break."

"Nope, not here. It's just my friend Joseph and I playing," Carlos replied, noogying Joseph's head.

"Ok fine. I'll get back to work then. Grandfather walked backwards into his office, closing the door behind the boys.

After a few hours, Caitlin and Grandfather stepped out of his office.

"Thank you so much, now I can finally get over my fear" replied Caitlin as she was leaving the house.

As grandfather turned around to go lock his office door, he noticed a shiny reflection on the floor.

"BOYS! Why do I see shards of glass on the floor?" yelled Grandfather.

"I knew we should have cleaned it up instead of playing with our action figures" cried Carlos' friend.

"I was going to bring you boys with me, however you will stay here and clean up instead," said Grandfather.

Grandfather was about to lock his office door when he felt six big eyes staring at him.

"Don't even think about trying to get into my office when I am away." He declared, thinking I can't trust those boys.

The grandfather turns around and walks towards his closet. All of a sudden, he notices a reflection of a spider web dangling from the air.

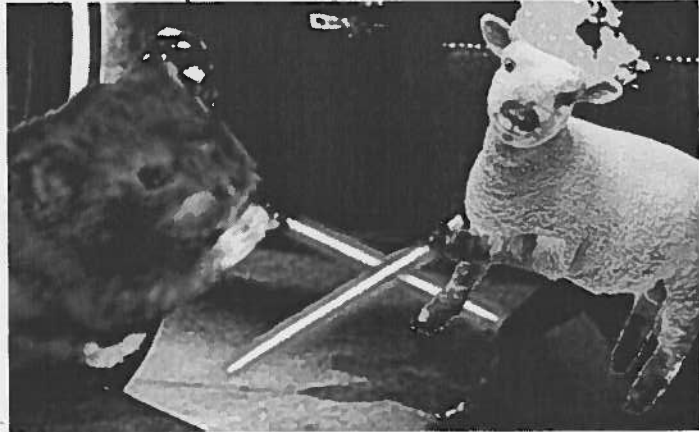

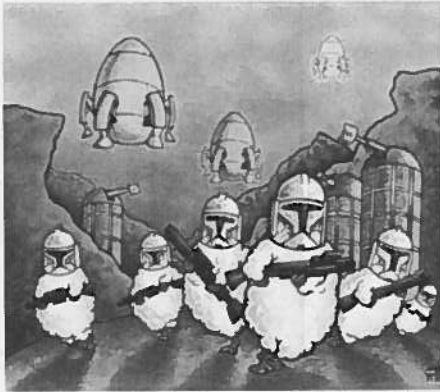

"Oh my goodness," the grandfather yells, as the tarantula jumps from the web and lands right on his shoulder. I can't believe I didn't get rid of that spider yet, he thought, feeling scared. He powerfully flicked the spider off his shoulders with his fingers and scrambled into his office and locked the door behind him.

The grandfather walked to the bamboo-coloured desk and reached for the hefty drawer on the right side. He pulled open the drawer and cranked the combination of the lock. With a click, the safe unlocked and Grandfather pushed the side of the safe open. He grabbed a small black pouch tied together with yellow strings. Unloosening the yellow ties, he tugged the pouch open and grabbed a pinch of yellow, sparkly pixie dust.

To be continued.

By C.J. Bond

One summer's day in the big city there was a piranha named Fred who longed to take over the world. Fred lived in a pet shop and had a twitching eye. One day he had an idea. "That's it!" He shouted, feeling smart.

He swam inside his secret laboratory in his fish tank castle. The secret lab was filled to the rafters with wacky inventions. His favourite invention was the Taco Maker 300,000.

These were some of his inventions, the Make Water Out of ANYTHING 3000, the Make a Cheese-Burger Out of Thin Air 350,000 and pink spray on hair.

So then he started building.

After a few months, and a lot of building, Fred had finished his two masterpieces: The World's First Walking Fish Tank with Laser and Claw 3000 and the Grow Ray 2000!

"Now I can take over the world!!!" sneered Fred. Fred aimed the Grow Ray 2000 at the walking fish tank and shot. The next thing Fred knew the World's First Walking Fish Tank was 5 stories high.

Then Fred quickly climbed up, up, up, into the cockpit. Fred started to control the humongously huge tank as it went down the street. He crushed cars like they were flies! He snapped buildings in two like they were made of sticks!

"Hmmm," Fred thought, "maybe I should try the laser? Should I put it on normal, medium or deep fry?"

He turned the laser level on "deep fry" and aimed it a highly flammable gas station. All of a sudden, Fantastic Sheep flew out of nowhere and yelled "Eat lamb-chops, fish brain!" He shot out energy blasts that were the shape of tiny, little lamb chops.

"NOOOOOOOOOO!!!" screamed Fred. He turned on his deflector shield and the lamb chops bounced off it, sending them back towards Fantastic Sheep. They hit Fantastic Sheep with tremendous force, but instead of hurting him, he absorbed it!

"HAHAHAHA, barnacle breath! You just gave me more energy!"

Fred was too quick for him and caught him in the Claw 3000. He turned the laser on “deep fry” again, and aimed it at Fantastic Sheep. He shot the laser and a huge puff of smoke appeared where Fantastic Sheep was.....

To be continued in Part 2: When Piranhas Go Bad!

Did Fantastic Sheep survive the laser attack?

When Piranhas Go Bad!!!!

Part 2 By C.J. Bond

If you read the first book you probably know that Fred has taken over the city using his inventions.[And also because he destroyed Fantastic Sheep.] The Octo-Crab had eight robotic tentacles with claws at the ends. It could hover on land and it could swim into the abyss. The Rattler could burrow extremely fast, digging 300 kilometers of tunnel in 45 minutes. Fred had just finished an even newer inventions, the Hypno- Goggles and the Piranha Portal. The portal could unleash a army of Zombie Piranhas from another world. The hypno goggles could be worn and would hypnotize anyone they looked at.

Fred was on top of the biggest building in the city, Bob's Pizzeria, which was over 153 stories high. " Now that I've defeated Fantastic Sheep, I can continue to take over the world." But then Fred looked up in the sky and saw something; no it was not a magica,l flying, rainbow-unicorn that Fred saw in his dream it was..... Fantastic Sheep!!!! He had returned!!!! "NOOOOOOOO!" screamed Fred. He put on his Hypno-goggles and hypnotized Fantastic Sheep and made him fly right into the windows of Bob's Pizzeria. (That's' where Bob got the idea for his new lam- chop, super large pizza, the Lamb-chomp-o-nator)

Then Fantastic Sheep fell from the window into a concrete mixer and the concrete mixer shot Fantastic Sheep into a radioactive pit. Aiiiiiiiia! He screamed as plummeted down into the pit.

