# INDUSTRY, TOURISM AND INVESTMENT GRANTS AND CONTRIBUTIONS PROGRAMS RESULTS REPORT 2010/2011

## EXECUTIVE SUMMARY

### PREFACE

The Mission Statement of the Department of Industry, Tourism and Investment ('ITI' or 'the Department') states: "In partnership with others, ITI will provide quality programs and services to promote and support Northwest Territories (NWT) economic prosperity and community self-reliance."

To this end, the Department offers financial grants and contributions to a wide range of clients and agencies in a variety of sectors. This Report provides a summary of grants and contributions provided during the 2010/2011 fiscal year.

### SUMMARY OF RESULTS

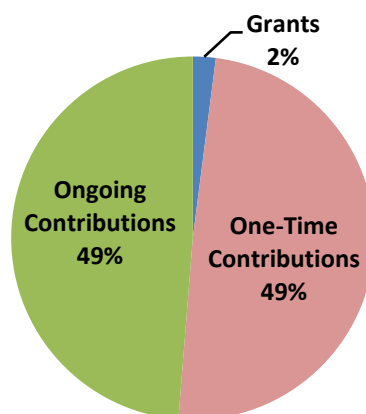

Over the 2010/2011 fiscal year, the Department provided \$21.1 million in grants and contributions to 1,322 individuals, groups and businesses in the NWT. Actual expenditures over 2010/2011 were down only slightly from 2009/2010 by approximately \$92,000.

**Chart 1: Grants and Contributions Over Six Years (\$ millions)**

As shown in Chart 2, one time contributions and ongoing contributions (such as NWT Tourism, Aboriginal Pipeline Group, and multi year contributions) each represented 49% of the total. One time contributions accounted for \$10.4 million, while ongoing contributions totalled \$10.3 million.

**Chart 2:  
Grants and Contributions 2010/2011 (%)**

Grants and contributions in this Report are considered in two categories; those made to organizations that serve the entire NWT, and those made for community-specific projects or programs.

## MAJOR GRANTS AND CONTRIBUTIONS

During 2010/2011, major NWT-wide contributions were allocated to organizations such as the NWT Energy Corporation, NWT Power Corporation, NWT Business Development and Investment Corporation (BDIC), and NWT Tourism (NWTT), which accounted for \$9.8 million. Table 1 gives a breakdown of these contributions.

**Table 1: Grants and Contributions by Client Exceeding \$1,000,000.**

	Client	Total Contributions
1	BDIC	\$3,623,000
2	NWT Tourism	\$2,870,233
3	NWT Energy Corporation (03) Ltd.	\$2,000,100
4	NTPC	\$1,371,267

Contributions over \$100,000, which includes grants and contributions to organizations such as Community Futures, Aboriginal governments and organizations, and businesses, are listed in Table 2; together these accounted for \$4.3 million in grants and contribution funding.

## CHANGING ECONOMIC TIMES, CHANGING DEMAND

The NWT has one of the most favourable long term outlooks in the country and there is great potential to grow the economy of the territory. That potential, combined with the GNWT mission to diversify and grow the NWT economy, is what drives the demand for ITI's grants and contribution programs.

- The economic fortunes of most small and medium sized businesses in the NWT will depend on mineral and tourism development. Market conditions are set to improve over the next few years; success will depend upon strong management skills, skilled labour, good marketing, and high-quality customer service.
- Manufacturing can reduce the NWT's reliance on imports, improving our balance of trade. This keeps jobs and opportunities within the territory.
- Agriculture, fisheries, trapping and commercial game harvesting generates income and employment for many NWT residents. Approximately 700 people participate in trapping, contributing an estimated \$830,000 to the economy.
- The tourism industry is forecast to grow by an annual average rate of 2.8% over the next five years; annual rates may vary depending on the economic

conditions in market countries. Positive growth is expected in the business travel, aurora viewing, and touring/camping markets.

- The Mackenzie Gas Project (MGP) is one of Canada's largest investment opportunities. The Conference Board of Canada predicts the Gross Domestic Product of the NWT will climb to \$9.6 billion by 2020, almost twice its current level, mainly associated with the MGP, and will create over 9,000 new jobs.
- Mining is the largest industry in the NWT. It is also the main source of employment, creating over 2,500 direct jobs. Industry wages and salaries are the highest in Canada. New mining projects at an advanced stage to becoming operational include such examples as: Yellowknife Gold (gold), Gahcho Kué (diamonds), NICO project (gold, cobalt, bismuth), and the Avalon Rare Earth Metals project. Together these represent more than \$2 billion in new investment potential for the NWT.
- The GNWT continues to place a priority on reducing our reliance on imported fuel oil and developing local, preferably renewable, sources of energy supply. Hydroelectricity will provide the greatest opportunity to meet the needs of future community and resource development. With over 11,000 megawatts of hydroelectric potential, our northern rivers could be the source of clean, sustainable energy.
- There is also potential for development of other renewable energy alternatives, including the establishment of wind, biomass and geothermal energy.

## NEW CONTRIBUTION PROGRAMS

There were two brand new programs introduced in the 2010/2011 fiscal year that specifically addressed the changing need to adapt to present day economies and opportunities.

### **Agriculture Development Infrastructure Program**

This Program aims to remove barriers, create employment and facilitate the development of the agriculture sector in the NWT. Under this new Program, nearly \$210,000 was distributed amongst the regions. The uptake on this Program was impressive, especially for its first year.

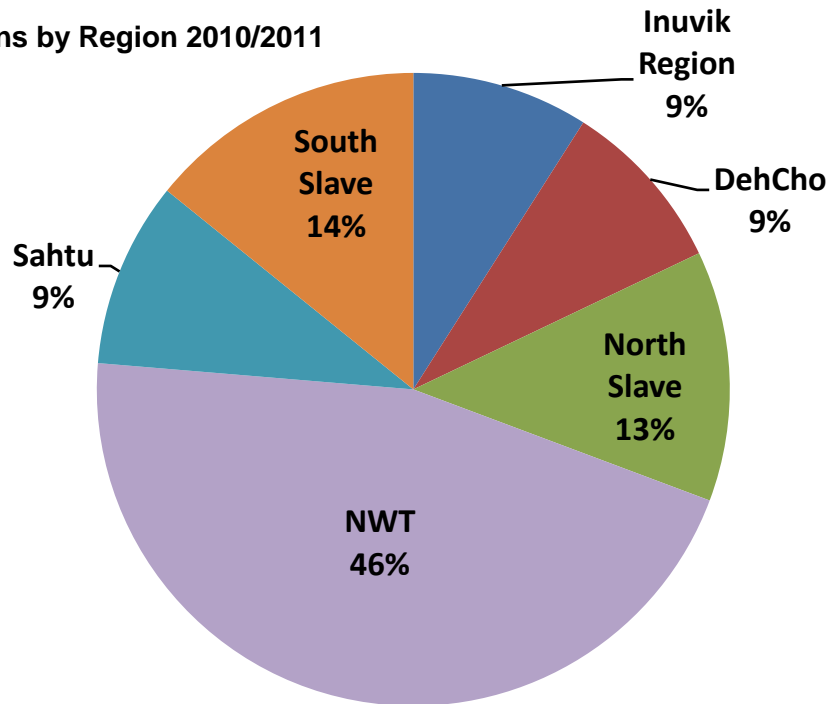

### **Commercial Promotion and Support for Commercial Harvesting, Processing and Marketing of Fish in the NWT Program:**

This Program aims to remove barriers, create employment and facilitate the availability of northern fish and meat products to consumers in the NWT. The Program will provide investment in support of the development of a cost effective and efficient food processing sector in the NWT. The uptake on this Program was also notable for its first year; close to \$285,000 was distributed amongst the regions.

## REGIONAL RESULTS

Chart 4 shows the distribution of funding by Region. A majority of funds, almost 46%, were provided to agencies operating throughout the NWT. This includes contributions made to NWT Tourism, BDIC, NWT Energy Corporation (03) Ltd. and NTPC. Otherwise, regional funding was fairly evenly distributed.

