## INTRODUCTION

The Main Estimates represent the Government of the Northwest Territories' proposed appropriations for the 2011-2012 fiscal year. The Estimates detail all expenditures projected to be incurred, all revenues projected to be earned and the projected level of capital investment, for the period April 1, 2011 to March 31, 2012, in order to implement strategies and achieve the goals of the Government.

The 2011-2012 Budget Address is an integral part of these Estimates. The Budget Address and the Main Estimates together constitute the budget of the Northwest Territories.

The Legislative Assembly is being requested to appropriate funds at the departmental level, as detailed in the Main Estimates, for operations expenditures for the fiscal year ending March 31, 2012.

Beginning in 2009-2010, the GNWT has gone to presenting the Operations Expenditures (Main Estimates) and the Infrastructure Investment Expenditures (Capital Estimates) in two separate documents. The Capital Estimates are approved by the Legislative Assembly during its fall sitting.

### Operations Expenditures

Operations Expenditures include only the proposed operating expenses and amortization for each department.

The following detailed information is provided for each department:

- **Accounting Structure Chart:** detail on how the department's financial accounts are organized.
- **Organizational Chart:** details how the department is organized for administrative purposes.
- **Department Overview:** includes the mission and goals of the department.
- **Graphs:** illustrate the allocation of proposed expenditures to major activities and a five-year comparison of actual and proposed expenditures.
- **Department Summary:** the following information is provided for each department:
  - **Operations Expenditure Summary:** the total appropriation requirements by control object for the department. The control objects included are compensation and benefits, grants and contributions, other expenses and amortization. This schedule also provides further details of the other expenses category.
  - **Active Position Summary – By Region:** the total number of positions, by category, serving the department in each region.
  - **Active Position Summary – Community Allocation:** the total number of positions, by category, serving the department by community groupings
  - **Revenue Summary.**
- **Activity Summary:** the following are provided for each activity;
  - **Activity Description:** an explanation of the purpose or programs delivered for each activity.
  - **Operations Expenditure Summary:** appropriation requirements for the activity summarized by major categories (control objects).
  - **Program Delivery Details:** details of appropriations required for each of the major program functions within each activity. This schedule is not provided for those activities that only provide administrative service to the department.

**INTRODUCTION ( continued )**

- **Grants and Contributions:** details on the proposed grants and contributions included in the required appropriations for each activity.
- **Summary of Active Positions - By Region:** the total number of positions, by category, serving the activity in each region.
- **Summary of Active Positions – Community Allocation:** the total number of positions, by category, serving the activity by community groupings.
- **Summary of Work Performed on Behalf of Others:** the Government undertakes to perform certain functions, in the Northwest Territories, on behalf of the Government of Canada or others. Expenditures incurred for these activities are fully recovered and are not required to be voted on by the Legislative Assembly.
- **Other Information Items:** includes proposed departmental expenditures or financial activities related to various boards, agencies or revolving funds.

**Infrastructure Investment Summary**

An infrastructure investment summary is provided for all departments that have assets currently in service, regardless of whether any infrastructure is planned during 2011-12. The infrastructure investment summary provides the following information:

- The total historical cost of capital assets in service acquired in previous years and the total net book value of these assets. The net book value represents that portion of the original cost that has not been amortized. This should not be construed as being representative of market value.
- The changes that are projected to occur during the year. This includes the total cost of assets expected to be put into service during the year and any estimated disposals during the year.
- The estimated amortization expense for the year, based on assets in service at the beginning of the year adjusted for additions or disposals during the year.
- Work-in-Progress is the cost expended on capital projects that will be incomplete at the end of the year.
- A calculation of the value of the assets the department is projecting to come into service.

For further clarification on terms used in the Main Estimates and the budget development process, please consult the Glossary in Appendix A and The Budget Development Process in Appendix B.

The 2011-2012 Main Estimates and Budget Address are available on the Net through the GNWT Home Page ([www.gov.nt.ca](http://www.gov.nt.ca)) or through the Department of Finance Home Page ([www.fin.gov.nt.ca](http://www.fin.gov.nt.ca)).

# **LEGISLATIVE ASSEMBLY**

## MISSION

To safeguard and promote the principles of consensus government and the institution of the Legislative Assembly in order to foster an empowered and representative government that is relevant and accountable to the people of the Northwest Territories.

## GOALS

The office of the Legislative Assembly has the following goals over the planning period:

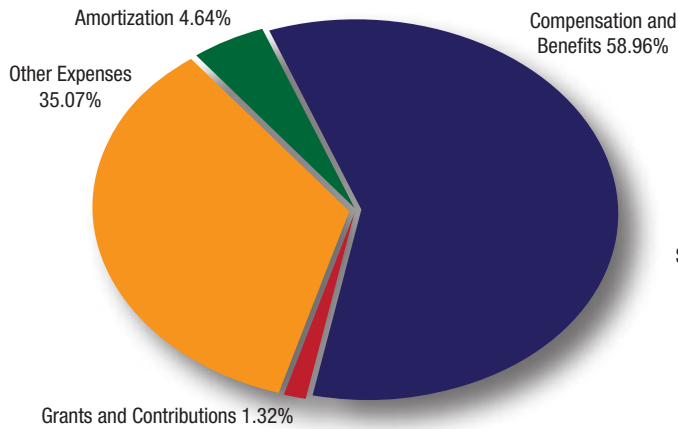

1. Provide the opportunity for meaningful input from all Members and the general public in the passage of laws.
2. The government is authorized to expend public monies in pursuit of clearly defined program and service delivery goals and objectives on behalf of the residents of the NWT.
3. Elected Members of the Legislative Assembly are assisted in achieving their vision for the Northwest Territories, as expressed in the 16<sup>th</sup> Legislative Assembly's Vision and Goals document *Northerners Working Together*.
4. Ensure the independence and effectiveness of Statutory Offices in completing their legislated responsibilities.
5. Collaboration and communication amongst all Members, standing committees and governments.
6. The general public is well informed and has access to Legislative Assembly processes and decisions.
7. To adhere to the highest standards of public sector governance within the consensus system.
8. The promotion of the Legislative Assembly as the "Place of the People".
9. The Legislative Assembly provides a forum for meaningful and relevant debate about the issues and challenges facing the residents of the NWT.
10. Highly motivated, efficient staff with a shared understanding of the organization's future.

## STATUTORY OFFICERS

### Activity Description

This activity provides for the independent operation of the following Statutory Officers: Languages Commissioner, Information and Privacy Commissioner, Conflict of Interest Commissioner, Equal Pay Commissioner, Human Rights Commission, Director of Human Rights and the Human Rights Adjudication Panel.

The Languages Commissioner's duty is to ensure that institutions of the Legislative Assembly and GNWT respect the provisions of the *NWT Official Languages Act* and any other act or regulation relating to the status or use of official languages.

The Information and Privacy Commissioner provides an independent review of discretionary decisions made by public bodies in response to requests for access to information that government creates and receives.

The Conflict of Interest Commissioner provides advice to Members on how to arrange their business and financial affairs to comply with the conflict provisions included in Part 3 of the *Legislative Assembly and Executive Council Act*. The Commissioner also conducts investigations into conflict of interest complaints against Members.

The Equal Pay Commissioner is responsible for ensuring that public service employees are not, on the basis of sex, paid a lower rate than other employees who perform work of equal value.

The Human Rights Commission is responsible for promoting equality in order to reduce discrimination against territorial residents.

# **EXECUTIVE**

## MISSION

The mission of the Department of Executive is to provide overall management and direction to the Executive branch of Government. The key areas for which we are responsible for achieving results are:

- Coordinating and supporting the planning, implementation, monitoring and evaluation of initiatives and actions in support of cross-government goals.
- Providing policy, strategic, legislative and communications advice to support Cabinet and Ministers;
- Negotiating and coordinating the transfer of provincial-type powers and responsibilities with respect to public lands and resources; and
- Supporting effective corporate communications, and dissemination of appropriate economic, social and demographic statistics, to government employees, the public and other governments.

## GOALS

The Department of Executive shall ensure effective:

1. Support for informed decision-making in planning, development and implementation of policies and programming,
2. Conclusion of devolution and resource revenue sharing agreements,
3. Coordination of Government operations, both between departments and between headquarters and the regions,
4. Working relationships with Aboriginal and community governments,
5. Management of the implementation of the GNWT Strategic Plan.

## HUMAN RESOURCE STRATEGY AND POLICY

### Activity Description

The Human Resource Strategy and Policy Division is responsible for the development and review of government-wide human resource management strategies, legislation, policies, guidelines and practices as well as quality assurance services to ensure that legislation, policies and guidelines are consistently and fairly applied. It is also responsible for government-wide management of the Human Resource Information System (HRIS). The Division provides financial planning, research and analysis, communications, and records management services for the Department of Human Resources.

## CORPORATE HUMAN RESOURCES

### Activity Description

The Corporate Human Resources' Division is responsible for the provision of human resource management planning frameworks and strategic support services across government.

This Division is responsible for co-ordinating the implementation of the NWT Public Service Strategic Plan 20/20: A Brilliant North. The Plan provides a 10-year framework for the development of a Public Service with a public focus. In support of achieving the goals set out in the Plan, the Division co-ordinates government-wide human resource management programs, particularly in the areas of recruitment, retention, workforce adjustment, employee recognition, management and leadership development, and employee training and development.

The Division also strives to provide a comprehensive and clear framework of terms and conditions of employment that:

- is broadly used and understood;
- promotes harmonious labour management relations;
- results in fair and consistent treatment of staff;
- promotes productive work environments; and,
- results in high service and ethical standards within the Public Service.

**Job Evaluation & Organizational Development** – Coordinates the evaluation of GNWT positions, ensuring consistency of evaluations. Provides training on the job evaluation system and maintenance of all GNWT organization charts. The unit also provides advice and support to management on organizational development.

**Labour Relations** – Provides advanced labour relations advice to GNWT managers and human resource staff to promote effective management of employment relationships with all GNWT employees. This assistance includes collective agreement and other employment contract interpretations, advice on attendance management and performance issues, support in responding to grievances, management of arbitrations and Human Rights complaints, and general labour relations training.

**Recruitment Support Unit** - Responsible for the provision of specialized recruitment advice, analysis and support, as well as the development planning and implementation of specialized recruitment programs, strategies and initiatives. It assists Deputy Heads and Senior Management teams with planning of recruitment and development initiatives to ensure that the Public Service has adequate numbers of skilled individuals who can provide programs and services to the people of the Northwest Territories.

**Employee Development & Workforce Planning** - Manages the development and implementation of government-wide human resource management programs and strategies aimed at the retention, engagement and development of GNWT employees. The unit also provides advice and support to management on succession and workforce planning, performance management, change management and competency development. Programs and approaches include Staff Retention, Employee Recognition, Performance Management, Health and Wellness, Entry and Exit Surveys and GNWT Orientation. The unit coordinates an Employee Learning and Development process and coordinates benefits analysis and the liaison with benefits providers.