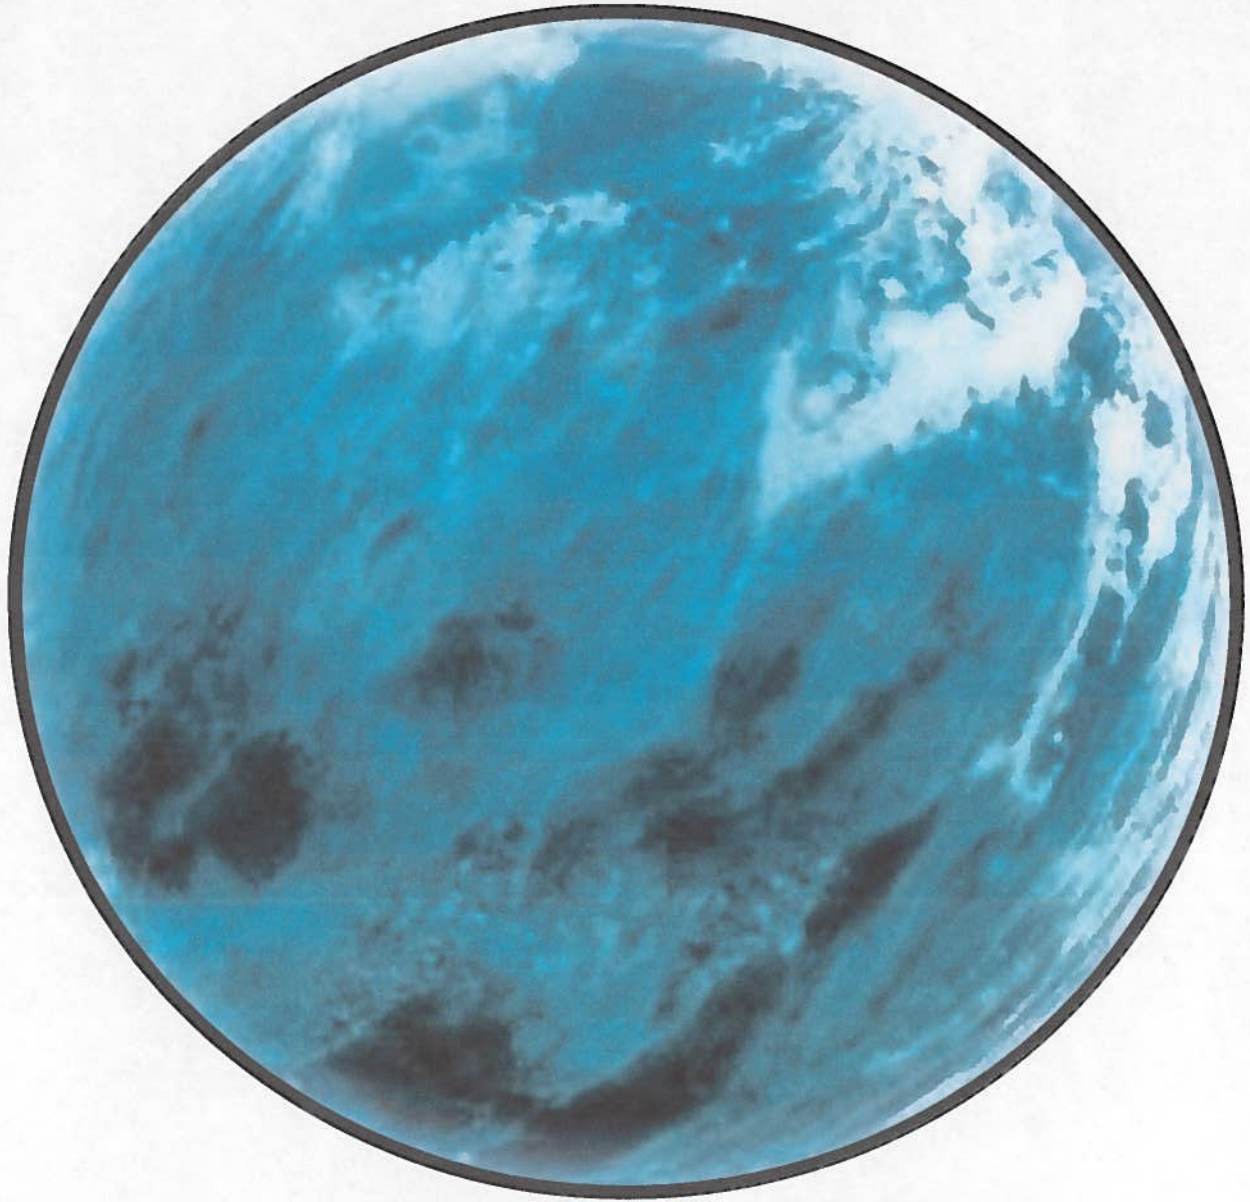

Then Fred heard a loud RUMBLE!!..... and out came GODZILLA-SHEEP!!!!!!!!!! The radio-active chemicals mutated Fantastic Sheep into a sheep that was 7 stories high! "Uh-oh." Squeaked Fred. GRRRRRRR!!!! Roared Godzilla-Sheep.

Fred thought fast and he took out his Deflato- Laser and shot at Godzilla-Sheep. GODZILLA-SHEEP rapidly deflated. Godzilla-Sheep was now Tinyzilla-Sheep. He was so tiny that he was smaller than Fred. After all that fighting, Fred was feeling pretty hungry.....so he ate Tiny-Zilla!

Fred started to shake. He screamed : "Oh-no, the radioactive chemicals have touched me!!! Then he mutated into TURBO PIRANHA!!! Turbo-Piranha (who we will just call Fred) jumped up onto Bob's Pizzeria where he saw a huge satellite dish on top. Then he hooked up his

super big Hypno-Goggles to a satellite, aimed it at a distant planet and it started blasting hypno –rays towards the planet. It managed to hit the eyes of Alien Zombie Piranhas! HAHAHA! Screamed Fred, soon the world will be mine!

.....To be continued in" Part 3: The Invasion!" Can Fantastic Sheep escape from Fred's stomach and stop the invasion of Alien Zombie Piranha's? Or will it be time for a new hero to save the world?

Bob's Adventure

By Joshua Donison

Bob

Chapter 1

There once was a slime cube named Bob.
But this wasn't any ordinary slime cube. This one was living.
There was a whole *world* of slime cubes that the humans did not know existed! The slime cubes also did not know that the humans existed!
The slime cubes came in all sorts of colors.

The slime cubes called themselves Slimers and they were about 5 inches tall.
They could morph into anything they wanted! The Slimers could also split in two and have two smaller versions of themselves.

The Slimers lived in an abandoned dusty and dirty mansion attic.

~~They talked in a very strange language like this.~~ (This should say: They talked in a very strange language like this. But I wanted to show you their language. From now on they will talk in English.)

Bob's color was glow-in-the-dark green.

Everything was fine until one day Bob was really excited and wanted to go on an adventure!

"I really want to get out of here!!" he exclaimed. "I really want to go on an adventure!!!"

So after packing some s'mores, some candy, and some Peanut Butter & Jelly sandwiches he was ready to go off on his adventure!!!

Bob's Adventure

* * * * *

First Bob needed a plan, so he picked up the *Gloop-a-phone* and called Bill.

"Hey Dude!!! Want to come on an adventure with me?" He asked.

"Sure!!" Bill answered.

So they set up a time and place to meet up and then they hung up.

He also called Fred, Ted, and Ned, the triplets, Phil, and Danny and asked them if they wanted to come. Danny, the smart one, asked if he could bring his invisible robot R2-C-Thru. Danny liked to bring his inventions *everywhere*. All of them said yes, except R2 who just BEEP-ed and BOOP-ed and did a lot of BUZZZZZZZZZZZZZZZZZZ-ing, and they set off on their adventure!!!