**Chart 4:**  
**Grants and Contributions by Region 2010/2011**

ITI defines a Level 1 community as one of: Hay River, Inuvik, Fort Smith or Yellowknife. All other communities are grouped as Level 2 communities. Chart 3 shows the total contributions and grants were almost identical between the two community groups; while territorial wide recipients were almost double that of level one or two communities alone.

**Chart 3: Grants and Contributions by Community Level**

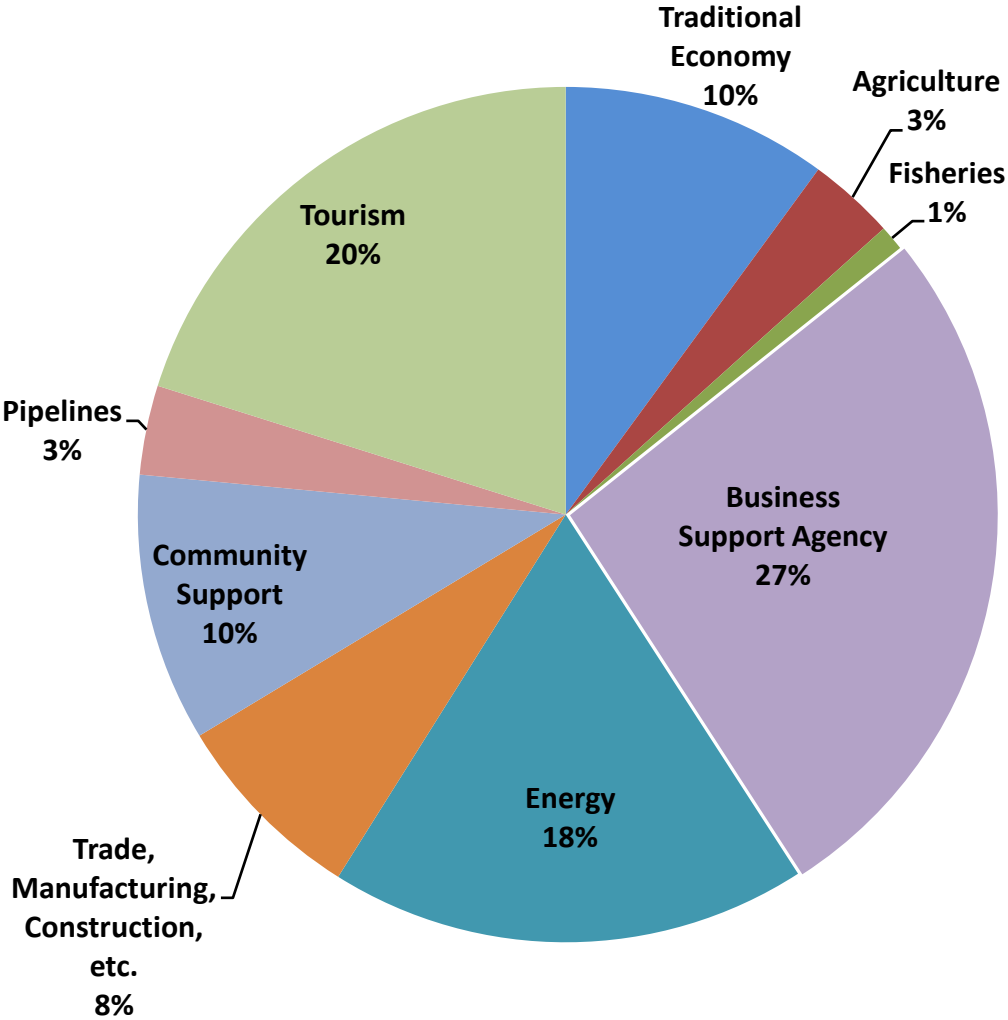

# SECTOR DISTRIBUTION

Over one quarter of contribution funding was allocated to public agencies that support business. This includes Community Futures, BDIC and Community Economic Development Officers. These agencies accounts for 27% of all contributions. Other priority sectors included tourism (20%) and energy (18%).

## HIGHLIGHTS

Over the 2010/2011 fiscal year, ITI provided \$21,154,070 in grants and contributions to 1,322 individuals, groups and businesses in the NWT.

As countries around the world work their way out of the global recession, the Department of ITI provided grants and contributions across the NWT to various businesses, Aboriginal and youth organizations, entrepreneurs, and other major projects to help diversify and grow the NWT economy.

Some highlights of ITI funding and support include:

- A total of \$1,196,550 in funding was allocated under the Community Futures Program to six CFDCs across the NWT. Services provided included: business loans and loan guarantees, counselling and assistance for entrepreneurs beginning or expanding a business, wage subsidies for those who are unemployed and want to start a new business, and access to Canada Business NWT Internet sites and business information services.
- ITI provided \$3.6 million in SEED Policy contributions to 418 individuals, businesses and organizations in the NWT. Contributions increased by approximately \$267,000 this fiscal year over last year, which shows there is a significant demand for the SEED Policy funding.
- Commercial fishery assistance continues to be a priority for the Department and \$200,000 was provided to help bolster the fishery in the NWT. Support to the industry included: the Fish Harvest Support Program, Commercial Fish Harvesters Support Program, Fish Harvesters Expansion Program, Fish Harvesters New Entrants Support Program, and core funding for the NWT Fisherman's Federation.
- Energy was a major priority over 2010/2011, with \$3.8 million in contributions targeted toward seven projects, as identified in the Energy Priorities Investment Plan, including: Sahtu Hydro Development, Lutselk'e Mini-Hydro Facility, La Martre Hydro Facility, Taltson Hydro Expansion, Hydro Strategy Development, Expansion of Residual Heat, and the Electricity Review.
- The Take a Kid Trapping Program continues to be a very popular program for NWT youth who wish to learn more about traditional lifestyle, trapping and harvesting methods. Up again over the previous year, the Take a Kid Trapping Program supported 49 projects (29 in the previous year), with approximately 1,700 participants (1,528 in the previous year).
- Tourism development in the NWT also continues to be a major priority toward diversifying the NWT's economy. Tourism development funding totalled more than \$4.27 million toward such programs as: Sport Hunt Outfitter Marketing Program (\$342,785); NWT Tourism Marketing Program (\$2,536,000); and Tourism Product Diversification and Marketing Program (\$1,395,492).
- Through the Mackenzie Valley Pipeline Office, capacity building and support continues as the NWT prepares for the possibility of one of the largest resource development projects in the Mackenzie Gas Project. A total of \$673,084 was provided for programs such as: Aboriginal Capacity Building; Support to the Aboriginal Pipeline Group, and other pipeline related initiatives.

# INVESTMENT AND ECONOMIC ANALYSIS

## COMMUNITY TRANSFER INITIATIVES

### ***Purpose***

Contributions provide funding for NWT communities to obtain the services of an Economic Development Officer (EDO), who is responsible to that community, through the provision of salary and operations funding to individual communities.

### ***Eligibility***

All NWT communities are eligible to request the transfer of ITI EDO positions where those positions have not already been transferred to the community or other community.

### ***Grant/Contribution***

Contribution

### ***Maximum Amount Per Applicant***

The maximum amount allocated per applicant varies by community depending on remoteness and whether the community is eligible for a half or full time position. The attached table provides a summary of transfers for the past three fiscal years.

### ***Program Budget***

\$1,451,000 for the 2010/2011 fiscal year

### ***Program Manager***

Investment and Economic Analysis Division

### ***Policy Authority***

Established under authority of Minister of ITI.

### ***Application Process***

Funding is through negotiated agreements.

### ***Results Reporting***

Results of the Community Transfer Initiative are reported through the Regional ITI offices. Reporting includes an annual operational plan, a quarterly activity report and a performance appraisal for the incumbent.

For the 2010/2011 fiscal year, 12 communities in the NWT successfully participated in the Community Transfer Initiative. Total funding contributed was \$1,209,920.