HUMAN RESOURCES

---

**This page intentionally left blank**

## REGIONAL OPERATIONS

### Activity Description

The Regional Service Centres are responsible for the provision of front-line general human resource services, as well as strategic advice and guidance in the area of human resource planning to management that support recruitment and retention and ultimately ensure that the NWT public service has the right people, in the right place, at the right time. Human Resource services include recruitment, labour relations advice, job description preparation, employee development, and support for human resource planning and employee recognition for all GNWT managers. In addition, the service centres offer benefit and data management services to the regional public service.

**Northern Region** – The Northern Region consists of the Inuvik and Sahtu Service Centres. The Inuvik Service Centre is responsible for providing services to the Beaufort Delta communities of Ulukhaktok, Sachs Harbour, Paulatuk, Tuktoyaktuk, Aklavik, Tsiigehtichic, Fort McPherson and Inuvik. The Sahtu Service Centre provides services to the Sahtu communities of Norman Wells, Fort Good Hope, Colville Lake, Tulita and Deline.

The Inuvik Service Centre also provides HRHelpDesk services to all GNWT employees.

**Southern Region** – The Southern Region consists of the Fort Smith, Hay River and Dehcho Service Centres. The Fort Smith Service Centre is responsible for providing services to the South Slave communities of Fort Smith, and Fort Resolution. The Hay River Service Centre is responsible for providing services to Hay River and the Hay River Reserve. The Dehcho Service Centre is responsible for providing services to the Dehcho communities of Fort Simpson, Wrigley, Jean Marie River, Nahanni Butte, Fort Liard, Trout Lake, Kakisa and Fort Providence.

**ABORIGINAL AFFAIRS AND  
INTERGOVERNMENTAL RELATIONS**

## MISSION

The Department of Aboriginal Affairs and Intergovernmental Relations is responsible for negotiating, implementing and monitoring land, resources and self-government agreements, including Treaty land entitlements; managing the GNWT's relationship with the federal government and with provincial, territorial and Aboriginal governments and circumpolar countries, in all matters of intergovernmental significance; and providing strategic advice on matters pertaining to federal-provincial-territorial-Aboriginal relations.

## GOALS

The Department wants to achieve:

1. The conclusion of land, resources and self-government agreements in a manner that respects the inherent right of self-government and ensures an overall effective, affordable and workable system of governance, capable of providing an adequate and comparable level of quality programs and services to all NWT residents.
2. The successful ongoing implementation and monitoring of land, resources and self-government agreements by ensuring all GNWT obligations within the agreements are met.
3. Constructive and co-operative intergovernmental relations with federal, provincial, territorial, Aboriginal and foreign governments that are based on mutual respect.

## CORPORATE MANAGEMENT

### Activity Description

The **Directorate** manages the internal operations of the department and provides strategic advice and support to the Minister. The division administers the grants and contributions program available to Aboriginal governments and organizations.

The **Policy, Planning and Communications** division provides policy advice, information and assistance to the department, and coordinates the department's financial, human resources and business planning activities, as well as administers all records management. The division leads the development and review of negotiating mandates that guide GNWT negotiating teams at all land, resources and self-government negotiations. The division is also responsible for the department's legislative initiatives, communications projects and strategies.

## NEGOTIATIONS

### Activity Description

The **Negotiations** division is responsible for leading the GNWT's participation at land, resources and self-government negotiations in the NWT. Successfully concluding land, resources and self-government agreements throughout the NWT will lay the foundation for attaining political certainty, building mutually respectful intergovernmental relations and realizing the economic potential of the NWT.

## IMPLEMENTATION

### Activity Description

The **Implementation** division is responsible for negotiating implementation plans and related financing agreements, including incremental costs, associated with implementing land, resources and self-government agreements. It is also responsible for negotiating a comprehensive approach for self-government financing with the federal government.

Fulfilling the GNWT's obligations under land, resources and self-government agreements ensures that Aboriginal governments and the people they represent enjoy the benefits of their agreements. It also builds the foundation for mutually respectful government to government relations and promotes comparable levels of programs and services throughout the NWT.

## INTERGOVERNMENTAL RELATIONS

### Activity Description

The **Intergovernmental Relations** division promotes and advances the GNWT's commitment to develop and maintain mutually respectful intergovernmental relations between the GNWT and federal, provincial, territorial, Aboriginal and international governments. In doing so, the division protects, develops and promotes the interests and aspirations of NWT residents in the GNWT's intergovernmental relations activities.

# **FINANCE**

## MISSION

The mission of the Department of Finance is to foster an environment for stable, effective and efficient government by:

1. Acquiring and managing the necessary financial resources to ensure delivery of programs and services to residents in an affordable, sustainable and accountable manner.
2. Maintaining a fair and stable taxation regime that meets the needs of individuals and businesses, supports a strong economy, and is responsive to economic, social and environmental matters.
3. Managing the information resources of the government.
4. Managing liquor distribution and sales, and enforcing liquor legislation and regulations.

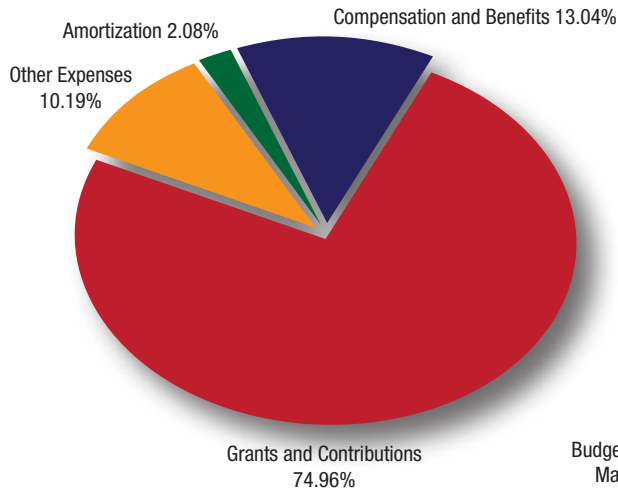

## GOALS

1. A strong sustainable financial position for the Government of the Northwest Territories.
2. The fiscal regime of the Northwest Territories supports a stable political environment and a strong economy that is able to address key social, economic and environmental initiatives.
3. The Government of the Northwest Territories has the fiscal and financial information and analysis necessary to support policy development and decision making.
4. The Government of the Northwest Territories' assets and liabilities are managed effectively.
5. The Government of the Northwest Territories is organized for maximum efficiency.
6. The Department of Finance is responsive to client needs.
7. Public confidence in the prudence and integrity of the Government of the Northwest Territories is maintained through a financially open and accountable government.

**DEPUTY MINISTER'S OFFICE****Activity Description**

The Deputy Minister's Office includes the Office of the Deputy Minister/Secretary of the Financial Management Board, the Policy and Planning Division and the Financial Services Division.

The duties and responsibilities of the Deputy Minister of Finance/Secretary of the Financial Management Board are described in the *Financial Administration Act*. In addition, the Deputy Minister of Finance/Secretary of the Financial Management Board directs the support of the Financial Management Board and provides financial and administrative leadership for the GNWT.

The Policy and Planning Division has responsibility for: developing and maintaining departmental policies, the department's budget management program, and the records management program; the provision of information systems and information management support to the department; providing strategic advice on departmental performance and emerging issues and coordinating the department's involvement in the self-government process.

The Financial Services Division has responsibility for providing a full suite of expenditure management services to the Departments of Finance, Executive, Human Resources and Aboriginal Affairs and Intergovernmental Relations.

## FISCAL POLICY

### Activity Description

Fiscal Policy is responsible for providing research, analysis and recommendations on the fiscal policies of the government; monitoring economic conditions as they affect the government's fiscal position; providing macroeconomic research and policy advice; providing analysis and advice on Canadian and NWT tax policies; monitoring and advising on intergovernmental fiscal relations; and preparing the annual budget address. The Division also provides technical support for the Minister and Deputy Minister of Finance in federal-provincial-territorial discussions and represents the Government of the Northwest Territories on intergovernmental Finance committees.

**OFFICE OF THE COMPTROLLER GENERAL****Activity Description**

The Office of the Comptroller General is responsible for control of the administration of the consolidated revenue fund with respect to the receipt and payment of public money, accounting policy, the financial records of the GNWT, reporting responsibilities, financial analysis, advice and interpretation, internal auditing and related matters.

The Internal Audit Bureau provides an independent, objective assurance and consulting service to improve the GNWT's operations by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, internal controls and governance processes.

Accounting Services is responsible for the development of corporate accounting procedures and policies, administration and integrity of the government's financial information system, revenue, accounts receivable and accounts payable functions, management of the environmental liability fund, external financing reporting, and providing collections and credit granting functions.

The Division is also responsible for making payments pursuant to the Territorial Power Subsidy Program policy.

**LIQUOR REVOLVING FUND**

The Liquor Revolving Fund has been established under the Liquor Act and provides working capital to finance the operations of the Liquor Licensing Board, the Liquor Commission and the administration and enforcement of the Act. The Liquor Licensing Board is responsible for the issuance of all types of liquor permits. Liquor Licensing and Enforcement provides support to the Board, is responsible for the enforcement of liquor-related regulations and restrictions, and assists communities in respect of matters arising under the Act. The Liquor Commission is responsible for the purchase, warehousing, distribution and sale of all alcoholic beverages in the Northwest Territories. The Board, Commission and Liquor Licensing and Enforcement are funded by the sale of alcoholic beverages.

# **NWT HOUSING CORPORATION**

## **MISSION**

The Northwest Territories Housing Corporation (NWTHC) provides access to adequate, suitable and affordable housing. Through the provision of housing programs and services, the NWTHC contributes to the health and education of Northwest Territories (NWT) residents and to the development of sustainable, vibrant and safe communities.

## **GOALS**

1. Increase the supply of adequate, suitable and affordable housing in communities to address the housing needs of NWT residents;
2. Acquire and plan for sufficient land for the purpose of providing affordable housing;
3. Provide homeownership and rental programs and services that are effective and appropriate;
4. Enhance the long term sustainability and energy efficiency of housing in the NWT, and;
5. Promote personal responsibility and accountability for housing through community-based training and support.

The Financial Summary reflects the 2011-12 planned expenditures of the Northwest Territories Housing Corporation for general operations and for capital and financing programs, including the Infrastructure Acquisition Plan. The financing for these expenditures includes funding from the Canada Mortgage and Housing Corporation and various other sources. This information is intended for review purposes only with a net contribution of \$61,175,000 provided by the Government of the Northwest Territories, through our sponsoring department, the Department of Finance.

## **CORPORATE SUMMARY**

The Northwest Territories Housing Corporation provides social and market housing programs and services, including subsidized rental housing, subsidized homeownership programs (including purchase and repairs), and the provision of unsubsidized rental housing in rural and remote communities. Policy and program development play a key role in creating appropriate programs to address the core housing need of NWT residents and promote self-reliance. The Corporation incorporates energy efficient technologies in its housing design and in the retrofitting of housing to improve its sustainability and energy efficiency. The Corporation continues to work in partnership with the Canada Mortgage and Housing Corporation (CMHC) to cost-share the development and improvement of housing infrastructure across the NWT. At the community level, the Corporation partners with Local Housing Organizations, municipalities and bands, to manage and administer the public housing portfolio in 26 communities.