* * * * *

After a long walk Bob and his friends went thru the crack in the wall that Bob had found earlier. They were blinded because of the light. Apparently they lived in the darker side of the attic. But then Ted (But maybe it was Ned or Fred, I can never keep track of those three) suddenly cried out "HELP!!" So then Bob, Danny, R2, Bill, Phil, Ted, and Fred (or was it Ned and Ted? Or Fred and...) quickly turned around to see what all the yelling was about.

"HELP ME!! THEY'VE GOT ME!!!!!!" Ned (or was it... OK I'll stop now) yelled. When Bob, Danny, R2, Bill, Phil, Ted and Fred (or... OK last time PROMISE) saw him they all started laughing.

"... Cobwebs? Really dude? Cob..." Said Bob fighting to get his breath back, but he couldn't finish his sentence because he started laughing again.

Chapter 2

After a while, Bob and his friends got really (and I mean REALLY) bored.

They tried EVERYTHING.

First, they tried morphing into things around them.

After that, they tried singing.

Then, they read some of the comic books that Bill packed. Then they played the new Nintengloop 3DS. By then, it was about lunchtime. They each had two *s'mores* and a piece of candy.

* * * * *

After a while they got very very tired. So Bob decided to set up their camp. They all slept like a rock (or at least they slept like a ball of goo that just ran away from home) until Bob heard a sound that came from underneath him.

Bob's Adventure

"Crrreeeaaak...."

"H-h-hey guys..." Bob said nervously. **"I think I j-j-just h-heard s-s-s-something..."**

CRACK!!

Chapter 3

The next thing Bob and his friends knew, they were falling down... down... and down some more. Then... everything went black.

* * * * *

"w000000000000000..."

"AAAAHHHHHHH!!!!!!" Yelled Bob and his friends.

"Yo, guys!" Said a strange voice.

"AAAAAAAAHHHHH!!!!!!" They repeated

"Hey just chill. I'm not going to-" The strange voice said.

"AAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHHHHHHHHHHHHHHHHH!!!!!!

!!!!!!!!!!!!!!" They repeated *again*.

"JUST STOP IT OK!!!! I'M NOT GOING TO KILL YOU!!!!"

Bob's Adventure

I'm a friendly ghost! My name is Laud Eddy Ed. Just call me Eddy for short." Eddy told them.

"Ummm... sorry we were just a little bit scared there."

"That's OK. People act like that all the time when they are around me." Said Eddy.

"So then... where are we... exactly?" Phil asked.

"Yeah... c'ause I'm sorta lost here..." Fred added

"And I'm hungry." Complained Ned

"BEEP BOOP BOP BUZZZZZZZZZZ..." BEEPED BOOPED BOPED and BUZZZZZZZZZZED

R2-C-Thru

"And I'm hungry." Complained Ned

"And I'm Bored." Complained Bob

"And I'm hungry." Whined Ned

"JUST SHUT UP ALREADY!!!!!!!!!!!!!!!!!!!!!!" Said Eddy

"But-but-but-but..." stammered Ned

"BUT WHAT?"

"But I'm hungry."

"I DON'T CARE!!!!!"

"Here Ned we have some food right here... hey...where's the food?" Asked Bill

"Oooooopsss..." Ned looked at the ground and blushed "Sorry guys. I ate all the snacks."

"Good job Ned!!!!" Exclaimed Danny "Now we don't have any food and were lost!!!!"

"Hey, don't get mad at him. It's not *his* fault. He was just hungry," said Eddy "besides, you guys can come home with me."

"Oh thanks Eddy, we definitely need the help." They all said

"I hope you guys don't mind my friends being monsters and all." Said Eddy

"Oh, and just be careful around them, c'ause sometimes they don't like visitors, if you know what I mean."

* * * * *

"Hey Frankie! How's it going?" Asked Eddy.

"Groan..." Groaned Frankie.

"Yo, Dracula! Wazzup?" Asked Eddy.

Frankie was a Frankenstein monster and Dracula was a vampire.

"Hey, hope you don't mind if I brought these little slime cubes with me. I just found them on the ground in several goo puddles." Eddy exclaimed. "They were just lying there. They looked so funny!!! I was looking for some food for us and then I stepped in these gooey puddles. I saw their little black square eyes on the ground in

Bob's Adventure

the puddles. So I tried to get them up by making scary noises. *That* sure woke them up. Then they came home with me"

"Can we eat them?" Asked Frankie **"They sure look tasty!"**

"Of course not Frankie!!!!!" Exclaimed Eddy **"Why would you do such a thing?????"**

"Do you guys have anything to eat? I'm hungry." Ned asked

"Sure Ned, what do you want? We have some..." Eddy explained but it didn't matter because Ned wasn't listening anymore. He was already eating whatever he could find. They were all laughing at the sight of him eating everything.

* * * * *

"Hey guys! Want to play some video games?" Asked Eddy **"We've got BILLIONS of them. What do you like? *Legends Of Zelda? New Super Mario Bros.? Sonic The Hedgehog? Little Big Planet?* We've got *EVERYTHING!!!!*"**

"Whoa..." Bob and his friends exclaimed in awe. **"Where did you get all these?"**

"Well y'know bought them off the internet. Things like that." Eddy told them.

"So! LET'S PLAY... CALL OF DUTY ZOMBIES!!!!"

"GAME ON!!" They all yelled

* * * * *

"Man I'm tired. *YAWN* How about getting some sleep." Said Danny

"Awwwwwww C'mon guys, were only at level 10,538!!! We can't stop now!!" Exclaimed Eddy

"Yeah Danny's right." Said Bob tiredly. **"Besides we have to keep going on our adventure. No offence though. I think I'm speaking for all of us here, we had *so much* fun, but we do need to get going. We'll just stay overnight and then we'll go first thing in the morning."**

All the others murmured **"Yeah Bob's right."** And **"Same here."**

So then all of them went to sleep, and were really excited to continue their adventure.

* * * * *

"Beeeeeep Bop, Boop." Whispered R2-C-Thru. **"Bzzzzzzzz, Beep."**

"What do you want?" Asked Danny

"Beep Beeeeeep, Bzzzzzzzz Bop."

"You want me to put on my Invisible Sight Glasses™?" Danny said quizzically.

"Beep, Beeoop."R2 Answered

"Okay then. There now are you happy? I want to get some more sleep."

"Beep Booop, Bzzzzzzzzzzz."

"What do you mean look over the-. Uh-oh. It's Eddy!!! He turned himself invisible so we can't see him!!! He must be up to something." Danny said nervously "I

Bob's Adventure

hope that he doesn't hurt any of us. Wait!! What is that in his hand? Something round like a cylinder. A spray bottle of some type... **SOME GOO VAPORIZER!!!!** I knew something wasn't right with him!! Something with his name... I think it is an anagram for something..... That's it! **Laud Eddy Ed** is an anagram for **DEADLY DUDE!!!** **Oooohhhh... this is bad, this is bad, this is bad!**" Exclaimed Danny. **"Pssst... Bob hey Bob wake up!!!"**

"Urrrg... *YAWN* what do you want?" Bob asked

"Here put these on. They help you see invisible things. Okay, now look over there!" Danny was freaking out now.

"I don't see anything." Bob said groggily.