Where funding is less than budget, it is due to the fact that community EDO positions are not always filled and so the funding is not always accessed.

The breakdown by Community for Community Transfer Initiatives is listed below:

Program Detail	Expenditures (\$000s)		
	2010/2011	2009/2010	2008/2009
Akaitcho Business Development Corp. (a)	108,500	108,500	108,500
City of Yellowknife	50,000	50,000	50,000

## COMMUNITY FUTURES

### ***Purpose***

ITI supports Community Futures Development Corporations (CFDCs) in the NWT through annual operational contributions delivered via the Community Futures Program (CFP).

### ***Eligibility***

All seven Community Futures organizations are eligible for funding.

### ***Grant/Contribution***

Contribution

### ***Maximum Amount Available Per Applicant***

N/A

### ***Program Budget***

\$1,270,000 for the 2010/2011 fiscal year

### ***Program Manager***

Investment and Economic Analysis Division

### ***Policy Authority***

Established under the authority of the Minister of ITI.

### ***Application Process***

Operations funding, via the CFP, is based on a Contribution Agreement model.

### ***Results Reporting***

The Community Futures Program is a community-based economic development initiative delivered in each region and community by CFDCs. There are currently seven active CFDCs in the NWT. The CFDCs operate independently of government as non-profit organizations. A volunteer Board of Directors oversees the Program and is representative of the regions and communities that they serve. CFDCs operate in all 33 communities in the NWT.

Six of the seven CFDCs currently have a signed Contribution Agreement in place and receive operational contributions annually. In the 2010/11 fiscal year, a total of \$1,196,550 in funding was allocated under the CFP to six of the seven CFDCs. One of the CFDCs has consistently not met the requirements of the program for the past few years; however, funding is set aside, should they wish to participate. While each CFDC has some flexibility to set its own priorities for economic development in its respective region, they each offer a core set of services including:

- Business loans/loan guarantees including term loans up to a maximum of \$200,000.
- Counselling and assistance for entrepreneurs beginning or expanding a business.
- Wage subsidies for those who are unemployed and want to start a new business.
- Access to Canada Business NWT Internet sites and business information services.

A separate and detailed annual report is produced for the Community Futures Program.

# INVESTMENT AND ECONOMIC ANALYSIS

## SUPPORT TO ENTREPRENEURS AND ECONOMIC DEVELOPMENT

### ***Purpose***

The Support to Entrepreneurs and Economic Development (SEED) Policy is geared to provide basic contributions for starting out in business, improving capacity or skills, and helping small communities to expand their local economy.

### ***Eligibility***

All NWT businesses, business associations, band or community councils, and individuals are eligible. Specific eligibilities are provided for, under the individual program elements of the Policy.

### ***Grant/Contribution***

Contribution

### ***Maximum Amount Available Per Applicant***

Up to \$25,000 to any one client in any fiscal year, depending on program category

### ***Program Budget***

\$3,641,000 for the 2010/2011 fiscal year

### ***Program Manager***

Investment and Economic Analysis Division

### ***Policy Authority***

Established under the authority of the Minister of ITI.

### ***Application Process***

Application forms may be obtained from any local ITI office. A Contribution Agreement will be drawn up for a successful applicant. Specific terms and conditions vary according to the nature of the contribution and the project or activity being supported.

### ***Results Reporting***

In the 2010/2011 fiscal year, ITI provided \$3.6 million in contributions to 418 individuals, businesses and organizations in the NWT. Contributions made under the SEED Policy fell under the following five categories:

- Entrepreneur Support
- Sector Support
- Community Economic Development
- Micro Business
- Business Intelligence and Networking

**TABLE 1**

Distribution of Funding by SEED Program	Contributions (\$)	% Share
Business Intelligence and Networking	96,829	2.67%
Community Economic Development	1,410,186	39.01%
Entrepreneur Support	1,562,433	43.22%
Micro Business	427,201	11.82%
Sector Support	118,617	3.28%
<b>Totals</b>	<b>\$ 3,615,266</b>	<b>100%</b>

As shown in Table 2, most funding was allocated to projects for the Level 2 Communities at 57%, while the Level 1 Communities picked up 37%, and Regional Services picked up the remaining 6%.

**TABLE 2**

Distribution of Funding by Community Level	Contributions (\$)	% Share
Level 1	1,311,602	36.38%
Level 2	2,061,121	56.89%
Regional	29,973	0.83%
Pan-Territorial	212,570	5.90%
<b>Totals</b>	<b>\$ 3,615,266</b>	<b>100%</b>

### Community Levels:

Under the SEED Policy, contributions are divided up into two different community levels, as follows:

SEED COMMUNITY LEVELS	
LEVEL 1	Fort Smith, Hay River, Inuvik and Yellowknife
LEVEL 2	All Other Communities

- **Level 1:** Defined as being the most developed communities within the NWT. These communities have well developed community business infrastructure and air/road transportation links.
- **Level 2:** Defined as communities with less-developed business infrastructure and air/road transportation links.

(See Appendix "A" for the SEED Report by Region and Client)

# TRADITIONAL ECONOMY

## AGRICULTURE DEVELOPMENT INFRASTRUCTURE

### **Purpose**

The Agriculture Development Infrastructure Program aims to facilitate the development of the agriculture sector in the NWT by providing investment in support of new community-based initiatives, as well as the expansion of existing operations.

### **Eligibility**

This Program is available to individual entrepreneurs, or businesses, co-operative associations, industry associations and not-for-profit community-based organizations. Applicants must meet applicable food safety protocols relative to food handling and processing.

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

When contributions are for individual entrepreneurs or businesses, where the benefits accrue primarily to the client, the maximum contribution to one client is \$20,000. When contributions are to co-operative associations, industry associations and for profit/not-for-profit community based organizations/companies, where ownership and benefits are broad based, the maximum contribution to one client is \$50,000.

### **Program Budget**

\$250,000 for 2010/11

### **Program Manager**

Investment and Economic Analysis Division and Regional Superintendents

### **Policy Authority**

Established under authority of Minister of ITI.

### **Application Process**

Application forms may be obtained from any local ITI office. A Contribution Agreement will be drawn up for a successful applicant. Specific terms and conditions vary according to the nature of the contribution and the project or activity being supported.

### **Results Reporting**

The Agriculture Development Infrastructure Program was new for the 2010/11 fiscal year, and provided assistance for activities such as:

- Pre-design/design/construction of new facilities (greenhouses, storage facilities, washing/grading and packaging facilities, and irrigation);
- Introduction of new equipment/technology aimed at increasing yields in a cost effective and energy efficient manner; and
- Land development costs including inputs such as fertilizer, seeds, and soil (land purchase is not and eligible cost).

Of the \$250,000 available for the 2010/11 fiscal year, \$207,729 was distributed as follows:

Region	Budget	2010/11 Expenditures
South Slave	50,000	58,500
Inuvik	50,000	50,000
Sahtu	50,000	22,800
North Slave	50,000	31,500
Dehcho	50,000	44,929
<b>Total</b>	<b>\$250,000</b>	<b>\$207,729</b>

# TRADITIONAL ECONOMY COMMERCIAL FISHERY ASSISTANCE INDUSTRY SUPPORT PROGRAM

## ***Purpose***

The objective of this Program is to offset the high freight and production costs associated with operating commercial fisheries in the NWT.

## ***Eligibility***

Eligibility is restricted to commercial fishermen as defined by Ministerial Policy, holders of commercial fishing licences, and members of the NWT Fishermen's Federation (NWTFF).

## ***Grant/Contribution***

Contribution

## ***Maximum Amount Available Per Applicant***

Maximum amount available under this Program is:

1. Fish Harvesters Support Program - \$15,000
2. Commercial Fish Harvesters Support Program - \$15,000
3. Fish Harvesters Expansion Program - \$70,000
4. Fish Harvesters New Entrants Support Program - \$10,000
5. Core Funding - \$20,000 (Operations and Maintenance for the NWTFF)

## ***Program Budget***

Total Program budget is \$225,000 for the 2010/11 fiscal year.