## EXECUTIVE

### Activity Description

The Executive Office of the NWT HC is responsible for providing leadership, managing and directing the implementation of the NWT HC strategic direction in order to meet the mandate and goals of the NWT HC, in conjunction with the goals of the 16th Legislative Assembly and the Minister Responsible for the NWT HC. The Executive Office provides support to and works closely with the Minister's Office to address current and emerging housing matters and to ensure NWT HC activities reflect Ministerial priorities. The Executive Office works collaboratively with GNWT departments/agencies on government wide strategies and numerous joint initiatives to further advance policies and programs to meet the needs of NWT residents. It also collaborates with community and government partners in addressing housing need across the NWT.

The Executive Office works closely with Headquarters and District Office staff to coordinate the overall direction for the NWT HC staff based on the principles of client services, communication and collaboration to better meet the needs of NWT residents.

The Executive also contains the Strategic Planning, Policy and Communications section of the NWT HC. This section provides long-term strategic direction and planning for the NWT HC and supports the NWT HC's interests at the Federal/Provincial/Territorial (FPT) level and on interdepartmental working groups and other committees. The section also provides support to strategic and business planning, policy development, qualitative and quantitative research, program evaluation, and internal and external corporate communications.

## FINANCE AND INFRASTRUCTURE SERVICES

### Activity Description

Finance and Infrastructure Services coordinates financial services, capital planning, land requirements, and infrastructure to support the delivery of the NWTCH's Infrastructure Acquisition Plan, through its Finance & Administration and Infrastructure Services Divisions.

The Finance & Administration Division is responsible for the overall financial affairs of the NWTCH and its Boards and Agencies. This includes financial planning, the provision of accounting services, reporting and monitoring, treasury services, mortgage administration, and providing financial advice to senior management and stakeholders. This Division is also responsible for the NWTCH's Information Systems and Information Management and is responsible for materials management and the safeguarding of corporate assets.

The Finance & Administration Division is also responsible for managing the NWTCH's own source revenues and funding from CMHC under the Social Housing Agreement. The Division is responsible for the Corporate Loan Guarantee Program which supports the construction of new residential housing in the NWT by independent developers. The Division also provides ongoing subsidy assistance and operational support to various non-profit housing organizations outside of the public housing program.

The Finance & Administration Division also manages approximately \$56.3 million in long-term debt with CMHC which will be fully repaid by the year 2038.

The Infrastructure Services Division is responsible for the overall development, design and procurement, planning and delivery of capital infrastructure projects in support of the NWTCH's rental and homeownership programs. This Division is also responsible for the planning, procurement, and administration of suitable land for the delivery of housing programs and services and the security of NWTCH assets and mortgage interests. Infrastructure Services is also responsible for the maintenance management of the NWTCH's public housing portfolio in order to ensure its long term sustainability. The Division provides technical assistance in the development of new housing programs and supports the District Offices in their delivery of the Contributing Assistance for Repairs and Enhancements (CARE) program where it works with private homeowners to determine their repair needs and develop scopes of work. Finally, Infrastructure Services is the NWTCH's lead on issues related to energy efficiency and new housing technologies.

## **PROGRAMS AND DISTRICT OPERATIONS**

### **Activity Description**

This Division provides corporate support to the NWT HC's five District Offices in the delivery of programs and services to the residents of the NWT. This includes the development, implementation, training, monitoring, and delivery of programs and initiatives that optimize the NWT HC's responsiveness to housing needs in the NWT, and to ensure a continuity of approach to program delivery and implementation.

The Programs and District Operations Division works closely with district and community housing providers to ensure compliance with existing policies and procedures, as well as developing and updating operational policies while ensuring that District Offices and LHOs have the support and capacity required to effectively deliver the NWT HC's programs and services.

## LOCAL HOUSING ORGANIZATIONS

### Activity Description

#### Local Housing Organizations

Local Housing Organizations (LHOs) are the delivery agents of the NWTHC and responsible for the community delivery of the *Public Housing Program*. The *Public Housing Program* is a rental program designed for individuals and families who do not have the financial resources to access shelter on their own. The NWTHC, in partnership with 23 LHOs, administers approximately 2,400 social housing units in 26 communities across the NWT. These LHOs provide, under agreement with the NWTHC, the assessment of rent, the allocation of units, the collection of rents, and the provision of preventative and demand maintenance services.

# **MUNICIPAL AND COMMUNITY AFFAIRS**

## MISSION

The Minister and the Department are responsible for the development and maintenance of community governments, responsive and responsible to the residents, with sufficient legal authority and resources to carry out community responsibilities, to provide their public programs and services essential to good community life and to deal effectively with other governments and organizations.

## GOALS

To support this vision and mission, the Department of Municipal and Community Affairs works to achieve the following goals:

1. Increase community government authority and responsibilities through policy, legislation and funding arrangements.
2. Enhance knowledge, skills and abilities of community staff, officials and other partners to better manage community affairs.
3. Contribute to the development of effective, accountable and democratic community governance structures, including self-government arrangements.
4. Support communities in their efforts to provide a safe, healthy and vibrant environment for residents.

**DIRECTORATE****Activity Description**

Departmental Management coordinates the development and the implementation of the Department's strategies with the senior management team and links the Department's activity to the goals of the Minister and Government. Regional Management oversees operations in the regional offices.

Corporate Affairs coordinates planning and reporting activities for the Department, provides expert financial, policy and information systems advice and manages many administrative services. Policy and Planning provides strategic planning, legislative, research and policy support to the Minister and Deputy Minister and supports many Departmental information and communications activities. Financial Services provides financial and administrative support to the Department and coordinates services such as the development and monitoring of departmental business plans and annual budgets. Information Systems supports the Department by providing expert advice on department-specific applications and information systems.

## PUBLIC SAFETY

### Activity Description

Public Safety coordinates key regulatory programs and services within the Department that support the safety and protection of residents of the Northwest Territories.

Program Management coordinates the work of the division.

The Office of the Fire Marshal administers the *Fire Prevention Act*, reviews plans for new construction and major renovation projects, conducts fire safety inspections and takes enforcement action when fire safety regulations are contravened,

Emergency Management is responsible for territorial and community emergency management and planning including search and rescue planning and preparation.

Consumer Affairs administers consumer, lottery business and real estate agent licensing and responds to consumer complaints.

## COMMUNITY OPERATIONS

### Activity Description

Community Operations coordinates many of the functions that support community governments. Program Management coordinates the work of the division.

The Community Financial Services section coordinates financial advisory services to community governments to help promote their financial viability, good financial management and proper financial reporting practices.

The Community Governance section coordinates the Department's involvement in the implementation of Aboriginal land claims and self-government processes; provides advice on community governance issues at the request of community governments; and processes bylaws requiring Ministerial or Executive Council approval. The Chief Municipal Electoral Officer function provides advice and support related to community government elections.

The Financial Policy and Infrastructure Leveraging section analyzes fiscal policy related to supporting community governments and pursues options for accessing alternate sources of revenue for community governments. This section is also responsible for the coordination and implementation of various federal infrastructure funding programs.

The Capital Planning and Infrastructure section coordinates capital planning and infrastructure acquisition and provides technical advice and support regarding capital programs and infrastructure. This section is also responsible for completing remaining items on the MACA Capital Plan.

## SCHOOL OF COMMUNITY GOVERNMENT

### Activity Description

The School of Community Government (SCG) supports community government capacity building for community elected officials and community government staff by providing training, development opportunities and resources in broad areas of community government responsibilities including governance, management, lands, infrastructure, bylaw enforcement, fire protection, water and waste water, emergency management, works, asset management and finances. The SCG provides an integrated approach to local governance capacity building through partnerships with GNWT and federal departments, Aboriginal and territorial organizations, professional associations and educational institutes.

## LANDS ADMINISTRATION

### Activity Description

The Lands Administration Division administers Commissioner's Land, provides advice and assistance to community governments on land use and community planning, performs property assessments, undertakes environmental planning and regulatory review, provides technical mapping and surveying services to community governments and the public, and provides policy advice related to the administration of Commissioner's Land.

The Property Assessment Section values all land and improvements in the Northwest Territories, with the exception of the City of Yellowknife, by conducting property assessments in accordance with the *Property Assessment and Taxation Act and Regulations*.

The Land Program Section advises on dispositions of Commissioner's Land in the Northwest Territories, in accordance with the *Commissioner's Land Act and Regulations* and within a policy framework approved by the Government of the Northwest Territories. It also assists community governments to plan for the physical development of their communities by providing advice and reviewing subdivision plans, community plans, zoning By-laws, and development schemes. This Section arranges and manages legal surveys on Commissioner's Land. It prepares satellite imagery, aerial photography, and topographical mapping of Commissioner's Lands within municipal boundaries of communities in the Northwest Territories, and administers the Department's Geographic Information System.

**SPORT, RECREATION AND YOUTH****Activity Description**

Sport, Recreation and Youth provides advice and assistance regarding recreation, sport and physical activity programs and represents the GNWT in its partnership with the NWT Council of Sport and Recreation Partners and other stakeholders. The Division also coordinates volunteer recognition programs and assists with the promotion of volunteerism.

The Youth Secretariat within the Division assists the Minister Responsible for Youth to promote youth development initiatives and acts as a first point of contact for youth issues within the GNWT.

## REGIONAL OPERATIONS

### Activity Description

Regional Offices are responsible for the coordination, implementation and delivery of most of the Department's programs and services to community governments and other stakeholders.

Regional staff provide advice and support to community governments on a range of issues. They advise community governments on governance, budgeting, debt recovery, financial reporting and other activities to support the use of sound management and financial practices. They also support communities in the development of community capital investment planning, project management and the operation and maintenance of community infrastructure and equipment.

Assistant Fire Marshals support fire prevention and response in communities by undertaking training activities, local inspections and investigations.

Regional lands staff assist community governments with community land administration and planning activities and administer leases for Commissioner's Lands.

Senior Recreation Development Coordinators support healthy choices and physical activity and recreational development activities through partnerships with a wide variety of stakeholders across each respective region.

# **PUBLIC WORKS AND SERVICES**

## **MISSION**

The Department of Public Works and Services mission is to deliver quality services to satisfy the needs of its clients, while achieving the best value for government, communities, business and residents.

## **GOALS**

1. Suitable facilities are available to support delivery of government programs.
2. Protection of life and property is achieved through the enforcement of the provisions of electrical, gas, boiler and pressure vessel legislation.
3. Suitable information technology infrastructure and services are available to support the delivery of government programs and services.
4. Basic community needs for heating, transportation and power generation fuels are met through the safe and reliable provision of fuel services.
5. Effective management of government records.

**DIRECTORATE****Activity Description**

The Directorate includes the Deputy Minister's office and the Corporate Services Division at Headquarters. In the regions, the Directorate includes the Superintendent and the Finance and Administrative services. The Directorate is responsible for the overall management of the department, managing human and financial resources and providing overall direction and planning. Activities in the Directorate include financial administration, policy and planning, information systems and records management, and regional program delivery.