"Are you sure? Here let me see those. He's gone!!! Bob, I saw Eddy over there!! He turned himself invisible so we can't see him!!" Exclaimed Danny **"He had a can of GOO VAPORIZOR!!! And guess what? His name is an anagram for DEADLY DUDE!!!!!! We've got to get out of here!!!"**

"You must have been dreaming... and his name... I think that that's just a coincidence. Can you just be quiet? I want to get some sleep." Bob yawned **"Besides we're going to leave here in the morning anyways."**

"Oh no you won't!" Said a strangely familiar voice **"You're comin' with me!"** Said Frankie.

The sheep invasion

By: JUSTIN POWDER

One day there were two guys named Little Nat a.k.a. Nathan and Ethan They went camping for a week.

First they packed their bags. After they packed their food, they put their bags in the black shiny Lamborghini and finally drove off.

They were passing a big red and white barn when sheep used C4 to explode the barn.

Little Nat shouted "cool".

Ethan said "let's get out of here".

Little Nat started to scream and the sheep attacked the Lamborghini.

Ethan drove so fast that Little Nat got squished in his seat he was flat as a pancake.

The sheep saw a box of energy drinks in a cardboard box on the ground.

They saw Little Nat and Ethan driving by.

They drank the energy drinks and ran as fast as their sheep legs could carry them.

Soon they caught up to the Lamborghini and used laser eyes and melted the tires Ethan and Little Nat jumped out of the Lamborghini the sheep put on new tires, got in the car and drove off.

Ethan and Little Nat cried "how are we going to get home to cocoa beach???"

"Let's walk!" snickered Little Nat

"Ok" declared Ethan.

So they walked for 5 hours and when they got back the sheep had invaded all of Cocoa Beach but Ethan and Little Nat did not know that.

When they got there Little Nat and Ethan went home.

When they looked outside through the window they saw people turned into sheep.

"Sheep?" Cried Ethan

"Let's find out how to turn them back!" replied Little Nat

"Ok" declared Ethan.

Ethan and Little Nat opened their dad's gun safe and grabbed grenades, a sniper rifle, a rifle, 2 pistols, a machine gun, flash bangs and ran off.

Soon they found the sheep HQ.

When they stepped in, security sheep attacked them Little Nat threw one grenade and Ethan used the machine gun and they killed them all.

As they walked in they saw there were sheep kids named Joe Junior, Bob Junior, Joebob Junior, Bobjoe Junior, were playing.

Bob saw Little Nat and shouted "ah!!!!!!!!!!!"

"Who are you guys" Joebob replied,

"I'm little Nat and he's Ethan," Little Nat replied,

"I'm Joebob he's Joe he's Bob and he's Bobjoe." Joebob declared

"Do you know how to turn the sheep back to people?" Ethan smirked.

Joe replied "yes"

"I know! First you go to the top floor then make your way to a metal door that I don't know how to open. Finally you go inside and flip the switch".

"Thank you" Little Nat declared

So Little Nat and Ethan found the elevator. It was locked, so they had to walk.

They got to the second floor and Joe and Bob were walking down the white hallway they were going to the staircase but it was at the end of the hallway.

“Let’s use the flash bang,” Ethan whispered

“Ok” Little Nat replied

BOOM!!!

Ethan and Little Nat ran down

the hallway.

10 minutes later Ethan and Little Nat were on the 5th floor.

There were two sheep named Bobjoe and Joebob were talking about the password to the door on top of the building.

Ethan and Little Nat continued to the next floor.

Soon they were on floor 7.

There was a party happening in the hallway, so they had to go through with out getting caught.

They made a plan to get around the sheep by crawling. As they were crawling a sheep slipped in front of them. The sheep saw them, so they threw a grenade.

All the sheep were killed by the grenade.

Little Nat was hurt so Ethan had to save him.

However he had no first aid kit, so Ethan had to find one.

He saw one on a table but a glass wall was in the way.

He saw a metal bar on the ground he picked it up and ran as fast as he could.

He broke the glass and grabbed the first aid kit from the hole.

He threw the kit on the floor, grabbed a whole bunch of Band-Aids, and stuck them all over Little Nat.

When he was done Little Nat Looked like a mummy.

Little Nat waddled like a penguin next to Ethan.

The two reached the locked door on the top floor.

Security sheep came down the hallway and Little Nat and Ethan went in a room to hide as the security sheep passed by.

"I think the password is sheep rock" Ethan whispered.

"Ok let's try" Little Nat replied Ethan opened the door and typed *sheep rock* IT worked and in 1 minute it was open.

He called Little Nat and they went in and found the switch.

Ethan tried to switch it on but he couldn't.

Little Nat helped finally, they were able to turn the switch on.

WHO HOO! They screamed as all of the sheep turned back into people. Ethan and Little Nat went home.

"Hi, I missed you boys," Ethan and Little Nat's mom said.

"*WHERE ARE ALL MY WEAPONS!!!!*" Ethan and Little Nat's father shouted.

"RUN!!!!"

Ethan shouted.

Amy was saying Good-Bye to all her friends in Vancouver wail

"Come on Amy were going to be late!!" her mom Cheryl was saying

A few hours later in the plane Amy was talking to her mom,

"Mom will we ever go back to Vancouver??"

"Maybe but I can't promise".

Then in there new home in the outskirts of Edmonton, Alberta, Amy saw a tree house in her back yard. She was going to check it out.

"Come inside the house and you can pick your room" "O.k." replied Amy.

When she picked a turquoise painted room.

Amy asked her mom

"Why did we have to move in the middle of the school year?"

"Well it's because of my work Amy." Her mom answered

"Oh and Amy you are going to be home schooled but with some others kids too" but Before Cheryl could go on, Amy was jumping up and down.

She was so excited that she going to home schooled. Because She read a book about that kid got pulled out of normal boring school and put into a kind of fun home school programme by herded. And It was a true story too!

"That is so good! I though that you would be mad" "Well I not mad but I do have some questions" "O.K.!" "Said Cheryl You can tell me after we have supper". "o.k! "

It was finally the first day of home school and Amy was already up two hours than planned.

In the tree house Sam was saying to Amy what he knew and Amy was saying to Sam what she knew too so that made it two times easier. When they were finished they went in to the haunted barn Amy picked up Sam but what to jump out if her ames but Amy wouldn't not let him.

"But then is Loo going to come to us Amoo?" Sam said

"NO but we will go to her and then we also need to find her horse Spartan." Amy said with not too much joy.

Now Miss Evans was back home, When Sam saw his mommy he ran up to her hugged her and kissed her.

"Miss. Evans we also need to take care of Lou s' horse Spartan "We found him in the barn". Amy said

"I'm going to go get some food and water for him and do you know what horses eat?" Amy asked

"Amy you do not know what horses eat?" said Miss. Evans "So what is it that they eat? smart one".

"O.K. if I'm the smart one they eat oats carrots, apples and last not but least brown sugar." Miss .Evans said.

"Thanks you not too much now I'm going to go feed Spartan. " Amy was saying went she was walking out the door

"Sure but come back in five minutes." Miss.Evans said happily

By the time Amy came back in to the house Cheryl was already making supper and Miss. Evans was gone with baby Sam.

"So Amy how did the first day of school go?" Cheryl said in curiosity Mom you should have been there. Lou is 16 like me and she is lost in the barn and she is still

in there and me and Sam started a **clue crew** and we. But before Amy could finish Cheryl said "So Amy she is still in the barn"? Yes we need to go and find her! No mom we need to do something also because the **clue crew**

Need to find them.