## ***Program Manager***

Investment and Economic Analysis Division and the South Slave Regional Superintendent

## ***Policy Authority***

Established under authority of Minister of ITI.

## ***Application Process***

Program delivery is managed by the NWTFF, through a Memorandum of Understanding with the Department of ITI. Commercial fishers apply to the NWTFF for funds.

## **Results Reporting – 2010/11**

Total spending for 2010/11 was as follows:

	<b>Industry Support Program</b>	<b>2010/11</b>	<b>2010/11</b>
<b>Schedule</b>		<b>Budget</b>	<b>Year End Date</b>
1	Fish Harvesters Support Program	50,000	92,980
2	Commercial Fish Harvesters Support Program	75,000	31,070
3	Fish Harvesters Expansion Program	70,000	61,050
4	Fish Harvesters New Entrants Support Program	10,000	0
5	Core Funding	20,000	39,900
	<b>Total</b>	<b>\$225,000</b>	<b>\$225,000</b>

\$225,000 was expended in the 2010/2011 fiscal year through the five Program schedules.

Contributions included expenditures for:

### **(1) Fish Harvesters Support Program**

- a) Previous year's fish production records of all fishers and a list detailing the amount each fisher will get under the Program is required.
- b) Program aimed at small producers.
- c) This Program allows NWT fishers to continue to fish and earn an income.

### **(2) Commercial Fish Harvesters Support Program**

- a) Program aimed at larger producers.
- b) Amounts are based on previous year's fish production.
- c) This Program allows NWT fishers to continue to fish and earn an income.

### **(3) Fish Harvesters Expansion Program:**

Funding aimed at assisting fishers to defray a portion of costs for capital investments in their operations and new in 2010/11 to establish fish processing capabilities.

### **(4) Fish Harvesters New Entrants Support Program:**

Program aims to provide support to defray a portion of the costs to enter into the fishery.

### **(5) Core Funding:**

Funds assist in defraying a portion of the costs of administration for the NWTFF.

## COMMERCIAL PROMOTION AND SUPPORT FOR COMMERCIAL HARVESTING, PROCESSING AND MARKETING OF FISH AND MEAT IN THE NWT

### ***Purpose***

The Commercial Promotion and Support for Commercial Harvesting, Processing and Marketing of Fish and Meat in the NWT Program aims to remove barriers, create employment and facilitate the availability of northern fish and meat products to consumers in the NWT.

### ***Eligibility***

This Program is available to individual entrepreneurs or small businesses, co-operative associations, industry associations and not-for-profit community-based organizations. Applicants must meet applicable food safety protocols relative to food handling and processing.

### ***Grant/Contribution***

Contribution

### ***Maximum Amount Available Per Applicant***

The maximum contribution, when contributions are aimed at individual entrepreneurs or businesses, where the benefits accrue primarily to the client, is \$50,000. When contributions are provided to co-operative associations, industry associations or profit/not-for-profit community based organizations/companies, where ownership and benefits are broad-based, the maximum contribution is \$100,000.

### ***Program Budget***

\$450,000 for the 2010/11 Fiscal Year

### ***Program Manager***

Investment and Economic Analysis Division and the Regional Superintendents.

### ***Policy Authority***

Established under authority of Minister of ITI.

### ***Application Process***

Application forms may be obtained from any local ITI office. A Contribution Agreement will be drawn up for a successful applicant. Specific terms and conditions vary according to the nature of the contribution and the project or activity being supported.

### **Results Reporting**

The Commercial Promotion and Support for Commercial Harvesting, Processing and Marketing of Fish and Meat in the NWT Program was new for the 2010/11 fiscal year, and provided assistance for such eligible activities as:

#### **Market strategies**

- Research in marketing and promotion activities;
- Advertising (print, media); and
- Design and development of packaging.

#### **Product development and design**

- Research and product development;
- Product testing; and
- Specialized training and skill development.

#### **Capital Investments**

- Pre-design/design/construction of new food processing facilities; and
- Reducing costs, increasing efficiencies and yield.

#### **Food Transportation Costs**

- Reducing the cost of freight between NWT communities for food produced and sold in the NWT.

Of the \$450,000 available for the 2010/11 fiscal year, \$283,525 was distributed as follows:

<b>Region</b>	<b>Budget</b>	<b>2010/11 Expenditures</b>
South Slave	90,000	189,000
Inuvik	90,000	22,725
Sahtu	90,000	50,000
North Slave	90,000	21,800
Dehcho	90,000	0
<b>Total</b>	<b>\$450,000</b>	<b>\$283,525</b>

## COMMUNITY HARVESTERS ASSISTANCE PROGRAM

### **Purpose**

This Program provides General Hunting Licence holders with fuel, supplies, and capital assistance, through Local Wildlife Committees.

### **Eligibility**

Recognized Local Wildlife Committees. In the absence of a recognized Local Wildlife Committee, the Minister of ITI may allocate assistance directly to holders of General Hunting Licences.

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

Payments are made to community and regional organizations that are delegated the responsibility to deliver the program to harvesters. The allocation is calculated based on the number of General Hunting Licence holders in the community and past participation levels.

### **Program Budget**

\$593,000 for the 2010/2011 fiscal year

### **Program Manager**

Investment and Economic Analysis Division

### **Policy Authority**

Established under authority of Minister of ITI.

### **Application Process**

Applications must include a statement of the disposition of previous funding and sufficient information to determine the basis for changed funding requirements. The number of General Hunting Licences and participation drive funding levels. The local Regional Superintendent of ITI reviews the applications and makes recommendations to the Deputy Minister of ITI. Any appeals are submitted to the Minister of ITI.

### **Results Reporting**

Total contributions under this Program were \$572,111 for the 2010/11 fiscal year as shown below, and illustrated in Chart 6:

Region	Payment
Dehcho	97,040
Inuvik	111,995
North Slave	22,352
Sahtu	120,000
South Slave	103,725
Tłı̄chô	117,000
<b>Total</b>	<b>\$572,111</b>

The Program was delivered in 31 communities by 33 organizations recognized by the Minister of ITI as representing the interests of harvesters.

The Program responsibility has been expanded considerably since its inception in 1985. The Program has assumed discontinued programs that used to offer support aimed at outpost camps, community hunts, gas subsidies and trapper assistance. The 2010/11 program dollars assisted hunters and trappers in defraying the high costs associated with hunting, trapping and sustaining traditional lifestyles.

All communities in the NWT received benefits from the Program either directly or through the regional organizations that represented their interests. Intended for the benefit of persons holding General Hunting Licences, the funding is targetted towards Aboriginal persons in the NWT over the age of 16 and/or land claim beneficiaries.

The 2010/11 Program provided resources that allowed residents to pursue traditional activities that derived social/cultural and economic benefits. A key economic benefit arising from these activities was the replacement value of locally harvested goods when compared with costly imported products.

## GENUINE MACKENZIE VALLEY FUR PRICE PROGRAM

### ***Purpose***

To provide NWT hunters and trappers with access to financial resources necessary to participate in the fur industry.

There are three components to the Genuine Mackenzie Valley Fur (GMVF) Program:

#### **a. Advance**

The GMVF Advance Program provides guaranteed advances to trappers delivering prime fur for sale through the GMVF Program; based largely on anticipated market performance.

#### **b. Prime Fur Bonus**

If the trapper's fur is sold for the same value, or more than the advance, the trapper is entitled to receive a Prime Fur Bonus. The Bonus recognizes that the fur is in good condition and has been well handled by the trapper.

#### **c. Fall Grubstake**

A trapper must harvest 20 or more pelts, to a maximum of 200 pelts of any species in the GMVF Program to receive a payment (minimum \$100; maximum of \$1,000 per trapper).

The GMVF Program also pays for all commissions, shipping and handling fees for fur shipped to auction, and any shortfall between guaranteed prices and actual auction house-selling price.