Records Management is responsible for the delivery of services to GNWT departments, boards, and agencies. Responsibilities include developing government-wide policies, standards and guidelines, support and training, records storage and retrievals and maintaining systems such as the Administrative Records Classification System (ARCS) and the Integrated Recorded Information Management System (iRIMS). It also coordinates the operation of five GNWT records centres, located in Yellowknife, Inuvik, Fort Smith, Hay River and Fort Simpson.

The Directorate co-ordinates activities in support of GNWT priorities and departmental goals, and maintains effective communication within the department, and with other departments, governments including aboriginal self-governments, the private sector, and other interest groups.

## ASSET MANAGEMENT

### Activity Description

The Asset Management activity is responsible, on behalf of government departments, for the planning, design, construction, operation and maintenance of buildings and works throughout the NWT. Regional offices manage the delivery of maintenance and project management services, ensuring that client needs are met and facility life cycle costs are minimized. Headquarters supports the regions by providing facility planning, technical expertise for program and design standards, facility evaluations, troubleshooting, facility commissioning, granular materials planning and coordination, procurement and project management support, and technical support for safe drinking water initiatives.

Asset Management also coordinates the GNWT's Capital Planning process as well as the planning, acquisition and management of general office space for the GNWT, including leases, and the disposal of the GNWT's surplus real property assets.

PWS assumes responsibility for energy management within the government facilities it maintains. For existing buildings, this includes energy consumption analysis and benchmarking, detailed energy audits, and the inspection of electrical and mechanical systems. For new buildings, the EcoEnergy Validation Program Protocol is used, which includes computer modeling of energy use. As part of the modeling, an energy workshop with designers, clients, and operators allows various equipment options to be discussed and simultaneously modeled for energy consumption and savings.

The role of Contracting and Procurement Services is to provide procurement services to the department along with monitoring and advice with respect to GNWT and PWS policies, procedures and standards related to contracting. This includes contracts for construction, the acquisition of goods and services, architectural/engineering consulting contracts, and the acquisition of real property.

The building infrastructure Risk Management and Safety Program addresses the Deferred Maintenance Initiative. This activity is focused on assessing the condition of key GNWT building infrastructure and identifying and undertaking remedial work to ensure that buildings continue to be safe for occupancy, and to ensure that critical deferred maintenance items are addressed to maximize the useful life of these assets.

Inspection Services is responsible for the administration and regulation of electrical, elevator, boiler, pressure vessel and gas safety. These tasks protect the public by ensuring that all installations are constructed, all equipment is approved, and all workers are certified in accordance with the various codes and NWT Acts.

## TECHNOLOGY SERVICE CENTRE

### Activity Description

The Technology Service Centre (TSC) provides Information Technology (IT) services and support to GNWT departments and the Deh Cho and Sahtu Health Authorities. The TSC is responsible for the network that interconnects over 120 departmental local area networks in government offices, schools and health care facilities in all 33 communities. The TSC maintains the government's e-mail, servers and data storage infrastructure as well as provides desktop/laptop support and application hosting.

The TSC manages the government's primary GNWT Data Centre in Yellowknife as well as the Data Centre located in the Stuart M. Hodgson Building which provides secondary/backup site functions. The TSC is also responsible for two smaller data centres in Fort Smith and Inuvik.

All calls for TSC assistance are handled through the TSC's Service Desk. The TSC continues to focus on becoming increasingly client-focused. It is also committed to enhancing the TSC services and support through ongoing quality and process improvement.

## PETROLEUM PRODUCTS

### Activity Description

The Petroleum Products Division (PPD) manages the purchase, transport, and storage of petroleum products in NWT communities not served by the private sector. The products are sold to residents of sixteen communities through local contractors who are paid a commission. PPD also provides fuel delivery and maintenance services to NWT Power Corporation tank farm facilities in twenty communities.

PPD financial and administrative headquarters, with responsibilities for credit, invoicing, collections and financial planning, are located in Fort Simpson. The Fuel Services group oversees operations in the communities and manages local delivery contractors, determines re-supply quantities, provides quality control, capital standards and planning, and environmental management.

The PWS Asset Maintenance group within PPD manages the operations, maintenance and disposal of GNWT goods and buildings throughout the Nahendeh, and when requested supports community governments in the management of their infrastructure responsibilities.

### TECHNOLOGY SERVICE CENTRE (CHARGEBACK)

The Technology Service Centre (TSC) is responsible for providing information technology support and services to meet the business objectives of the GNWT, including delivering programs to NWT residents and maximizing the effectiveness of GNWT employees.

Primary TSC services provided to GNWT departments include computer workstation upgrades and support, electronic mail, file management, Internet access, and application hosting. The foundation for these services is the Wide Area Network managed by the TSC. Education boards, health authorities and Aurora College receive a subset of these services.

### Public Stores Revolving Fund

The territorial wide Public Stores Revolving Fund was established to provide working capital to finance central warehousing of standard supply inventories such as accountable forms, vital statistics, court documents, etc. The Public Stores Revolving Fund is utilized by all GNWT departments as well as boards and agencies. The authorized limit of the fund is \$1,175,000. Currently, only Yellowknife has a public stores inventory, which services all the regions.

### Petroleum Products Revolving Fund

The Petroleum Products Revolving Fund was established January 19, 1973. The fund provides working capital to finance inventory, accounts receivable and operating expenses, such as salaries, commissions, taxes and quality control, required for the distribution of petroleum products. The authorized limit of the Petroleum Products Revolving Fund is \$55,000,000. Operating expenses are recovered through the price structure to achieve a break-even operation.

## DIRECTORATE

### Activity Description

Under the authority of the Minister, the **Directorate** sets strategic direction and accountability for the integrated Territorial System and identifies risk and risk mitigation. It provides leadership and direction to the Department and Health and Social Services Authorities/Agency, and administrative services for Departmental operations. Federal/Provincial/Territorial intergovernmental affairs are also included.

The **Policy Division** provides leadership and services in policy, legislation and regulation, as well as for the licensing of a number of health professions. This Division is also responsible for setting a system-wide framework for planning and accountability. Department priorities must respond to system-wide health and social issues and reflect priorities set by the government. The division ensures policy alignment with Territorial System delivery.

The **Finance and Infrastructure Planning Division** provides planning and management services and financial administrative services for the health and social services system. These services include providing advice to senior management, and Health and Social Services Authorities/Agency on financial management, financial monitoring and evaluation, financial research and analysis, contracts, contributions, infrastructure and system planning and risk management.

## PROGRAM DELIVERY SUPPORT

### Activity Description

**Program Delivery Support** provides a system-wide focus and assistance in the delivery of health and social service programs.

The **Information Services Division** leads informatics initiatives in support of the broader systemic goals of Health and Social Services. The Division provides operational support to Departmental and territorial HSS systems, and provides planning, implementation and investment support for new territorial HSS initiatives, territorial HSS data standards development, as well as *Access to Information*, *Protection of Privacy* requests and records management. The Division leads the eHealth system development and governance.

**Health Human Resources** includes limited funding, managed by the Department of Human Resources, for the recruitment and retention programs specificity related to health and social services professionals.

The **Health Services Administration Division** is responsible for the administration of the Health Benefits programs (including Insured Health Benefits, Extended Health Benefits, Catastrophic Health Benefits, Métis Health Benefits, Non-Insured Health Benefits and inter-jurisdictional billings for Hospital and Physician Services). The Division is also responsible for providing leadership and direction to the Directorate in the administration of insured services, reciprocal billing and Health Benefits eligibility and registration. The Vital Statistics, Registrar General is also located in this division providing the registration and issuing of certificates for vital events that occur in the Northwest Territories.

The **Population Health Division** is responsible for health protection, environmental health, disease registries, acute and long term care planning, homecare, seniors and persons with disabilities, rehabilitation, community health programs, clinical practice standards, maternal and child health, oral health, health system planning and physician services. The office of the Chief Public Health Officer, who also holds the statutory appointment of Registrar of Disease Registries, works in close collaboration with this unit.

**HSS Authorities/Agency Administration** includes funding to Health and Social Services Authorities/Agency for activities associated with management and administration.

## HEALTH SERVICES PROGRAMS

### Activity Description

Health services to eligible northern residents in areas such as inpatient and outpatient services, public health and chronic care are provided through the Department and Authorities/Agency. Pursuant to the *Hospital Insurance and Health and Social Services Administration Act*, Health and Social Services Authorities/Agency are established to operate, manage and control facilities, programs and services. Focus is placed on ensuring the integrated system delivery of:

#### Hospital Services

- funding to Authorities to provide primary, secondary and emergency care in NWT hospitals
- funding for insured hospital services to NWT residents outside the NWT

#### NWT Health Centres

- funding to Authorities/Agency to provide residents with primary care or “first contact” care through a system of health centres located throughout the NWT

#### Physician Services

- funding to Authorities/Agency to provide insured physician services inside the NWT
- funding for insured physician services to NWT residents outside the NWT

#### Medical equipment under \$50,000

- funding for medical equipment under \$50,000

## COMMUNITY HEALTH PROGRAMS

### Activity Description

Community Health Programs are delivered outside health facilities and include institutional care, assisted living, counselling, and intervention and health promotion.

This activity, under the coordination of the Child and Family Services Division, includes direct program delivery funding for community based health and social services programs and services, as well as program planning and development, including:

- prevention, assessment, intervention, counselling and treatment programs and services to children and families, in compliance with the *Child and Family Services Act and Adoption Act*;
- injury prevention strategies, health promotion, prevention, assessment, treatment and rehabilitation services for addictions, mental health, disabilities, chronic illnesses, and seniors;
- community social service workers in the areas of prevention, assessment, early intervention, and counselling and treatment services related to children, youth and families;
- long term care facilities, including group homes and residential care, inside and outside the NWT;
- in accordance with legislation and policy, the Office of the Public Guardian responds to persons requiring assisted decision-making;
- programs aimed at assisting with emotional and social problems such as suicide, homelessness, and dealing with residential school issues;
- programs related to emergency shelters and counselling; and
- programs to enable individuals with special living requirements to stay in their homes as long as possible and services designed to assist living in the home.

**JUSTICE**

## MISSION

Our mission is to serve the residents of the NWT by:

1. Working with community members so that communities are safe and secure;
2. Ensuring that all residents have access to justice, including legal aid, the courts, alternatives to the courts and other justice-related services;
3. Providing legal services to the Government of the Northwest Territories (GNWT) and its agencies;
4. Protecting the rights and freedoms of individuals and groups; and
5. Promoting respect for the law and the Constitution of Canada.

## GOALS

1. Communities have increased capacity and a role in addressing justice issues.
2. Programs, safe and secure custody, and community supervision are in place to support the rehabilitation of offenders.
3. Communities are safer.
4. Victims of crime are supported and have meaningful roles in the justice system.
5. Families in conflict are supported.
6. All residents have access to justice.