"We have to take care of her horse Spartan".

"Oh Amy we need take care of a big black **horse?**" "Yes mom won't it be fun I can just imagine it in my head".

"I can too it we be will so much fun!!" Mom,

"O.k. if you don't want me to pay for the food that is o.k. too!" No mom I don't"
Let's have supper now O.k. Come on mom stop dreaming of the horses.

Hello Miss. Evans how are you today? Miss. Evans was standing outdoors in the hot summer with Sam.

Amy told me that Lou was lost in the barn and she still is, so I was wondering if you need some help finding her, Cheryl said.

Yes that would be awesome, Miss Evans said excitedly. It's been very long since I've seen her and she's probably scared and hungry.

Yesterday Sam and I started a **clue crew**. Wow but how can Sam walk?

Oh I need to pick him up!

Amy you are so nice can you babysits tonight?

I am going out to the city. Mom can I? I don't 'see why not .

Oh thank-you I really need one I be hear at 7:00 p.m.

By the time Cheryl and Miss. Evans were all done talking Amy was going near the barn she said to Miss.Evans I going to take Sam in the barn.

Oh Amy I don't think his that much of help. Well he did said Amy what is that sound and around the corner its was Lou's horses Spartan.

O.K. you can go with him and do you want a stroller. Yes please but no thank you. In the barn Sam was singing to himself.

Amy was going on that she needed to find Lou so she would have money.

"Loo Loo!!" Sam was screaming at the top of his lungs.

Then just around the corner Lou was hearing Sam And she replied Sam I'm here please come and save me!!!!!!!!!!

Sam jumped into Amy's arms.

In excitement Amy was running and she saw Lou. "Amy I'm so glad to see you! Do you have any yummy food or fresh water?"

"Oh you must be starving! I'm so sorry I didn't give you food before. Now I have the key to get out of here."

Miss Evans, Lou said with excitement, I'm back!

"Lou, what was it like in the haunted barn?" Miss Evans asked. Lou told her all about it. "So on the day of the news report, I just knew that I had to save Spartan. He was in the safe part of the barn. And so when I came to tack him up, he jumped out of his stall and started running into the haunted part of the barn. So then I said to myself, I need to go find Spartan because he's one of my new show ponies and my mom would be furious at me. So I ran into the barn but then Spartan was hiding from me because at our old house we used to play hide and seek, so he's an expert at it. But then he led me into this old place and then I walked away from him and I got lost."

"Pause for one minute, Lou. I gotta go get some popcorn this is so exciting and scary," said Miss Evans with a little spling to it.

Where was I? said Lou. Oh yes, I lay down on some old hay. It wasn't too comfortable but it was ok. Then I woke up the next day starving."

But were you scared? asked Miss Evans.

"Yes I was just getting to that part." Lou said. "I did have this odd dream, though. I was in the barn and then a ghost came up to me and said 'you, you, right there. I'm hungry so I want a bit of your arm. Pass it over.' And then I saw some food so with my other arm I grabbed a piece of old rotten cheese and threw it at the ghost. Then I woke up and I heard Spartan. It was really hard to hear because it echoed, but Spartan didn't whinny very loud...but I could still hear him. Then I slept for one more night with no bad dreams. Then I heard Baby Sam calling my name, so I called back. And that's how I got out of the barn."

"Wow that must have been scary," said Miss Evans.

Amy asked, Miss Evans can I call my mum so she won't be worried and she can tell the radio station that Lou was found?

Yes that will be great.

Cheryl came back with three ginormous bags of junk food to celebrate Lou's return. Just then, the telephone rang. It was Lou's mom and dad calling.

Hello, this is Horseland Equestrian Connection. How may I help you? Lou's mom said, Hi, I just heard that my daughter got lost in a haunted barn and I'm wondering if she was found and she's alright.

Yes, she's alright. She got found by my lovely daughter Amy and her teacher's son, Baby Sam. If you like I could put Lou on the phone. Just one moment, please.

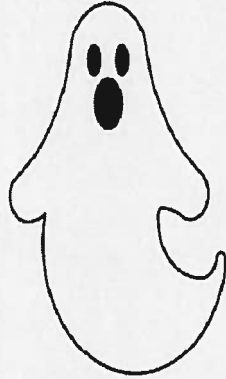

Hello? Mom! Did you hear what happened? My friend Amy was the one who saved me. Yes, mom, I'm alright. Can you pick me up at Horseland around seven o'clock and I'll be ready to go.

Amy was talking to Lou and how they started a **clue crew** and she ask if Lou would like to be in it. Lou happily said yes.

And they all had a wonderful time talking about Lou's adventure.

THE END UNTIL THE NEXT

The Water mystery

By Kea Furniss

A long time ago there was a lake. Everybody thought it was just a dusty little pond. Safiya was a normal girl who lived by the lake. She lived with her family and dog on a tiny Street that was about an hour and half of a drive from New York. Only about 16 people lived on the tiny Street called Riley Street. Riley was an old lady at the age of 76. She was nice to everybody. They all considered her like their grandma and called her Grandma Riley.

Safiya had heard that things had been going missing. Grandma Riley lost her son's birth day present, - a fishing net,- and Rae had lost her parade pearl crown. Safiya called a meeting with the Clue Crew. Safiya had created this club with her best friends Rae, Liam, Zach, Ethan, E-man and Kea. They were all 10 years old. Five years ago the Clue Crew solved their first mystery, the library mystery, where they caught the robber who had stolen antiques from the library.

Safiya dinged a little silver bell that made a big sound so that everybody on Riley Street heard it. The Clue Crew climbed up the ladder to the small purple tree house that they had built for their first mystery. The Clue Crew seated themselves in a line facing Safiya.

"So what's the emergency?" Zach asked.

"Nothing much. It just seems that things on the dock are going missing," Safiya whispered.

"Why are we whispering" whispered Rae.

"Your right Kea exclaimed." Sam, Safiya's 14-year-old brother was at the bottom of the tree house.

"Drop the ladder." he screamed. Before they did, Kea finished her sentence.

"Like I was saying," she continued, "about five things have gone missing. Rae's mermaid crown, John's Birthday gift the fishing net my shell water bottle and Zach two fish." Kea stopped talking and took a seat. Then, Ethan got up and threw down the beige rope ladder to Sam,

"I heard the bell and wanted to know the problem," Sam told them as his head poked up through the trap door.

"Sure" Ethan answered.

"It sounds to me that this is a water mystery." E-man said excitedly.

"You're right" Ethan replied. Sam pulled a chair forward and sat down next to E-man.

"So what's the mystery?" He questioned.

Safiya explained the situation to him.

Liam ran down the ladder to the barking dog at the base of the tree He picked up Mare-Pierre and ran back up. He let her down at the exact same time as Safiya finished.

"And that's what happened."

"Let's go to the lake and start investigating"

"Sure"

"Come to Come to." Paxton ran out of the big house and followed the big kids screaming

The Clue crew ran to the lake with a mystery kit and a baby bag. They ran towards the dock. Almost before you could say I love cherry pie

"Look! Come quick." Rae shouted before you could say I love cherry pie Everyone ran as fast as they could, but Paxton toddled slowly behind since it was hot and she was only in a diaper. Rae used the magnifying glass and they all looked through it. Kea picked up the shimmery scale

"It looks like a fish scale but" she was too shocked to continue "it can't be But it is." All at once they stammered in shock.

