Minister Health
Government of N.W.T.
Yellowknife, NT

Re: Allisdair Leishman

Please accept this letter as our support for Mrs. Margaret Leishman in pursuing the best care for her son Allisdair Leishman, who is presently in Ponoka, Alberta. We believe that he requires rehabilitation services right now and for some foreseeable future, which is best provided at the Halvar Jonson Centre in Ponoka, Alberta.

Margaret Leishman and family were also requesting an inquiry into events leading up and events during his accident at the Stanton Hospital. A decision or recommendations in this regard would be appreciated soonest.

If you and/or your office require any other clarification please contact Mrs. Margaret Leishman directly or contact myself @ (867) 699-7000.