JUSTICE

## SERVICES TO GOVERNMENT

### Activity Description

“Services to Government” includes the corporate management activities of the Directorate, Policy and Planning, Finance and Information Services, and the Aboriginal Consultation Unit. It also includes services provided to other GNWT departments, boards and agencies. Legal Division provides advice and representation to all GNWT departments and specified public agencies. Lawyers conduct litigation, provide legal opinions, and advise on a wide range of matters. One position is dedicated to prosecution of Territorial offences. GNWT bills and regulations are prepared by or under the direction of legislative drafters in the Legislation Division, and legal translators prepare French versions of these documents. The Aboriginal Consultation Unit has been created to provide advice and legal support to GNWT departments engaged in consultation activities. The Department is also responsible for providing advice and information to GNWT public bodies on the *Access to Information and Protection of Privacy Act*.

**LAW ENFORCEMENT****Activity Description**

Policing services for NWT communities are contracted to the RCMP through an agreement between the GNWT and the Government of Canada. There are also cost-sharing programs with the Government of Canada with respect to First Nations policing to support additional RCMP resources for policing in the north. An agreement exists with Public Safety Canada to cost-share DNA testing and analysis.

## LEGAL AID SERVICES

### Activity Description

The Legal Services Board is established under the *Legal Services Act*, and is responsible for ensuring that all eligible persons in the NWT receive legal aid. The Board provides legal services for most criminal and family law matters, and some civil cases. It determines eligibility for legal aid in accordance with the parameters established by the *Legal Services Act* and Regulations. The Board is also responsible for the court worker program and public legal education.

## COURT SERVICES

### Activity Description

Four levels of court – Justice of the Peace, Territorial, Supreme and Appeal – collectively represent the judicial branch of government. The courts are independent of the executive (GNWT public bodies) and legislative (Legislative Assembly) branches of government.

The Court Services Division is responsible for providing administrative support to the courts. These support services ensure courts are accessible, impartial and timely.

JUSTICE

---

**This page intentionally left blank**

**COMMUNITY JUSTICE AND CORRECTIONS****Activity Description**

The **Corrections Division** provides safe custody and supervision of adult and youth offenders. This is achieved through the operation of correctional facilities, and the supervision of offenders sentenced to community based orders such as conditional sentences and probation orders. The Division delivers culturally relevant programs to support offender rehabilitation and reintegration, including wilderness camps and elder support.

The **Community Justice Division** provides support to communities to develop and implement sustainable local justice programming in the areas of restorative justice, victim services, community policing and crime prevention.

**SERVICES TO PUBLIC****Activity Description**

“Services to the Public” includes a number of programs and services that are accessible to all residents. This includes services available from the following territorial offices:

- Public Trustee Office;
- Coroner’s Office;
- Rental Office;
- Legal Registries (Land Titles, Corporation and Society registration, Personal Property registration, Regulation in Securities trading);
- Maintenance Enforcement Office;
- Protection Against Family Violence Program; and
- Office of the Children’s Lawyer

Also included in this section are family law initiatives, including mediation and parenting after separation services. These services are administered by the Policy and Planning Division (under Services to Government section).

# **EDUCATION, CULTURE AND EMPLOYMENT**

## MISSION

The mandate of the Department of Education, Culture and Employment is to provide quality programs, services and supports in early childhood development, K-12 education, postsecondary and adult education, career and employment development, apprenticeship and occupational certification, employment standards, income security, official languages, arts, and culture and heritage.

## GOALS

- *Pride in our Culture* - Northerners who are knowledgeable about and proud of their culture.
- *Education of Children and Youth* - Northern families developing a strong foundation for their children's learning.
- *Education of Adults* - Northern adults continuing to learn and grow to meet the requirements for daily living.
- *A Skilled and Productive Work Environment* - Northerners participating in a strong and prosperous work environment.
- *People Participating Fully in Society* - Northerners actively participating in community and society to their fullest potential.

**DIRECTORATE AND ADMINISTRATION****Activity Description**

Directorate and Administration provides overall management, planning, communications and administrative support to the Department and its partners in education across the NWT. The Directorate operates under the direction of the Deputy Minister who makes recommendations to the Minister with regard to Departmental goals, objectives, and standards.

The Directorate provides leadership, management, planning, and public relations for the Department as well as its boards and agencies.

The Strategic and Business Services Division guides the development of broad policy and legislative initiatives, as well as strategic, business and capital planning for the Department, Aurora College and the education authorities. The Division coordinates briefing notes and decision-making documents as well as provides records management and financial administration services. Finally, the Division provides information systems to support delivery of programs and services across the Department, Aurora College and the education authorities.

## EDUCATION AND CULTURE

### Activity Description

Two divisions are responsible for the education system from early childhood to high school completion. The Early Childhood and School Services Division provides direction, standards, supports, as well as program and curriculum development for children from early childhood through to grade 12 completion. The Education Operations and Development Division supports, monitors and reviews operations and service delivery by education authorities responsible for K-12 education and runs Public Library Services.

The **Early Childhood Development Program** – licenses, monitors and funds early childhood programs.

**Instructional and Support Services** – ensures teaching standards are maintained and conducts curriculum review, revision, and replacement, as required. It also supports school staff to implement department directives.

**Aboriginal Language and Culture Based Education** – ensures through guidelines and contributions to education authorities that education honours all forms of First Nation, Métis and Inuit traditional knowledge, ways of knowing, and worldview; and to promote the cultures and languages of the First People of the NWT.

**Inclusive Schooling** – ensures through guidelines and contributions that all NWT students are entitled to access an education program in a regular instructional setting in their home community.

**Minority Language Education and Instruction** – ensures that French First Language, French Immersion and Core French programs are available and delivered in the NWT.

**Education Operations and Development** ensures teacher and principal certification, provides education leadership development and supports teachers through the Teachers' Qualification Service and by assisting with teacher recruitment and retention. The Division manages student records, systemic student assessments, and reports on indicators of student achievement and K-12 education system functioning.

The **Northwest Territories Teachers' Association (NWTTA) Professional Development Fund** – is provided by the Department to support the professional development of teachers.

**School Contributions** – provides contributions to education authorities for the operation of NWT schools.

**Public Library Services (PLS)** provides library services to meet the education, information and recreation needs of residents across the NWT. A central library collection is maintained, with materials rotated to libraries across the NWT and mailed to residents in communities without libraries.

The Culture and Heritage Division has responsibility to enhance the arts, cultures and heritage of the NWT in partnership with community, regional, and national organizations.

**Culture and Heritage** provides support to community museums, cultural, heritage and arts organizations, projects, and individuals; manages archaeological site protection, conducts archaeological research, administers archaeological permits, participates in land use regulatory processes, administers the Geographical Names and Territorial Historic Sites Program; and administers the NWT Archives and Museum Operations at the Prince of Wales Northern Heritage Centre (PWNHC).

Two offices are responsible for supports to official languages in the NWT. The Official Aboriginal Languages Division supports the acquisition, maintenance and revitalization of Official Aboriginal languages in the NWT. The Francophone Affairs Office oversees the delivery of programs and services in French by GNWT departments, boards and agencies.

**Official Languages** – supports Aboriginal language broadcasting in the NWT and funds Aboriginal Language Communities; manages Services Territoires du Nord-Ouest (TNO) and ensures the coordination of services and communications in French across the GNWT.

## ADVANCED EDUCATION

### Activity Description

The Advanced Education Division provides a range of programs and services related to career development, apprenticeship, employment preparation, training and development, literacy, adult and postsecondary education, and labour services.

**Adult and Postsecondary Education** supports the planning, research, development and evaluation of adult and postsecondary programs and services, including Aurora College, the NWT Literacy Strategy and Adult Literacy and Basic Education.

**Apprenticeship and Occupations** works closely with industry, Aurora College, the Interprovincial Red Seal program and other training institutions to provide training and certification in designated trades and occupations.

**Career and Employment Development** works in partnership to coordinate labour market programming to expand employment opportunities in the North and increase participation in the workforce. It provides support to industry to ensure the scope and delivery of programs offered meet regional needs. ECE Service Centres offer career counselling, needs assessment, education planning, workshops, resource libraries, career and labour market information, and career fairs. The Division also provides immigration supports through the Canada-NWT Agreement on Territorial Nominees.

**Employment Standards** administers the *Employment Standards Act* and investigates complaints from employees and employers regarding non-compliance with this legislation. Independent adjudicators make decisions on appeals filed under the Act.

**Management and Program Support** negotiates and monitors training and employment provisions in socio-economic agreements; ensures management and administrative support in headquarter and regional offices. In addition to delivering apprenticeship, career and employment programs, regional offices are responsible for delivering income security and early childhood programs budgeted under separate activities.

## INCOME SECURITY

### Activity Description

The Income Security Programs Division develops policy, plans, and provides training, information, financial and auditing functions for the delivery of Income Security Programs by regional offices in line with relevant legislation and regulations. Supports are provided at headquarters to ensure the NWT Social Assistance Appeal Committees, the NWT Social Assistance Board and the NWT Student Financial Assistance Board can respond to client complaints in compliance with legislation. The Division also works closely with non-government organizations with an interest in social programs.

**Income Security Programs** – comprises:

- The Child Care User Subsidy Program – provides financial assistance to parents to help pay for child care costs so they can work or go to school.
- Income Assistance – provides financial assistance to Northerners to help meet their basic needs as they move toward personally achievable goals of greater self-reliance to improve their quality of life.
- The NWT Child Benefit – provides low-income families with monthly cash payments under the NWT Child Benefit (NWT CB) program to assist with the costs of raising children. This includes the Territorial Workers Supplement (TWS) benefit.
- The Seniors Home Heating Subsidy – provides financial assistance to low-income seniors to help them pay for the cost of heating their homes.
- The Senior Citizen Supplementary Benefit – provides financial assistance to low-income seniors to help cover the cost of living.

**Student Financial Assistance** – provides financial assistance to NWT students through a combination of grants and loans. The program is open to Northerners attending accredited postsecondary studies on a full or part-time basis.

## EDUCATION AUTHORITY PROGRAMS AND SERVICES

In 1996, the Government of the Northwest Territories adopted a new *Education Act* that renamed existing governance structures and enhanced their responsibilities. As a result, 33 District Education Authorities (DEAs) currently govern schools in the NWT. Each DEA is comprised of elected representatives responsible for the school(s) in their community. Education authorities outside of Yellowknife are organized under four Divisional Education Councils (DECs) and one Community Services Agency in the Tłı̨chǫ Region. The DECs are made up of one representative from each DEA in the education division. The Commission scolaire francophone, Territoires du Nord-Ouest, established in 2000, governs two French first language schools, one in Yellowknife and the other in Hay River.

There are a total of 49 public schools in the NWT. Of these, 23 deliver programs for Kindergarten through senior secondary grades. The GNWT certifies teachers and determines the curricula that guide teaching in NWT schools. DECs and DEAs are responsible for coordinating and supporting education programs and services in 32 communities. Their responsibilities range from establishing policies, to preparing budgets and hiring teachers.