"MERMAID!"

"Mermaid mermaid" Paxton giggled.

"It has to be put it this way, I think fishing nets so no fish get caught parade pearl crown to look like a real mermaid queen a mermaid water bottle for fresh water plus bonus point a mermaid picture on it and two fish to repopulate that kind of fish."

"Who has their swim suits on!" asked Liam.

"Me" everyone answered.

"Let's take a grand dive!" he snickered. They all jumped in the lake and swam in separate directions. Kea swam with Paxton moving slowly. It took about two hours and ten minutes. Then 'I found it! The evidence.'" Sam screamed Everybody swam excitedly and fast to the surface where Sam was waiting.

"I found a trail of treasure." They eagerly followed the treasure trail to the middle of the lake there they saw a blond haired blue-eyed mermaid with the exact same scales on her tail as they had found in the sand.

"She looks won-wonderful!" Stammered Ethan. Marie-Pierre wagged her tail quickly.

"Isn't she lovely?" Safiya squeezed Paxton's hand tightly Paxton thought the whole thing was a joke and broke out laughing and pointing. E-man kept repeating to Sam

"Can you believe we are the first people in the world to see a mermaid?" Sam was taking millions of pictures with his underwater I-Phone.

"I am going to be famous." The rest of the Crew just stared. When everybody came back to their senses they all stared at Marie-Pierre and Paxton.

"Well don't just stand there help me" said frustrated Safiya frustrated. Then Safiya whispered in her nicest big sister voice. "No Paxton no cry not now. Besides it's a nice mermaid."

"That's not it at all!" screamed Sam "we don't want her to see us" yelled Sam. Paxton hated getting yelled at she tried to hide that she was hurt

"No" Paxton hated getting yelled at she tried to hide that she was hurt. Because she was mad she pulled at Marie-Pierre's tail.

"Ruff" howled Marie-Pierre loudly and the mermaid saw them behind the berry bush. The worst part was little Paxton in her diaper swam over and hugged the mermaid.

"We are so sorry mi-miss" stammered Sam taking Paxton back.

"Please call me Ruby."

"Ruby, you are very beautiful." E-man told her

"Well" she replied "thank you and I adore your hair"

"It's an original" smirked E-man

"I am sure we could talk about hair all day but we came to talk about something else" interrupted Kea.

"Yes" agreed Rae and Safiya "we did"

"What did you want to ask?" Asked Ruby kindly

"Have you been stealing our stuff" Liam asked

"Yes" admitted Ruby "the lake is dying and I wanted to save my fish friends"

"Oh my fish" exclaimed Zach suddenly understanding.

"We solved the mystery," cried Rae "Let's go buy some ice cream"

"Victory!" screamed Ethan

"Ice weem ice weem" giggled Paxton.

A week later they were involved in the mystery of the Mysterious perfume bottle....

The Mystery Locket

By: Riley Mord

Rose, Teddy and, Lily were having the best school year ever at Hogwarts. First of all they were all in Gryffindor, second of all they all played quiddich together.

The most exciting thing of all was they all got to go home to their parents after the end of the year.

Their parents' names were Harry and Ginny those were Lily's parents. Teddy went home with them because his parents died in the wizard war, and he was there cousin.

Rose's parents were Ron and Hermione.

"This is the best time ever!" exclaimed Rose. "I know!" replied Teddy. "Hurry up you two, or we will be late for potions," shouted Lily.

It was their first time going to potions. They didn't want to spoil it by being late. When they walked in their jaws dropped. There were cauldrons every were spitting out smoke. The walls were decorated with crystals. Thousands of jars were on the floor and the shelves the jars were filled with gross slimy green worms.

"Ewe!" whispered Lily.

Just then a man in sparkly green robes walked inside. "Oh my! You scared me!" He answered. "Hello my name is Horris Slughorn."

"Hi my name is Teddy, and this is Rose and Lily." Teddy replied cheerfully. "Please take a seat." Slughorn declared. After everyone was in there seat Slughorn started to talk.

Well we should get started. See this here is.....” He started to explain what it was and how you could make it.

“Okay everybody get your books and go!” He shouted.

“That was awesome!” Exclaimed Teddy.

Because they were talking they didn’t see where they were going.

“WOW!” Lily whispered.

They walked into a place filled with shelves. On the shelves were frogs, potion books, butterflies, and a bunch of other stuff. There were even chairs and couches lying on each other.

“WOW!” Repeated Lily.

“Look there is even jewellery!” exclaimed Rose.

“AAAA!” screamed Teddy

“Oh no!” Lily said in a worried voice.

Pixie fairies were picking up Teddy.

“Help! He shouted.

“Exmofius!” yelled Rose.

The pixie fairies were frozen in mid-air. Teddy fell to the ground.

“Are you okay!” Lily was worried.

“OW!” he shouted.

“I take that has a no.” whispered Lily.

“Ya think!” Rose whispered back.

Just then they heard something creak open. They saw a door. They peered through the door, inside was a basin. They slowly crept in to the silent room, and sitting in the basin was a locket. Teddy picked the locket up.

"It looks ancient." Rose Teddy and Lily all looked at each other, and then....

"I want it!" yelled Lily.

"No I want it!" Rose shouted

"Okay we will share it!" Teddy answered, a little annoyed.

So they took turns. It was Teddy's turn first.

"I look, cool!" exclaimed Teddy.

He was walking up the stairs, when someone's pants fell off.

"Awesome!" Teddy exclaimed.

"This must be a prank locket!"

"Awesome!" repeated Teddy.

Rose was next.

"I look fashionably!" bragged Rose.

Then right there someone's pants fell off. The same thing happened to Teddy.

"Cool!" Rose exclaimed.

"This must be a prank locket!"

"Cool!" repeated Rose.

Last but not least it was Lily's turn.

"I look cute!" Lily exclaimed.

Then right there someone else's pants fell off. The same thing happened to Rose and Teddy.

"Totally cutie cute!" exclaimed Lily.

They took turns again. Lily went first. But you know what happened.....Lily found someone DEAD! On the floor. First off all Lily didn't believe that someone was dead.

"Stop fooling around Daisy! Daisy! Daisy! Oh no she's dead!"

"AAAAA!"

Lily started running to Rose and Teddy's rooms.

"Guys! Guys! Guys! I don't know what happened! "Daisy's DEAD!"

"Wait what happened!" Rose exclaimed.

"I had the locket around my neck and I was walking up the stairs. Then I saw Daisy on the floor. I thought she was pulling a joke but she was dead." Lily said in a sad voice. She started to cry.

"I don't think Lily would ever kill someone." Rose exclaimed.

"I think it was the locket." Teddy said.

"The locket is trying to kill people!"

"Oh no!" Lily said in a worried voice.

"No you silly, we think the locket's magical." said Rose.

"Wait a second, where is the locket!" Teddy was surprised.

"It's not my neck?!" Lily panicked.

They started looking for the locket.

"It's not here!"

"It's not here ether!"

"Where is it?!" Rose yelled.

Just then they heard a sound. They turned around and there was the locket. It started moving, getting closer and closer and closer.

“AAAAAAA!” they all yelled in unison.

Then Lily fainted while Rose and Teddy ran out the door. They came back, and dragged Lily out the room. Then Lily woke up.