Also funded under the GMVF Program are three additional components, implemented to provide producers with market stability and product for the craftspeople:

- Moose Hide and Caribou Procurement Program,
- Sealskin Procurement Program, and
- Beaver Pelt Procurement Program.

### ***Eligibility***

Individual holders of a valid NWT General Hunting or Trapping Licence and who are resident in the NWT are eligible.

### ***Grant/Contribution***

Grant

### ***Maximum Amount Available Per Applicant***

Funding levels are pre-determined by pelt

### ***Program Budget***

\$545,000 for the 2010/11 fiscal year

### ***Program Manager***

Investment and Economic Analysis Division

### ***Policy Authority***

Established under authority of Minister of ITI.

**Application Process**

The Program entitlement is generated by individual pelts delivered, prices obtained, and the quantum of pelts delivered over the course of the year; advances are determined by the market; the Prime Fur Bonus is determined by the value of the pelt and the effort; and the Grubstake Program by the volume. Officers with the Department of Environment and Natural Resources assess the pelts and determine suitability for advance. The auction sells the pelt. Prime Fur Bonus is paid if eligibility is met; Grubstake Program is subject to pre-determined eligibility being met. Appeals are very rare but trappers may appeal to the Minister of ITI.

**Results Reporting**

Program payments for the 2010/11 fiscal year totalled \$424,522. 731 trappers from across the NWT, representing all Regions, received support and benefits from the Program in this fiscal year, compared to 711 trappers in previous fiscal year. Auction houses provide funds based upon the sale of fur. The funds provided to the trappers represent the proceeds from sales in excess of the advances paid. Program funding has allowed trappers to maintain a more traditional lifestyle throughout the trapping season without interruption.

Program funding also offsets a portion of the high cost of operations in the NWT. This Program is well subscribed. Since 2002 it has also provided the impetus for younger persons to enter the industry and sustain a more traditional lifestyle.

**GMVF Results for 2010/2011**

Grubstake	Prime Fur Bonus	Shortfall	Shipping	Commission on Fees (O&M)	Less Recoveries	Total
122,384	192,917	105,195	4,025	97,041	(97,040)	<b>\$424,522</b>

**GMVF Fur Sales – 2005-2011**

Year	2004/05	2005/06	2006/2007	2007/08	2008/09	2009/10	2010/11
Gross Sales	972,000	1,400,000	1,309,000	1,302,000	1,127,000	829,000	1,130,000

**Gross Fur Sales -10 Years**

**Participation - 10 Years**

The three Hide and Pelt Procurement Programs are too new to assess long term impact; however, there is a significant demand for processed pelts and hides. For example, in 2010/2011, there were 478 Seal skins sold for \$41,575, and 150 Beaver pelts sold for \$12,500. As a result of the programs, there is currently a supply of seal skins and beaver pelts in inventory that are expected to be liquidated by the fall of 2011. It is anticipated that these programs will result in positive outcomes for the crafting industry.

## HUNTERS AND TRAPPERS DISASTER COMPENSATION

### **Purpose**

To assist harvesters who sustain substantial financial losses due to unavoidable natural disasters except for forest fires.

### **Eligibility**

Residents of the NWT who:

- Hold a General Hunting Licence or are land claim beneficiaries.
- Are regularly and actively engaged in renewable resource harvesting activities.
- Earned at least 25% of gross income from renewable resource harvesting for the period of 12 months immediately prior to the incident.

Compensation will not be made for losses due to carelessness or poor judgment.

### **Grant/Contribution**

Grant

### **Maximum Amount Available Per Applicant**

\$4,500

### **Program Budget**

\$15,000 per fiscal year

### **Program Manager**

Investment and Economic Analysis Division

### **Policy Authority**

Established under authority of Minister of ITI.

### **Application Process**

Applications are completed by the applicant, stating the date, circumstance and nature of the loss and are supported by an affidavit signed by the applicant and witnessed by a Commissioner of Oaths. The applicant needs to declare their income and offer evidence that 25% of their income is derived from harvesting of renewable resources.

The applicant completes a listing, with costs of goods required to replace damaged goods. Where the applicant has been deemed to be eligible and the circumstance, as well as the damage or loss, has been verified, the costs associated with replacing, or repairing the loss is approved to a maximum of \$4,500.

Applications are reviewed, complete with recommendations from the local wildlife authority, and the Departments of ITI and ENR. The final approval rests with the Assistant Deputy Minister of ITI. The Minister of ITI reviews any appeals.

### Results Reporting

Program payments were driven by events and circumstance that occur in nature, with the exception of forest fires. Program demand for 2010/11 was low as compared to some previous years, but it is difficult to project from one year to the next, as shown below and illustrated in Chart 7.

Year	2005/06	2006/07	2007/08	2008/09	2009/10	2010/11
Budget	\$15,000	\$15,000	\$15,000	\$15,000	\$15,000	\$15,000
Expenditures	\$34,000	\$100,000	\$1,590	\$18,000	0	\$4,500

Grants approved for the 2010/11 fiscal year totalled \$4,500.

Grant monies allowed the eligible individuals to continue with the traditional lifestyle, even when circumstances were significant enough to cause a disruption.

The Program provides protection to those where need is most apparent in order to continue a livelihood which would have otherwise been disrupted by a natural disaster, other than a forest fire.

## LOCAL WILDLIFE COMMITTEES

### ***Purpose***

To provide financial assistance to organizations recognized by the Minister of ITI as representing the interests of hunters and trappers within a particular community.

### ***Eligibility***

All active associations in the NWT that are recognized by the Minister of ITI as representing the interest of hunters and trappers within a particular community.

### ***Grant/Contribution***

Contribution

### ***Maximum Amount Available Per Applicant***

Amounts are determined by a formula. Maximum amount per organization could be as high as \$20,000.

### ***Program Budget***

\$258,000 per fiscal year

### ***Program Manager***

Investment and Economic Analysis Division

### ***Policy Authority***

Established under authority of Minister of ITI.

### ***Application Process***

A letter is sent to the Regional Superintendent of ITI requesting the annual funding. A report of the previous year's expenditures is required in support of the request.

All organizations are entitled to a base allocation. Additional funding to the base is population driven based upon the number of General Hunting Licences, fur trappers and the workplan tabled for the upcoming year.

Funding is approved in the Region by the local Regional Superintendent of ITI, with appeals being submitted to the Minister of ITI.

### ***Results Reporting***

In the 2010/2011 fiscal year, contributions were made to 33 organizations in 31 communities in the NWT, for a total of \$247,500. Funding to Local Wildlife Committees and regional organizations enabled them to represent their interests and deliver Community Harvesters Assistance Program funding on behalf of the harvesters they represent.

The funding to the Local Wildlife Committees provided operating funds that enabled these organizations to administer the programs, provide a presence in the community/region and maintain an ongoing administrative function in support of harvesters. Payments were made to the community/regional organizations representing harvesters in every community in the NWT.

The communities of Fort Smith, Fort Resolution and Yellowknife do not have organizations capable of meeting the minimum criteria of the program and, therefore, the Program was delivered through the Regional offices of Environment and Natural Resources.