The Western Arctic Leadership Program (WALP), established in 1990, is a residence program open to students from across the NWT. Students enrolled in WALP attend P.W. Kaiser High School in Fort Smith, and are involved in leadership formation activities.

## AURORA COLLEGE PROGRAMS

Aurora College delivers adult and postsecondary education and training programs under the direction of a Board of Governors appointed by, and accountable to, the Minister of Education, Culture and Employment.

Aurora College, through its three regional campuses and 23 community learning centres, provides community-based Adult Literacy and Basic Education (ALBE) programs as a means to facilitate greater access to postsecondary education and training.

The Trades and Technology Program supports trades people in achieving journeyman status or in becoming a technician or technologist in a designated occupation.

Aurora College offers a number of certificate and/or diploma programs, including the following programs:

- Aboriginal Language and Cultural Instructor;
- Adult Education;
- Community Health Representative;
- Community Wellness Worker;
- Early Childhood Development;
- Management Studies;
- Natural Resources Technology;
- Nursing;
- Office Administration;
- Social Work;
- Teacher Education; and,
- Traditional Arts.

Degrees programs offered through partnerships with southern universities are the Bachelor of Science in Nursing and the Bachelor of Education.

The Aurora Research Institute is responsible for licensing and coordinating research in accordance with the *NWT Scientists Act*. As per the GNWT Traditional Knowledge Policy, the Aurora Research Institute maintains a database of traditional knowledge research conducted in the NWT; promotes and supports the study, documentation and application of traditional knowledge; and promotes the development of traditional technology for economic development purposes. Finally, the Aurora Research Institute facilitates communication between researchers and the communities impacted by their work; and works to increasing public awareness of the importance of science, technology and indigenous knowledge. The Aurora Research Institute has offices in Inuvik and Fort Smith.

The College operates through third-party contracts and an annual contribution from the Department as approved by the Legislative Assembly. Contributions to the College are allocated by academic year, which runs from July 1 to June 30.

**AURORA COLLEGE FUNDING ALLOCATION**

(thousands of dollars)

	<b>2011-2012 Academic Year</b>	<b>2010-2011 Revised Academic Year</b>
<b>Aurora College</b>		
Base Operation	5,297	5,157
Campus Delivery	9,588	9,139
Community Delivery	5,713	5,348
Service Adjustment	3,638	3,542
Building and Works	5,489	5,192
<b>Total College Contributions</b>	<b>29,725</b>	<b>28,378</b>

## Notes:

1. The above allocations will not be finalized with Aurora College until the Department approves its budget for the 2011-12 academic year.
2. Glossary:
  - Base Operations - minimum service level for administration of head office, campuses and student services
  - Campus Delivery - programs offered at regional campuses
  - Community Delivery - programs offered through community learning centres
  - Service Adjustment - for regional cost differences and to enhance service levels in specific communities
  - Building and Works - facilities, equipment and utilities
3. Calculations are based on the College's fiscal year, which is also the academic year: July 1 to June 30.

# **TRANSPORTATION**

---

## MISSION

Our Mission is to provide for the safe, secure, accessible and reliable movement of people and goods to serve the social and economic needs and aspirations of the people of the Northwest Territories.

The Department accomplishes its Mission through six main activities:

### 1. AIRPORTS

To provide airport facilities and services and to encourage and support the provision of regular, safe, cost effective and reliable air services.

### 2. HIGHWAYS

To provide highway facilities and to encourage and support the provision of safe, reliable and cost-effective inter-community travel and road transportation services.

### 3. MARINE

To provide safe and reliable ferry crossing services on the highway system.

### 4. ROAD LICENSING & SAFETY

To protect public safety and the environment by supporting the safe operation of motor vehicles in the NWT.

In addition to its regulatory responsibilities for transportation safety, the Department delivers public education programs, in conjunction with the federal government and other GNWT Departments, on transportation safety, such as the Strategy to Reduce Impaired Driving and Occupant Restraint Campaigns.

### 5. COMMUNITY ACCESS PROGRAM

To provide contributions to communities within the Northwest Territories requiring new or improved transportation access.

### 6. CORPORATE SERVICES

To provide support and department-wide corporate programs in 10 areas.

## GOALS

The Department of Transportation has six goals that support the achievement of the Government's vision for the future of the Northwest Territories.

1. The NWT transportation system continues to improve,
2. The NWT has an ongoing high level of Northern business and employment opportunities in the public and private transportation sectors,
3. The NWT has a safe and secure transportation system in all modes,
4. The Department has a high performance workplace that is adaptable, effective, efficient and innovative in delivering programs and services,
5. Continue to ensure that the high quality of the NWT environment is maintained,
6. The Department supports local transportation infrastructure.

## AIRPORTS

### Activity Description

The purpose of the Airports Program is to provide airport facilities and services and to encourage and support the provision of regular, safe, cost-effective and reliable air services. The Department is responsible for the maintenance, operation, and rehabilitation and upgrading of airports.

The Department operates 27 airports in the Northwest Territories, of which one is a Gateway hub (Yellowknife), two are Regional hubs (Norman Wells and Inuvik), and the remaining 24 are community airports. Connected with the Airports Program, the Department maintains a close watch over air transportation legislation, regulation and policy activities of other governments, overall trends in air transportation safety, costs, infrastructure technology development/change and opportunities for partnership to finance the improvement of airport infrastructure.

There are four areas of program support:

- Management
- Facilities
- Program Development
- Operations

## HIGHWAYS

### Activity Description

The purpose of the Highways Program is to provide highway infrastructure and services to support the provision of safe, reliable and cost-effective inter-community travel and road transportation services. The Department is responsible for operating, maintaining, rehabilitating and upgrading all highway infrastructures.

The Department maintains 2,200 kilometers of all-weather highways and 1,425 kilometers of seasonal winter roads. The Highway system also includes over 70 bridges and well over 3,000 culvert structures. Connected with the Highways Program, the Department monitors current trends in highway construction, engineering, safety, design and technology. The Department actively seeks new partnership opportunities with other governments, industry and First Nation groups to assist in the development of new highway infrastructure and to enhanced operations.

There are four key areas of program support:

- Management
- Infrastructure
- Winter Roads
- Operations

## MARINE

### Activity Description

The purpose of the Marine Program is to provide safe, reliable, effective and environmentally responsible ferry services on the highway system. The Department is responsible for the maintenance, operation and continued improvement of four motor and one cable vessel and their support facilities.

The Department provides ferry services at five river crossings where the territorial all-weather highways traverse waterways. Connected with the Marine Program, the Department maintains a close watch over federal marine legislation, regulation and policy activities.

There are three areas of program support:

- Management
- Maintenance and Refits
- Operations

**COMMUNITY ACCESS PROGRAM****Activity Description**

This Program provides contributions to communities within the Northwest Territories requiring new or improved transportation access.

The Community Access program provides contributions for local access roads and trails to nearby attractions such as hunting, fishing and wood gathering areas, recreation sites and granular resources. The Program would also cover marine facilities in support of local recreation and subsistence harvesting activities.

## ROAD LICENSING AND SAFETY

### Activity Description

The purpose of the Road Licensing and Safety Program is to ensure the protection of public safety and the environment in all areas related to the use of motor vehicle and commercial vehicles.

The Department is responsible for the testing, registration and inspection of all drivers and vehicles that use the Territorial transportation network. The Department establishes and enforces the Acts, Regulations and Safety Codes that apply to drivers and motor vehicles including commercial motor carriers throughout the Territory.

Connected with the Road Licensing and Safety Program, the Department ensures the safe operation of all commercial vehicles through transportation legislation, inspections, regulations and policy activities. The Program ensures compliance with national policies and initiatives. The Program researches trends in highway transportation safety, technology development, and future opportunities for partnerships to ensure regulatory harmonization, implementation of new ideas and ensuring all drivers and vehicles are safe to share the roadways.

There are three areas of program support:

- Management
- Motor Carrier Services
- Safety and Regulations

# **INDUSTRY, TOURISM AND INVESTMENT**

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

## **MISSION**

The Department of Industry, Tourism and Investment (ITI), in partnership with others, provides quality programs and services to promote and support Northwest Territories (NWT) economic prosperity and community self-reliance.

## **GOALS**

Promote and support a diversified economy that provides opportunities for NWT residents.

Promote and support the development of business opportunities, including agriculture, commercial fishing, the traditional economy, tourism, trade, investment, manufacturing, and secondary industries.

Promote the sustainable development of natural resources that respects the conservation and protection of the environment for our future generations.

Promote and support the efficient development, utilization and marketing of energy resources to achieve self-sufficiency, maximize economic opportunities, and realize affordable energy costs.

Secure economic and employment opportunities from responsible resource development for NWT residents.

Develop partnerships with individuals, businesses, communities, Aboriginal organizations and other governments to foster prosperity and community self-reliance.

## CORPORATE MANAGEMENT

### Activity Description

The Corporate Management activity consists of Directorate; Policy, Legislation and Communications; Corporate Costs; and Shared Services (Finance and Administration, and Informatics).

**Directorate** includes the Deputy Minister and the Assistant Deputy Minister Programs and Operations. It guides the overall planning and execution of instructions from the Minister and the Legislative Assembly. The Deputy Minister and Assistant Deputy Minister provide strategic advice and support to the Minister and to the Department.

**Policy, Legislation and Communications (PLC)** provides policy, legislative and strategic planning; and coordination and communications support to enable the Department to respond effectively to economic and resource development issues of concern to the NWT. This function is responsible for coordinating mandate information and processes; environmental assessments; and land and resource management activities for ITI. This function also coordinates Access to Information requests and departmental trademarks and copyrights; as well as the Department's participation in Aboriginal lands, resources and self-government negotiations; and input into negotiations for devolution of land and resources management from the Federal Government.

**Corporate Costs** captures department-wide costs such as lease payments, vehicle and building maintenance, and fuel.

**Shared Services** consists of the Finance and Administration and Informatics divisions, providing services to the Departments of ITI and Environment and Natural Resources (ENR).

Finance and Administration provides financial management and administrative services to the Departments. These services include providing advice to senior managers on financial management, financial control, contracts and contributions.

Informatics is responsible for developing and maintaining information systems, databases and web systems that provide information to decision-makers and to the public. Services include:

- records management and library services;
- geomatics and geographic information systems and analysis;
- information systems development, implementation and operations;
- internet and intranet development and support; and
- strategic advice and guidance on the use of information and technology in support of programs and services.

## MINERALS AND PETROLEUM RESOURCES

### Activity Description

The Minerals and Petroleum Resources activity consists of the Mackenzie Valley Pipeline Office (MVPO); Industrial Initiatives; and Minerals, Oil and Gas. Minerals, Oil and Gas includes the Northwest Territories Geoscience Office (NTGO), funded and managed jointly with the Federal Government.

**Regional offices** are available to ensure that businesses and entrepreneurs receive access to programs and resources, and to maximum benefits from any new developments in their area.

**Industrial Initiatives** is responsible for administering GNWT socio-economic agreements (SEAs) with industry, and monitors industrial activities in coordination with communities and industry. In support of this effort, Industrial Initiatives provides expert socio-economic impact analysis, coordinates GNWT obligations to monitor implementation of SEAs with major mines, and coordinates research in best practices, to facilitate NWT benefits from present and future industrial initiatives in the NWT.