“I just had the weirdest dream ever. We were looking for the locket. Then when we turned around, the locket was right there.”

“That wasn’t a dream, dumbo, it was real!” Teddy said.

“It was scary!” Lily said in a terrified voice.

“We need to find a way to get rid of the locket.” Teddy said.

“Wait I have an idea. You know the basilisk Harry killed? “Well we can use its teeth to sneak up behind the locket when it’s not looking and stab it!” said Lily.

“That’s a good idea!” exclaimed Teddy.

So they went in to the school.

“Wait, I think this will help us.” Lily said.

They went in to Lily’s room when Lily took out THE MARAUDERS MAP!

“Omg is that the marauders map!” Rose exclaimed.

“Well yes it is.” Lily exclaimed.

“My dad gave it to me for my birthday.”

“Oooo! That’s so nice. Let’s get going. It’s not time for lovey dovey stuff right now!”
Teddy said a little annoyed. (Again.)

They used the marauders map to find the tunnel. Then they found a door with six snake heads on the door.

“I think you have to speak the language of the snakes.” said Teddy.

“It’s your turn Lily.” Rose said.

“Why do I have to do it?” Lily said a little scared.

“Because you’re the daughter of the guy who killed Voldermort.” Teddy said, giving her a little shove.

"Okay I'll try."

"ASIDA SODIYA SIYA YOA!" Lily said in the snake language.

It started to open.

"WOW! This place is cool." exclaimed Teddy.

"Come on lets go find the basilisk tooth." Rose said.

They found its skeleton just sitting there.

"My dad killed this?" Lily said a little surprised

"It's huge!" Rose said amazed.

"Okay, one of use is going to need to pull its tooth out." said Lily.

Rose and Lily both looked at Teddy.

"It's your turn Teddy" they both said.

So Teddy slowly walked over to the basilisk's skeleton and..... ripped its tooth out!

"Let's get going now." Teddy said.

"I feel like I'm going to throw up." he said.

They walked slowly to there room, they peered inside and saw the locket searching for some thing.

"One of use is going to need to stab it." Teddy said.

Lily and Teddy both looked at Rose.

"It's your turn Rose" exclaimed Teddy.

"I think we should all do it." Rose said.

"I think she's right." Lily said positively.

"Okay!" Teddy agreed.

So they all took hand to the basilisk's tooth, when the locket turned around.

"AAAAA!" They all screamed.

"Run!" Teddy yelled.

They started running around the locket, jumping on beds. Anything to get away from the locket.

"I have an idea!" whispered Rose.

"Two of us can distract the locket, while one of the sneaks up behind it and stabs it."

"Okay then I and Teddy will distract it while you Rose sneak up behind it and stab it." Lily said.

So Teddy and Lily started to distract the locket.

"Come over here locket!"

"You a chicken!"

Then Rose sneaked up behind the locket and.....STABBED IT!

"I don't think that locket will be bothering use anymore." said Teddy.

So the next time a locket tries to kill you go to Hogwarts.

Once upon a time. There was a Kid named Kid Gamer101.

He loved video games he definitely beat every Video game that was popular.

He almost wanted to be in a video game.

Then one day a fairy came to Kid Gamer 101's house and whispered in his ear im here to grant you 1 wish said the fairy!

So Kid Gamer 101 said I always wanted to be in a video game.

Then the fairy replied then wish yourself in to New Super Mario Bros.

If you wish yourself in to the video game the only way to get out is to beat every level.

Kid Gamer 101 agreed so he shouted I WISH I WAS IN NEW SUPER MARIO BROS!

Poof!

Then he was in new super Mario bros!

He started in level one. He was running and jumping over the Goombas.

Later he got a Propeller Hat.

Then later he accidentally touched a Goomba and lost his Propeller Hat TEN HOURS LATER Kid Gamer 101 was in level 5-9.

It was really hard.

But he managed to beat it.

He was EXOSTID! in level 2 there was tons of BULLET BILLS he was lucky since he found a Penguin Suit.

But then he saw a guy that throws snow balls at him.

Then the snow ball guy threw a hammer and hit Kid Gamer 101 and he froze.

But he was really close to the end of the level.

A LONG TIME LATER He was in world 8-1 it was the last world and it was really hard.

In level one there's meteors falling from the sky and there was smoke following him.

And lava there was these little Turtles with a red spike on it.

And in some places there was lava gushing up.

You had 10 seconds until the lava starts gushing up.

Kid Gamer 101 was really scared and then he saw the smoke and said that won't kill me it's just smoke.

So he walked in to the smoke and died he was so ANGRY he had only 10 lives left.

Until he had to restart so he started to run but then he saw a turtle so he jumped over it and jumped over the lava.

And then there was this weird mushroom stuff and he had to go on them to jump over the gushing lava. So he jumped quickly and made it to the end. He just needed to jump in to a tube and he got to the flag.

Kid Gamer 101 was so happy he couldn't believe he made it this far!

Then the Witch ZAPED Kid Gamer 101 and he lost his power!!!!

But he was still alive he just needed to jump on the Witch 2 more times!!!

He jumped on her head again and she got knocked out for another 5 seconds.

Now he was in the last level!!

"Kid Gamer 101 was really scared"

Then he saw a question mark so he did a bum slam!

On the question mark and out came a flower power! "Yay Exclaimed Kid Gamer 101"

So he was walking and walking and walking...

And then he saw a big piece of metal with lots of fire balls on it oh no!

Shouted Kid Gamer 101! Also the metal with fire was spinning even worse said Kid Gamer 101.

): So he jumped down and luckily he was able to dodge the fire balls.

Then he saw a floating platform but it wasn't an ordinary floating platform...

It was a floating platform the starts sinking when you step on it.

So Kid Gamer 101 jumped on it and jumped of it!

Then he saw a tube so he jumped in to it.

Then he was in a place with tons and tons of falling platforms.

So he shouldn't go to quick or else he would fall in to the lava that was slowly going down.

So Kid Gamer 101 jumped on a platform.

Then it started to fall...

Then he jumped on to another one that was slowly falling down...

Then he finally made it all the way down.

Then he saw a tube so he went in to it.

Then he was in a place that was underground then he saw a cube.

So he jumped on to it.

Then a Flower Power came out.

"Yay" Yelled Kid Gamer 101.

So he entered the door...

Then he was in this weird sand place.

Then he saw a trench so he wondered what it was for.

Then he saw a GIANT Fire Ball then he said oh that's what the trench was for.

So he jumped in to the trench as fast as he could.

Then he ducked his head down so he wouldn't get burnt.

Then he jumped out of the trench.

Then he jumped in to another trench so he wouldn't get burnt.

Then it stopped there was no more fire balls.

So he started to run really fast.

Then he saw Bowser! AAAAHHHHH!!! Shouted Kid Gamer 101.