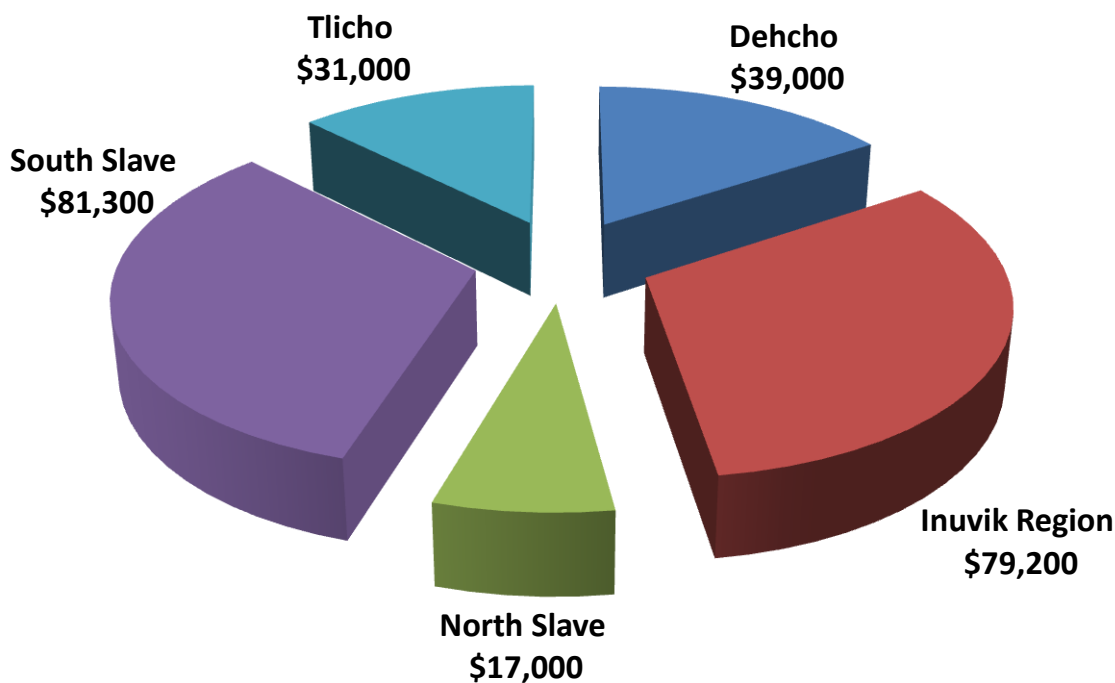

Every resident in the NWT who holds a General Hunting Licence or is a land claim beneficiary was eligible for benefits arising from the funding.

The Program funding provided services and support to harvesters through the agencies situated in the various communities/regions.

**ALLOCATIONS BY REGION:**

REGION	AMOUNT
Inuvik Region	\$79,200
South Slave	\$81,300
Tlicho	\$31,000
Dehcho	\$39,000
North Slave	\$17,000

\* Sahtu Region allocations are combined within the Community Harvesters Assistance Program allocations

## TAKE A KID TRAPPING PROGRAM

### **Purpose**

To provide support to orient youth to trapping and traditional life skills.

### **Eligibility**

Organizations, individuals, businesses recognized by the Minister of ITI as having an interest in the promotion of traditional life skills.

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

Applications normally do not exceed \$40,000

### **Program Budget**

\$125,000 per fiscal year from ITI and \$100,000 from Municipal and Community Affairs (MACA).

Additionally, the Department of Environment and Natural Resources (ENR) also provided a contribution of \$151,680 for the 2010/2011 fiscal year,

### **Program Manager**

Investment and Economic Analysis Division

### **Policy Authority**

Established under authority of Minister of ITI.

### **Application Process**

Proponents prepare and submit an application for funding to the Regional Superintendent of ITI. Applications are reviewed by regional committees made up of representatives of ITI, MACA, and ENR.

### **Results Reporting**

Forty-nine projects were delivered across the NWT involving approximately 1,700 students in 2010/2011. Additionally, the Program provided resources to lever additional dollars toward the Take a Kid Harvesting Program. Total cost in the Program including contributions and funds levered from ENR for 2010/2011 was \$376,680.

# TRADITIONAL ECONOMY WESTERN HARVESTERS ASSISTANCE PROGRAM

## ***Purpose***

This Program was instituted at the request of the NWT communities to assist Aboriginal organizations in promoting the local renewable resource economy.

## ***Eligibility***

Regional or community-based Aboriginal groups showing the active support of their constituent membership may apply.

## ***Grant/Contribution***

Contributions

## ***Maximum Amount Available Per Applicant***

Driven by pre-determined formula

## ***Program Budget***

Original commitment approved by the Legislative Assembly was \$15 million, which has been drawn down over time. Funding to organizations is subject to the approval of supplementary appropriations.

## ***Program Manager***

Investment and Economic Analysis Division

## ***Policy Authority***

FMB and the Legislative Assembly.

## ***Application Process***

Proposals may be prepared jointly or separately for Dene and Métis harvesters and may be regional in scope or from individual community organizations. The Program must assist and promote the renewable resource harvesting economy in the community/district/region.

Organization(s) must match any contribution from the GNWT and must not be from other GNWT funds. The GNWT will not provide an interest free loan or guarantee a loan from a commercial institution. Matching funds must be deposited before the GNWT will provide its contribution. Funds may not be used for administrative purposes. Pre-determined levels of funding was based on the number of General Hunting Licence holders in each community by Aboriginal descent.

The Minister of ITI recommends the application to FMB, who recommends the application for a supplementary appropriation to the Legislative Assembly.

## ***Results Reporting***

\$71,000 was contributed in the 2010/11 fiscal year to the Lutselk'e Dene First Nation. The funds were used to provide assistance in support of harvesters to acquire the necessary means and equipment to support traditional harvesting practices in and around their respective communities. Funding from this Program directly contributes support to Traditional Economy activities and augments the traditional lifestyle.

# ENERGY

## ENERGY PRIORITIES FRAMEWORK

### **Purpose**

The Energy Priorities Framework provides the foundation for development of the Energy Priorities Investment Plan, a multi-year \$60 million commitment towards energy projects and initiatives.

The Energy Priorities Investment Plan is based on priorities identified by the 16<sup>th</sup> Legislative Assembly to:

- Pursue initiatives that reduce the cost of living, and in particular, energy costs;
- Work proactively with residents, communities and industry on mitigation of climate change; and
- Advance alternative energy initiatives.

The Department of Industry, Tourism and Investment (ITI) is responsible for funding a number of projects under the Energy Priorities Investment Plan.

### **Eligibility**

The Energy Priorities Investment Plan projects are approved on a year-to-year basis.

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

As determined on an annual basis by the 16<sup>th</sup> Legislative Assembly through the GNWT business planning process.

### **Program Budget**

\$3,815,000 for the 2010/11 fiscal year

### **Program Manager**

Energy Planning Division

### **Policy Authority**

Established under authority of Minister of ITI.

### **Application Process**

The amount of this annual contribution is set through the business planning process.

### **Results Reporting**

The 2010/11 priority energy spending was represented by seven projects:

• Lutselk'e Mini-Hydro Facility	494,000
• La Martre Hydro Facility	250,000
• Sahtu Hydro Development	100,000
• Taltson Hydro Expansion	200,000
• Hydro Strategy Development	1,400,000
• Expansion of Residual Heat	1,325,000
• Electricity Review	<u>46,000</u>
<b>Total</b>	<b>\$3,815,000</b>

**Lutselk'e Mini-Hydro Facility:**

Funding provided to the NWT Energy Corporation. Development of a hydro facility, with a capacity of up to one megawatt, on the Snowdrift River, to displace diesel electricity generation and potentially supply some larger public buildings with electric heat.

**La Martre Hydro Facility:**

Funding provided to the NWT Energy Corporation. This project started as a feasibility study for a mini-hydro development on the La Martre River to supply the community of Whati. Led by the Tłı̄chǫ Investment Corporation, work is currently focused on the feasibility of a larger 13 megawatt facility to meet community needs, local resource development and growing power requirements in the North Slave Region.

**Sahtu Hydro Development:**

Funding provided to the NWT Energy Corporation. Hydro development has been discussed in the Sahtu for a number of years. The communities of Déline and Tulita have examined the development of a 126 megawatt facility on the Bear River to supply electricity to the proposed Mackenzie Valley Pipeline. Current efforts focused on gathering baseline environmental data on the Bear River and examining less intrusive forms of development i.e. hydrokinetic turbines.

**Taltson Hydro Expansion:**

Funding was provided to the NWT Hydro Corporation. This project examined expanding the current Taltson hydroelectric facility by up to 56 megawatts to supply hydro power to mines in the Slave Geological Province. This proposed project, a partnership between the Northwest Territory Métis Nation, Akaitcho Territory Government and the NWT Hydro Corporation, could replace up to 100 million litres annually of imported diesel with northern renewable electricity.