The **MVPO** in Hay River coordinates GNWT planning and response related to the Mackenzie Gas Project (MGP), including the regulatory review and environmental assessment processes. The MVPO also manages funding programs to help NWT residents, Aboriginal groups and communities meet the opportunities and challenges that the MGP will provide.

**Minerals, Oil and Gas** develops and implements strategies to encourage and attract non-renewable resource development and is a source of information and expertise about existing and potential mineral and petroleum resources in the NWT.

Working in partnership with the Geological Survey of Canada and the Department of Indian and Northern Affairs Canada, the division maintains and staffs the NTGO. That office is a multi-agency centre with the mandate to undertake quality geoscience studies in the NWT. It provides advice to individuals, communities, governments and industry in the following areas:

- regional bedrock mapping;
- mineral deposit studies;
- petroleum geology;
- mineral and petroleum resource assessments;
- GIS and remote sensing; and
- community outreach.

Minerals, Oil and Gas is responsible for negotiating agreements guaranteeing NWT manufacturers access to diamond rough produced by NWT mines and for ensuring implementation of those agreements. It manages the diamond certification program, which includes factory compliance audits and inspections. As well, it negotiates and administers agreements that license the use of GNWT diamond trademarks by NWT approved diamond manufacturers.

## ENERGY

### Activity Description

The **Energy Planning** Division coordinates the GNWT's overall energy planning and policy development, including the advancement of hydro initiatives in the NWT. It also coordinates public consultation and communications related to energy planning and policy development, and provides secretariat services to the Ministerial Energy Coordinating Committee.

## TOURISM AND PARKS

### Activity Description

ITI develops and implements NWT tourism strategies with partners in the tourism industry. The **Tourism and Parks** Division provides support for tourism and parks through two venues: Headquarters support and Regional support.

Through the Tourism and Parks Division at Headquarters, ITI provides support through strategic and parks planning, the development of an on-line reservation system, reporting, training, research, product development, and support to NWT Tourism for marketing and promotion.

Through the Tourism and Parks Managers in the Regions, ITI provides support through development, operations and maintenance of public tourism and parks facilities, tourism and parks programs, client services, cultural interpretation, licensing, and management of the sector.

## ECONOMIC DIVERSIFICATION AND BUSINESS SUPPORT

### Activity Description

ITI encourages investment in the NWT by providing economic analysis, and regional market and economic data for both business and government. It supports informed decision-making by providing economic data, market intelligence, sector information, and opportunity studies. In conjunction with the NWT Business Development Investment Corporation (BDIC) and Community Futures Development Corporations, ITI provides business advice and access to investment capital.

These activities are delivered through the **Investment and Economic Analysis Division** and regional offices, the NWT BDIC, and Community Futures organizations. ITI regional offices supply program guidance, support, advice, and assistance at the community level. Regional representatives are experienced, knowledgeable and well networked with organizations, financial institutions, and government departments and agencies. The department works with business associations such as the NWT Chamber of Commerce and the NWT Construction Association, as well as with professional associations, to promote the NWT as a place to invest and live.

The Investment and Economic Analysis Division leads the development of programs and initiatives in support of the NWT's traditional and renewable economy. Specific programs support arts and fine crafts, agriculture, fisheries, trapping and commercial game harvesting. Staff in regional offices, and one headquarters position in Hay River, implement this traditional economy programming.

This division is the GNWT lead on trade matters. It is also responsible for the GNWT Business Incentive Policy (BIP) and the GNWT Contracts Registry, which promote new business opportunities for contracting with the GNWT. An MOU on government contracting is maintained with the Sahtu Secretariat Incorporated.

**Note 1: The above leases do not include capital leases. In the event a lease is deemed to be a capital lease the associated asset is included in tangible capital assets and amortized over the useful life of the asset; and the lease is recorded as a financial liability.**

**Note 2: The Main Estimate and Future Lease Payments represent the Base Rent cost and excludes the Operations and Maintenance component of the total Lease costs.**

### Fur Marketing Service Revolving Fund

**Purpose:** To provide working capital for the operation of a fur advance system. Trappers receive interest free advances on fur sent to southern auction houses. More than 1,000 trappers take advantage of this program.

	(thousands of dollars)			
	2011-2012 Main Estimates	2010-2011 Revised Estimates	2010-2011 Main Estimates	2009-2010 Actuals
Authorized Limit	<u>900</u>	<u>900</u>	<u>900</u>	<u>900</u>
Operating Results:				
Opening Accounts Receivable	520	471	544	505
Advances to Trappers	1,000	1,000	900	1,143
Repayment of Fur Account Loans	<u>(950)</u>	<u>(951)</u>	<u>(800)</u>	<u>(1,177)</u>
Closing Accounts Receivable (Note 1)	<u>570</u>	<u>520</u>	<u>644</u>	<u>471</u>

**Note:** Some fur remains unsold at auction for extended periods. The spring sale proceeds which are received after fiscal year end pay off most of the remaining advances from the trapping season.

# **ENVIRONMENT AND NATURAL RESOURCES**

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

## **MISSION**

Environment and Natural Resources works with all people and interested organizations to protect our environment by making sure our resources are used wisely and that people understand their part in keeping the environment healthy.

## **GOALS**

1. The NWT's air, land, water, wildlife, and forests are protected.
2. The NWT's natural resources are used and developed wisely in accordance with the Sustainable Development Policy.
3. Knowledge is gained through cooperating and sharing information with other organizations and people interested in the environment.
4. The NWT's environment and natural resources are managed with the understanding that forests, wildlife, air, land and water are connected.

## CORPORATE MANAGEMENT

### Activity Description

The **Corporate Management** activity provides overall management, strategic planning, communication, and leadership to the Department's divisions and regions. Divisions and Units within this activity enable the Department to respond effectively to the environmental and resource management priorities of NWT residents.

The Corporate Management activity is carried out through Directorate, the Policy and Strategic Planning Division, Corporate Shared Services (Finance and Administration and Informatics Divisions), and the Field Support Unit.

**Directorate** provides overall leadership, management, and strategic planning for the Department.

**Policy and Strategic Planning** provides policy, legislative, strategic planning, coordination, and communications and media relations support to the Department to make informed decisions on environmental and resource management issues.

The **Field Support Unit** provides regional and divisional support on activities related to traditional knowledge, Aboriginal relations, licensing, compliance, public education, and employee training.

**Finance and Administration** provides budgetary, accounting, and financial management services to the Department. These services include providing advice to senior management on financial management, financial control, information systems, contracts, contributions, capital planning, and the acquisition and maintenance of equipment.

**Informatics** provides broad Information Management Services including Records and Library Services, Geomatics and Geographic Information Systems and analysis, Information Systems development, implementation and operations, and strategic advice and guidance on the use of information and technology in support of programs and services.

This activity also includes **Corporate Costs**, which capture Department-wide specific costs such as lease payments, vehicle and building maintenance and fuel.

## ENVIRONMENT

### Activity Description

The **Environment Division** works with other departments, governments, industry, and citizens to maintain a high quality environment for the benefit of current and future generations.

The **Environmental Protection** section works to prevent and reduce the impact of human activities on the natural environment by providing information, advice, and programs in the areas of contaminated sites, hazardous substances, solid and hazardous waste management, waste reduction and recovery, and air quality.

The **Energy Management** section coordinates the GNWT's response to climate change by developing strategies and activities to control and inventory greenhouse gas emissions, identify climate change impacts, increase awareness of climate change, and adapt to a changing climate. Working in partnership with the Arctic Energy Alliance, this section encourages energy conservation and the use of energy efficient technologies and alternative energy sources.

The Environment Division has the lead on implementation of the GNWT Science Agenda, is a champion for excellence in scholarship and research and is responsible for promoting collaborative research priorities and themes relevant to the GNWT, the North and northerners, engaging research partners in science policy development, encouraging investment in research and research infrastructure, and promoting major research initiatives.

## FOREST MANAGEMENT

### Activity Description

The **Forest Management Division** provides for the stewardship of NWT forests through sustainable management of forest resources and forest fire management.

Sustainable forest management is ensured through the collection of information on the state of forest resources, forest management planning, monitoring of forest health and changes to forest landscapes, regulation of forest practices and planning, and compliance and reporting.

Forest fire management is achieved through prevention, preparedness, and forest fire response. Using the best science, technology, and effective use of available fire response resources, forest fire management provides for the protection of people, property, and other values at risk from forest fire. Developing an increased capacity of individuals, communities, industry, and others to take responsibility for reducing fire hazards and forest fires is also a priority.

## WILDLIFE

### Activity Description

**Wildlife** initiatives assess and monitor wildlife, habitat, species at risk, wildlife health, and biodiversity, as well as coordinate initiatives to address impacts on wildlife from human activity. Functions include developing plans and programs to support the conservation of wildlife resources, preparing public information materials on wildlife management and safety, and administering the sport fishery.

Wildlife programs and services are delivered by regional and headquarters wildlife staff. Regional wildlife staff work closely with wildlife co-management boards to co-ordinate wildlife research and monitoring programs. Regional wildlife staff undertake wildlife surveys and involve communities in these activities. Regional staff also participate in the development of management plans. Headquarters wildlife staff help co-ordinate and provide expertise to assist regional staff in wildlife research and monitoring programs. Headquarters wildlife staff liaise with national and international wildlife activities and co-ordinate NWT-wide programs, such as biodiversity monitoring, major legislative reviews (e.g. *Wildlife Act*), species at risk programs, wildlife health studies, wildlife best management practices, wildlife cumulative effects studies, wildlife databases, and wildlife study publications. All wildlife and sport fishing compliance programs are delivered by regional renewable resource officers.

## LAND AND WATER

### Activity Description

**Land and Water** programs are those that stem from federal environmental legislation that have GNWT obligations, such as the *Mackenzie Valley Resource Management Act*, as well as related partnership initiatives such as water stewardship and cumulative effects. Key program areas include regional land use planning, protected areas, environmental impact assessment and monitoring, and water stewardship. The Land and Water Division houses the NWT Protected Areas Strategy (PAS) Secretariat (which is shared with INAC).

Regional land use plans integrate these interests, ensuring NWT values on the landscape are protected or conserved by defining where development can occur and under what general conditions. Consistent with regional land use planning, the NWT PAS protects special natural and cultural areas and core representative areas within each eco-region.

**Environmental Assessment and Monitoring** (EAM) functions include overseeing ENR's input into preliminary screenings of regulatory applications and renewal of permits and licenses, as well as the GNWT's participation in environmental assessments and environmental impact reviews, and improvements such as guidelines or proposed amendments to the NWT land and water regulatory system.

**Water Stewardship** functions involve the ongoing implementation of the NWT Water Stewardship Strategy with other water management partners. GNWT focus areas include transboundary water issues, community public water supply source protection, and aquatic ecosystem indicators, as well as federal/provincial/territorial initiatives related to water resources management.