Bowser ROARED so loud that Kid Gamer 101 started to get pushed away.

~~~~~~~~~ Then Kid Gamer 101 Ran under Bowser when he jumped up.

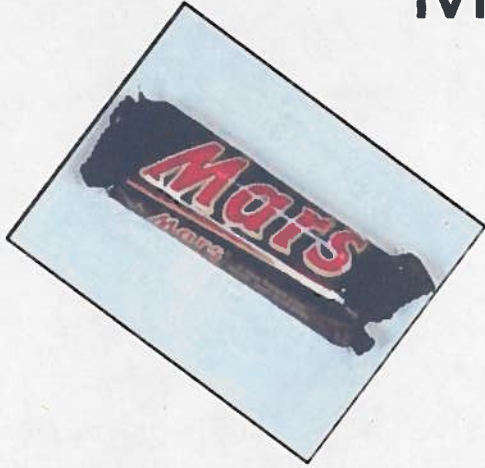

Then Kid Gamer 101 Jumped on to a button and Bowser fell in to the lava and DIED: D "YAY" Shouted Kid Gamer 101. Then Kid Gamer 101 teleported back to his house. Then Kid Gamer 101 Said I learnt a lesson it's that going in to video games are fun!

Purple people vs red people

By: Tristan Sorensen published By Robert awesome.

Once upon a time in 5002 on a planet called rainbow planet lived 12 colour people races. The two main ones were purple people and red people.

The purple people were very interesting creatures. They were about 3 times the size of a human adult. The purple people also had funny features, like triangular shaped eyes, small ears, and very skinny and tall bodies with long arms however.

Even if they seemed big to us humans, the purple people were considered small to its enemies.

The red people were the purple people's main enemies as they were even bigger; about 4 ½ the size of an adult human. They had very big triangular heads with a large spike on each end, 2 noses and a very big oval mouth that made it easy for them to eat purple people in one bite.

The purple people once owned the red people's land. But one day the red people attacked the purple city people killing them and blowing up their building. The red people chased them out of their land. Those who refused to leave were quickly eaten by red people.

The purple people ran away to an island south of the land hoping to escape these evil creatures. This island was very cold and the purple people had to adapt to their new environment and climate.

The purple people would often miss their home land. Many have tried to escape their new island in hope of returning home, but no one ever came back alive...

-

Thursday October 8th 5002-

Already 18 days into the trip, Mark, Ella, Mom and Dad we're trying to stay motivated. They had left their island in hope of one day finding their long lost mother land.

Mark a 13 year old purple geek was similar to other purples his age. He enjoyed playing video games; like StarCraft and spending time with his friends, however, what made him different to the rest of the purples was that he enjoyed reading and learning new things.

Let's say, Mark was the reason for his families' spontaneous escape from the purple island. One day in a secret book, he read about his people's past invasion by the red people. Mark was upset reading this and decided to do something. He showed his dad the book and begged him to help him retrieve what was theirs.

No need to say that his father felt the same way and packed the family in no time.

Once on the red people land, the family of 4 was quickly discovered by hideous looking creatures; the red people. They took them away and locked them up in the red people prison. But on one day the four purple people got out of their prison cell. They tried stealing the final keys but the red people soldiers spotted them and charged their way. "The red people were mad at the purple people for escaping the island and now he red people prison. But lucky enough the purple family got out safe.

Outside they quickly realized that they we're no longer on purple island. All the red people were looking at the purple people in a weird way because most red people had never seen purple people before in there life. Everyone was looking and little reds were whispering to their parents asking about the funny purple people.

Ella asked mom

'what are those, Mom?'

Mom explained

'they are the creatures that's those creatures dad fought in prison cell's.'

Mark also wanted to know what mom told Ella cell's mom what was it that you were explaining to Ella.

Can you tell me too Mom started to explain it took a long time for her to explain mom that was an awesome story mom.

So it start like this once a upon time there where purple people eaters. Everyone declared that they had to take a long, long vacation and go to town where the people are white not purple people!

Ella and Mark loved eating purple people but mom angrily told them that they would eat veges , fruit and meat not purple people. Ella played games well dad drove mom and mark practiced his reading.

Finally the red jeep stop and eat the all the purple people and dad and mom where eating the other purple people. Mom eat a sheep mom thought it was a guy or girl walking on his knees. But mom still eat the purple sheep mom was the first purple sheep eater . Mom why did you eat the purple sheep.

Because do we always have to eat ourselves? What but I can't stand not having one purple people for the last day no that not what I meant. I mean we can eat purple sheep and purple people.

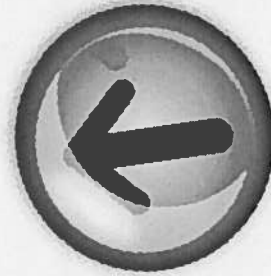

But mom why to prove that we always don't have to eat purple people well why don't you have a better reason to, not eat purple people at the red bran mom you told us that we can't have any purple people you gust have veges and meat you did not tell us the we can have some purple people. Mom was so mad at her safe for say that they can't have purple people. Mom said this is a mace that I made that I told them that they can't have purple people I going to say to them that they can have purple people and purple sheep but mark refute to have a purple sheep why do I have to have a purple sheep why can't Ella have a purple sheep what do I have to eat mom is it a purple people maybe not maybe yes no it is a purple sheep ok where is it in the field ok Mom I'll be back.

Ok I am back Hmm those where some good purple sheep Mark you have got to their these purple sheep

"Ok one bite would not hurter me." Dad toke a bite in to the purple sheep Dad likes the purple sheep Dad was so surprised that it tsetse so good man this is the best purple sheep ever tsetse Mom thank god you tsetse a purple sheep.

Star Fox

“Aaarg! They’re attacking us!” James McLeod shouted, driving his ship away from attacking noobs. The ship was shiny and white with blue wings. James looked over his shoulder to make sure that Pepy the Rabbit’s aircraft was still following him. When he looked back, a storm of lasers came crashing on their planes; a noob had shot his ship.

General Pepper who was still in the star fox base had seen the entire thing happen. With many emotions taking over his body, he pushed the panic button. “We are all going to die!” yelled General Pepper running and screaming like a little kid. “I must go save them!” He jumped in his ship and headed to the crash zone.

On site, he noticed James McLeod had died, but did not know where Pepy the Rabbit was. General Pepper went to their home planet, and told James’ son Fox about his father’s fate.

Fifteen years later, the overlord Sheep Zilla and his army of noobs was still attacking their home planet.

Fox decided one day that it was time to do something about this evil four legged sheep. He planned to attack Sheep Zilla in his own lair. One morning he went to Sheep Zilla’s spike covered lair that was made out of sharpened iron and decorated with booby traps all around the walls. If you’re not careful, you could step on a landmine buried in the dirt, and die. Quietly

sneaking into his lair, Fox saw Sheep Zilla and yelled "aaah! Sheep Zilla!" He was so worried he shot bombs everywhere.

"Hahaha! Die just like your father!" laughed Sheep Zilla. Fox got so angry that he shot a bomb in the giant sheep's mouth. Sheep Zilla exploded. If Fox didn't get out sooner or later, he would be the one to explode with the rest of this place.

Fox went to General Pepper's ship and said "I have a new name for my team."

"What is it, Fox?"

"I'm going to call it Star Fox 64 3D land. Do you want to be a part of my team?"

"No," said Fox, "I have my own team, y'all!"

"Ok, suit yourself," General Pepper replied, and saluted Fox.

"Peace out, y'all." Fox steered his ship toward Star Fox base, his home land.

Fox pressed the park button on the control panel. The ship slowed down and dropped carefully onto the smooth landing platform. The landing platform had orange guard rails that formed a circle around it. Fox opened the hatch of his ship, got up and walked out to a crowd of cheering villagers.

Dear villagers of star fox base. The war is over! Yelled Fox as the crowd cheered louder

The end...or is it? Ha ha ha...