**Hydro Strategy Development:**

Funding provided to the NWT Hydro Corporation. This is considered core funding for the office responsible for developing hydro resources, including the establishment of engineering, regulatory, business support and communications positions.

**Expansion of Residual Heat:**

Funding provided to the NWT Power Corporation. The Fort Liard Residual Heat Project connects four community buildings to the system; the garage and fire hall, the Hamlet office complex and the Acho Dene School. In Inuvik, there are detailed plans to connect as many as four buildings to the residual heat system. This work will be tendered and completed in 2011/12. Desktop studies have also been completed for Ulukhaktok and Fort Simpson.

**Electricity Review:**

Funding used to conduct a review of electricity rates, regulations and subsidy programs in the NWT. Through actions detailed in the Electricity Review, the GNWT is taking a leadership role to ensure the electricity system is efficient, affordable and all communities in the NWT have equitable access to electricity.

# TOURISM AND PARKS

## SPORT HUNT OUTFITTER MARKETING PROGRAM

### **Purpose**

To support marketing assistance for sports hunting outfitters.

### **Eligibility**

The Sport Hunt Marketing Program is intended to support initiatives by the barrenground caribou and polar bear outfitters to diversify their markets, develop new products, maintain existing facilities and in some cases wind down their businesses. Open to outfitters/operators in the Inuvik and North Slave Regions only.

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

\$40,000

### **Program Budget**

\$600,000 for the 2010/2011 fiscal year

### **Program Manager**

Tourism and Parks Division and local Regional Superintendent

### **Policy Authority**

Established under authority of Minister of ITI.

### **Application Process**

- (i) Applicants must supply a detailed project description, project budget and cost quotes and any other information deemed relevant to the Regional Superintendent.
- (ii) Successful applicants will be required to sign a Contribution Agreement, which is a legal and binding commitment by the recipient to undertake specific project activities within a defined time frame. Applicants who fail to meet their commitments as outlined in the Contribution Agreement will be required to repay the contribution assistance.
- (iii) All recipients of contribution assistance must agree to public disclosure. In addition, recipients are responsible to account for the funding received, for demonstrating acceptable results for the project.
- (iv) Applicants will grant Government of the Northwest Territories access to the project site or premises to inspect all books and other financial statements and to obtain any other information necessary to evaluating the success of the project.
- (v) There is no equity requirement for this program.
- (vi) Successful applicants are not eligible to receive funding under the Support for Entrepreneurs and Economic Development (SEED) Policy or Tourism Product Diversification and Marketing Program (TPDMP) for the same project.
- (vii) Applicants are not eligible for funding if ITI has paid out claims made by their clients under the Tourist Deposit Assurance Program.

### **Results Reporting**

The Sport Hunt Marketing Program made \$600,000 in support available for the 2010/11 fiscal year.

Funds for the 2010/2011 fiscal year were divided up evenly between the barrenground caribou outfitters and the polar bear hunting outfitters, and were administered by the North Slave and Inuvik Regional offices.

### ***Eligibility***

This contribution is exclusively directed to NWTT, the association acting as the Destination Marketing Organization (DMO) for the NWT.

### ***Grant/Contribution***

Contribution Agreement

### ***Maximum Amount Available Per Applicant***

NWTT is the current organization that represents the majority of tourism industry members in the NWT and that can deliver the Tourism Marketing Program on behalf of the GNWT.

### ***Program Budget***

\$2,536,000 - An additional \$400,000 for marketing was also available through the Tourism 2010 Plan, which sunset on March 31, 2011.

### ***Program Manager***

Tourism and Parks Division

### ***Policy Authority***

Established under authority of Minister of ITI.

### ***Application Process***

This is an annual Contribution Agreement that is acquired through the business planning process.

### ***Results Reporting***

Total contribution provided through the Program totalled \$2,936,000. An additional \$75,000 was also included in the contribution agreement for the Consumer Show Program, which had been provided separately in the past. NWTT had a very busy and productive year representing NWT interests and the NWT tourism industry around the world at numerous events, conferences and meetings. With great success, NWTT effectively carried out their annual marketing plan, which included many types of advertising and promotion mediums, for the following:

- General Awareness
- Sport Hunting
- Sport Fishing
- Aurora
- Outdoor Adventure
- Touring
- Business (promotions to the business traveller already in the NWT)

NWTT participated, contributed or initiated a large number of marketing activities that targeted visitors, business travellers, and broad based audiences; as summarized below:

**General Awareness Campaigns:**

- Explorers' Guide
- Brand Management
- Display Booths
- Print Advertising
- Canadian Tourism Commission (CTC) Campaigns

- Contests and trip giveaways
- Print advertising in Canadian Geographic, Up Here, Globe and Mail, Yukon Travel Guide, Nunavut Travel Guide, City of Yellowknife Guide, CTC Germany, Japan and Domestic Ads, National Assets.
- Media Familiarization Tours (FAMs) were also held so that the writers can travel around the NWT and experience the tourism products, then write travel articles which are sold to different magazines throughout the world.

**Sport Hunting:**

- NWT Hunting Guide
- Print Ads included: North American Hunter, Peterson's Hunting and Eastman's Hunting Journal and web ads were included whenever available
- Direct Mail campaigns
- Media FAMs were also held with various hunting outfitters so that travel wholesalers experience the tourism products and promote them to their clients. They also host various writers who write travel articles that are sold to different magazines throughout the world.

### **Sport Fishing:**

- NWT Fishing Guide
- Print Ads included Fly Rod and Reel, and the Globe and Mail. Direct mail campaigns.
- Web advertising included key word searches, ad-words, banner ads, and E-marketing
- Media FAMs were also held with various sport fishing operators for wholesalers and writers for different magazines.
- Special fly-fishing promotions at the Edmonton Boat and Sportsmen Show.
- Development of on-line videos and other promotions for an interactive campaign called “Hungry Fish” which took viewers to a designated fishing page on the NWT website which featured videos, product information and links to operator websites.

### **Aurora Promotions:**

- NWT Aurora Guide
- Print advertising in the Globe and Mail, Canadian Geographic Travel, Up Here and Just for Canadian Doctors
- Web advertising included key word searches, ad-words, banner ads, E-marketing campaign and NWTT Aurora sub-site on the website
- Participation in Showcase Canada in China for introductions to key Japanese, Chinese and Korean operators
- Trade and media FAMs were also held with various Aurora outfitters and magazine writers so that travel wholesalers experience the tourism product
- Partnered with the CTC, Air Canada Japan and the City of Yellowknife on Aurora Week in November. Event included several consumer and trade seminars, a photo gallery, concierge desk, Aurora-themed drinks at all participating restaurants and a special trade and media night. Aurora Village and Enodah Wilderness Travel also attended the event.

### **Outdoor Adventure:**

- NWT Outdoor Adventure Guide
- Print advertisements included Canadian Geographic Travel, Canoe Routes, Canoe and Kayak, the Globe and Mail, and Explore.
- Web advertising included key word searches, ad-words, banner ads, and E-marketing
- Attendance at the Toronto, Calgary and Vancouver Outdoor Adventure Shows, the LA Travel and Adventure Show, Edmonton Boat and Sportsmen Show and International Sportsmen Expositions in Denver and Sacramento
- Seminars and special promotions at the Toronto Outdoor Adventure Show
- Media and Travel Trade FAMs were also held with outdoor adventure operators so travel wholesalers experienced the tourism products and exposure to their clients and magazines.

### **General Touring:**

- Print ads included the Globe and Mail, the Milepost, Up Here, RV West, and the Woodalls
- Web advertising included key word searches, ad-words, banner ads, and E-marketing

- Trade shows included the Canadian Society of Association Executives in Quebec City with Hay River, Inuvik and Yellowknife representatives and Tete-a-Tete in Ottawa.
- For the first time ever, NWTT hosted an Incentive Travel FAM tour with representatives from Incentive Travel Companies in the United States. They visited Frontier Fishing Lodge, Plummer's, Enodah, Yellowdog Lodge and a day fishing around Yellowknife.

**Travel Trade:**

- Travel Trade Manual for Tour Operators - this manual was developed so that the tour wholesalers and tour operators have a listing of all the tourism operators in the NWT that offer commissionable packages.

**German Markets:**

- Hired Trispan Marketing in Germany to build a German version of NWTT's website, as well as ran print and web campaigns.
- The General Services Agent (GSA) has given numerous NWT presentations in German-speaking European countries

**Deh Cho Travel Connection (DCTC):**

- NWTT took over the financial responsibility for the DCTC; a joint marketing campaign that is shared by the NWT, northern Alberta and northern British Columbia through the DCTC

**NWTT Toll Free Service and Fulfillment:**

- NWTT is responsible for the toll free service and fulfillment of the inquiries that are generated from the advertising campaigns. The staff answers phones, counsels prospective visitors and sends out tourism information.

**Additional Leveraged Funding:**

- Due to the funding provided by ITI, NWTT leveraged additional funding from: CanNor (\$290,000); Canadian Tourism Commission (\$64,000); Air Canada Japan for Aurora Week (\$25,000); Coop Marketing Program (\$118,000) and Tourism Industry In-kind (\$40,000).

**Tourism Association Business:**

- NWTT held its Annual General Meeting in Inuvik on the afternoon of November 24, 2010 and elected a new board of directors. They also held their Tourism Conference on November 25 and 26, 2011 in Inuvik.

## ABORIGINAL CAPACITY BUILDING

### **Purpose**

To provide Aboriginal organizations in regions most impacted by the proposed Mackenzie Gas Project, with assistance for capacity-building. The goal of the program is to improve the competitive position of the NWT oil and gas sector and stimulate employment opportunities through capital investment.

### **Eligibility**

Applicants must be members of an Aboriginal organization located within the Inuvialuit, Gwich'in, Sahtu, South Slave, and Dehcho Regions.

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

\$90,000 for each claimant group or Region

### **Program Budget**

\$360,000 for the 2010/2011 fiscal year

### **Program Manager**

Mackenzie Valley Pipeline Office (MVPO) and Regional Superintendents

### **Policy Authority**

Established under authority of Minister of ITI.

### **Application Process**

Aboriginal organization applicants provide an annual work-plan and budget, detailing proposed activities, schedule and a source and application of all project costs.

\$90,000 is available for each claimant group in the Inuvialuit and Gwich'in settlement areas. The Inuvialuit Regional Corporation (IRC) and Gwich'in Tribal Council (GTC) receive the entire allocation, determine and administer the funds in their respective settlement areas.

The Sahtu ITI Regional Superintendent, based on previous approvals and applications received, determines the Sahtu Region's \$90,000 annual allocation.

The Dehcho and South Slave Regions \$90,000 annual allocation is shared between the two GNWT Administrative Regions, with the ITI Regional Superintendents of the two Regions determining the maximum amount for each recipient based on the number and type of applications received and previous approvals.

In the Sahtu, Dehcho and South Slave Regions, the Regional Petroleum Advisor and the ITI Regional Superintendent determine the Regions' funding priorities. The ITI Regional Superintendent approves the application.

The Deputy Minister will rule on appeals either by requesting that the application be reconsidered or denying the appeal.

# MACKENZIE VALLEY PIPELINE OFFICE

## SUPPORT TO THE ABORIGINAL PIPELINE GROUP

### **Purpose**

Support the Aboriginal Pipeline Group (APG) in obtaining a one-third ownership interest in the MGP.

### **Eligibility**

Assistance is limited exclusively to the APG, the legal entity established to hold the NWT Aboriginal peoples' ownership interest in the Mackenzie Valley Natural Gas Pipeline.

### **Grant/Contribution**

Contribution

### **Program Budget**

\$300,000 for the 2010/2011 fiscal year

### **Program Manager**

Mackenzie Valley Pipeline Office (MVPO)

### **Policy Authority**

Established under authority of Minister of ITI.

### **Application Process**

The GNWT, Government of Canada and TransCanada Pipelines Limited, jointly fund the administration costs of the APG. The APG Board of Directors submits an application each year, which includes audited financial statements and an annual report, highlighting activities and results of the previous year, a work plan and budget for the upcoming year.

### **Results Reporting**

The Inuvialuit, Gwich'in and Sahtu are members of the APG partnership and, as part of their 2010/11 work plan; the APG Board of Directors identified a number of key areas in which the partnership would work toward achieving results throughout the upcoming year; including:

- In December 2010, after six years, the MGP received regulatory approval from the National Energy Board (NEB). The Certificate of Public Convenience and Necessity issued by the NEB will expire in 2015 if construction has not commenced by December 31<sup>st</sup> of that year.
- APG continue to maintain contact with potential financiers and is now developing a detailed financing work plan.
- APG continues to represent its Aboriginal shareholders in all MGP decision-making forums.
- APG participated in all discussions with the Government of Canada on the fiscal framework agreement for the Project.
- APG has been active in promoting the benefits of participation in the APG opportunity with all Aboriginal groups in the NWT, especially in the Dehcho communities.
- The implementation of a comprehensive communications strategy has resulted in a better understanding of APG's benefits, and a closer identification of APG as a locally-owned Aboriginal organization.
- APG uses every forum in the MGP decision-making process to promote Aboriginal opportunities.

# INDUSTRIAL INITIATIVES

## DIAVIK SOCIO-ECONOMIC MONITORING AGREEMENT

### ***Purpose***

Allows for operation of a Board established through the Diavik Socio-Economic Agreement (SEA). The Diavik SEA provided for the creation of the Diavik Community Advisory Board (DCAB) to monitor the commitments made in the Diavik SEA. DCAB also provides a way for communities to comment on the impacts they are seeing from the Diavik Project.

DCAB provides advice to the Parties to the SEA about how effectively the SEA is being implemented. DCAB has the authority to recommend changes that can help the SEA achieve its intended results.

### ***Eligibility***

Funding is directed to DCAB, the advisory board established through the SEA.

### ***Grant/Contribution***

Contribution

### ***Maximum Amount Available Per Applicant***

Reviewed every three years

### ***Program Budget***

\$180,000 for the 2010/2011 fiscal year

### ***Program Manager***

Industrial Initiatives

### ***Policy Authority***

Authority for this contribution was established through GNWT signature of the Diavik SEA.

### ***Application Process***

Diavik and the GNWT jointly fund DCAB. DCAB submits a proposed workplan and budget to the two funders for approval once every three years. The SEA describes the mandate and role of DCAB, providing direction for work plan activities.

### ***Results Reporting***

Under the Contribution Agreement, the Board is required to provide audited financial statements showing how funds were spent.

The approved three-year workplan outlines initiatives and tasks. DCAB plans to:

- Issue Annual Reports
- Develop and maintain a toolkit to help communities identify Project impacts consistently
- Identify priority recommendations to the parties
- Engage in the development of resources (including annual reports and the plain language SEA) in Dene, Métis and Inuit languages
- Carry out impact studies in communities
- Let communities know about its findings and its role

- Hold community meetings

The current work plan is enabling communities in the Slave geological region to collect and publish information about community impacts in a consistent way. This will help DCAB to review and compare community-driven indicators across a broad geographic area and across cultural groups. This work ensures strong community involvement in industrial monitoring.

DCAB is made up of representatives from Behchokò, Whati, Gametì, Wekweètì, Dettah, N'dilo, Łutsek'e, Kugluktuk and the North Slave Métis Alliance. Two representatives from both Diavik and the GNWT also sit on the Board. This unique Board provides an outlet for valuable input and consideration by all Parties on a variety of issues arising from the Diavik Project.

In 2010/2011, DCAB:

- Received and reviewed reports from Diavik Diamond Mines Inc. (DDMI) and the GNWT
- Held regular board meetings, including at the Diavik mine site
- Engaged a contractor to work on an improved and interactive website
- Enabled community representatives to complete proposals for work under the toolkits