# **GLOSSARY**

---

## GLOSSARY

<b>Activity</b>	A division of a Program.
<b>Accumulated Amortization</b>	The total to date of the periodic amortization charges relating to tangible capital assets since they were placed in use.
<b>Amortization</b>	The systematic process of allocating the cost of capital assets to expense for the periods in which they provide benefits. For the purpose of tangible capital asset accounting in the Government of the Northwest Territories, amortization is calculated using the straight-line method, which assumes that an equal benefit is received in each year of the asset's estimated useful life. This term is used interchangeably with depreciation and is generally understood to mean the same thing.
<b>Appropriation</b>	A budget approved by the Legislative Assembly that permits obligations to be incurred and expenditures to be made. Appropriations are usually made for fixed amounts and are typically for a period of one year.
<b>Capital Assets in Service</b>	Assets currently being used in the production or supply of goods, delivery of services or program outputs.
<b>Budget</b>	An estimate of proposed expenditures for a given period and the proposed means (revenue estimates) of financing those expenditures.
<b>Capital Asset</b>	Property of a relatively permanent nature used in the operations of the government, and not intended for sale. Capital assets will have a useful life that extends over more than one fiscal period.
<b>Capital Expenditures</b>	An outlay of government resources, normally not of a recurring or continuing nature, for the purchase or construction of a capital asset, or an outlay which increases the expected useful life of an existing capital asset.
<b>Capital Projects</b>	Projects established for the purchase or construction of capital assets. Typically a capital project encompasses a purchase of land or equipment and/or the construction of a building or other facility. Small Capital projects are projects with a value less than \$400,000. Large Capital projects are projects with a value greater than \$400,000.
<b>Capital Recovery</b>	Receipt from a second or third party for the acquisition or construction of a capital asset by the Government of the Northwest Territories.
<b>Contribution</b>	A conditional transfer of appropriated funds to a public agency, community government or other organization that is accountable to the government for the use of the funds and fulfillment of the objectives for which the funding is provided.
<b>Control Object</b>	Appropriations for operations expense are further broken down into control objects. The control objects are as follows: <ul style="list-style-type: none"><li>• Compensation and Benefits;</li><li>• Grants and Contributions;</li><li>• Other Expenses; and,</li><li>• Amortization Expense.</li></ul>

---

## GLOSSARY

<b>Department</b>	Organizational entity established by Cabinet to deliver programs and services within a specified mandate.
<b>Departmental Overview</b>	A summary of the vision, mission and goals of a government department.
<b>Disposals</b>	Voluntary (through sale, exchange, etc.) or involuntary (through damage or theft) disposal of capital assets. Upon disposal, the net book value of the asset is removed from the accounts.
<b>Estimates</b>	The estimated expenditures, to be approved by the Legislative Assembly, and forecasted revenues, for all government departments.
<b>Expenditure</b>	Funds paid or payable to acquire goods and services, consumed in Government operations or an investment in capital assets.
<b>Financial Management Board</b>	The Financial Management Board is a committee of the Executive Council, consisting of all members of the Executive Council, which is responsible for the financial management and administration of the Government of the Northwest Territories.
<b>Fiscal Year</b>	A consecutive twelve-month period designated as the reporting year of a government or organization. The Government of the Northwest Territories' fiscal year starts April 1 and ends March 31 of the following calendar year.
<b>Goal</b>	A high-level statement of the desired outcome of government activities to be achieved over an unspecified period of time.
<b>Grant</b>	An unconditional transfer of appropriated funds to a public agency, group or organization for which the recipient is, with the exception of meeting the eligibility criteria for the grant, not accountable to the government.
<b>Infrastructure</b>	The permanent facilities and organization structure in place for the purpose of delivering government programs.
<b>Infrastructure Contribution</b>	A contribution made to a third party by the Government to purchase, construct, develop or acquire a Tangible Capital Asset, where the ownership of the asset is retained by the third party.
<b>Net Book Value</b>	The cost of a tangible capital asset, less both accumulated amortization and the amount of any write-down.
<b>Position</b>	A job description established within the public service. The term "active positions" includes positions that are occupied, or that are temporarily vacant but will be staffed.
<b>Program</b>	The term used in the Government's Financial Information System to describe a department of the Government of the Northwest Territories.
<b>Public Agency</b>	A statutory body or territorial corporation specified in Schedule A or B of the <i>Financial Administration Act</i> .
<b>Regions</b>	Geographical sub-divisions of the Northwest Territories for administrative purposes.

---

## GLOSSARY

**Tangible Capital Asset**

A non-financial asset of physical substance that is purchased, constructed, developed or otherwise acquired and has the following characteristics:

- It is held for use in the production or supply of goods, delivery of services or program outputs;
- It has a useful life extending beyond one fiscal year and is intended to be used on a continuing basis; and,
- It is not intended for resale in the ordinary course of operations.

The major categories of tangible capital assets are:

- Land (other than land acquired at no cost to the government);
- Roads and Bridges;
- Ferries;
- Airstrips and Aprons;
- Buildings;
- Water and Sewer Works;
- Leasehold Improvements;
- Mobile and Heavy Equipment;
- Other Major Equipment; and,
- Major Medical Equipment.

**Vote**

A specific segregation of spending authority into a broad category according to intended use such as operations expenses or capital investment authority.

**Work in Progress**

Records the value of capital assets under development or construction and not yet substantially complete or in service.

**Work Performed on Behalf of Others**

The Government undertakes to perform certain functions, in the Northwest Territories, on behalf of the Government of Canada or others. Expenditures incurred for these activities are fully recovered and are not required to be voted on by the Legislative Assembly.

# **Budget Development Process**

---

## Budget Development Process

### INTRODUCTION

The Government of the Northwest Territories uses a comprehensive business planning approach, which guides the development of the Main Estimates. Business planning is a process used by many governments and other organizations to provide a link between strategic planning and resource allocation. Generally, business plans flow from an organization's longer-term strategic plan, but deal with a shorter time frame, propose further information on implementation, and include details on resource allocation.

The Main Estimates reflect the Government of the Northwest Territories' plan of action for the upcoming fiscal year. Specifically, they represent all anticipated expenditures and all anticipated revenues for the fiscal year.

The Main Estimates seek appropriation authority for the fiscal year, which begins April 1. The Budget Address, presented by the Minister of Finance at the time of presentation of the Main Estimates, is an integral part of the total budget package. In addition, the Government's Business Plans are tabled in the Legislative Assembly at the time of the Budget Speech and tabling of the Main Estimates.

Many individuals and organizations, both from within the government and from the public have been consulted during the planning and development stages of the budget process. However, the exact content of the Main Estimates is not public until tabled in the Legislative Assembly by the Minister of Finance. Traditionally, the budget presentation process prevents special interest advantages being obtained through advance information on government fiscal initiatives.

### PROCESS

The Main Estimates process consists of several phases:

- 1. Fiscal Strategy development;**
- 2. Business Plan development and review;**
- 3. Main Estimates development process;**
- 4. Budget Address development;**
- 5. Presentation to the Legislative Assembly; and,**
- 6. Preparation and entry of budgets into the System for Accountability and Management (SAM).**

During the course of any given fiscal year, there are two other processes that are used to monitor and adjust the budget:

- 1. Variance Reporting - Monitoring of Expenditures and Revenues against Budgets; and,**
- 2. Supplementary Estimates.**

---

## Budget Development Process

### 1. *Fiscal Strategy Development*

Under the direction of the Minister of Finance, the Financial Management Board Secretariat prepares a multi-year fiscal framework. The framework is an overview of the projected financial position of the government based on a set of assumptions about revenues, expenditures, and federal transfer payments.

In the development of a fiscal strategy, the framework is used as a modeling tool to project the fiscal position of the government, assuming current policies and trends are maintained, as well as alternate positions based on various policy changes, new policies and new initiatives. This allows the Financial Management Board and the Executive Council to assess whether the current mix of expenditures and taxes are appropriate. If the mix cannot be sustained, or change is desired for policy reasons, it allows for an evaluation of alternatives in expenditures, taxation, and borrowing.

Based on the government's current financial position, program objectives and the fiscal alternative chosen, targets for each department are approved by the Financial Management Board and instructions are issued to departments for the development of multi-year business plans.

### 2. *Business Plan Development and Review*

The multi-year business planning approach links strategic planning with resource allocation. The business planning process includes setting goals, developing strategies to achieve the goals, and establishing targets and outcome measures. The Executive Council approves a multi-year Business Plan, which sets goals and strategic priorities for the government. The departmental business plans are developed to support the overall Government's goals. As part of the process, departments identify the challenges and pressures confronting them, and map out how to meet those challenges within available resources. Business Plans identify key strategies that each department will implement to achieve its goals, and also identify outcome measures and targets to be achieved.

Business plans focus on two areas of expenditure:

#### a) Operations Expenditures

The Financial Management Board establishes departmental planning targets. Individual departments develop and document projections of forced expenditure growth in existing programs on the basis of demographics or utilization trends, possible expenditure reductions, required service level increases and other anticipated changes for each departmental program. This is done in accordance with Financial Management Board instructions.

New or expanded programs are justified in relation to government priorities, policy directives, and/or changes to industrial norms or national standards.

Departmental business plans are submitted for review, analysis, and compilation by the Departments of the Executive and Finance before presentation to the Executive Council and Financial Management Board. They are then referred to Legislative Standing Committees for review.

#### b) Infrastructure Investment

For the 2009-10 fiscal year, the Government moved the consideration of the Capital Plan to the fall session of the Legislative Assembly. The capital planning process provides for one capital investment target with all Departmental projects competing for the available funding. The result is that projects are prioritized on a government wide basis versus a departmental basis.

---

## Budget Development Process

The capital planning process for each planning cycle starts with community consultations. Community consultations are conducted to ensure communities are:

1. consulted annually on their capital needs;
2. provided explanations on the allocation of resources to capital investment; and the application of priority criteria along with the political and other influences on the process will be provided; and,
3. provided direct feedback on the consultations, including feedback to communities on the inclusion or exclusion of community projects in the capital plan or capital needs assessment; and if requested, a follow-up meeting with the communities to explain the capital plan and disposition of their proposed projects.

The results from community consultations are taken into consideration in the development of the initial capital needs assessments completed by departments. Projects included in the first five years of the needs assessment are then rated against a common set of criteria.

The rating of the proposed Infrastructure projects and the available funding are taken into consideration in developing a preliminary Infrastructure acquisition plan. The preliminary plan is first reviewed by a Deputy Ministers Steering Committee and secondly by the Financial Management Board prior to a review by Standing Committees and the final approval when presented in the Main Estimates to the Legislative Assembly. Changes to the plan can be affected through any of the reviews prior to final approval.

As of April 1, 2007, the Department of Municipal and Community Affairs has implemented the New Deal for NWT Community Governments. As part of this initiative, Community Governments are provided with responsibility for planning, managing and owning their Community Public Infrastructure. Beginning in the 2007-2008 fiscal year, Municipal and Community Affairs has flowed infrastructure funding through a Capital Formula to Community Governments. As Community Governments will have ownership for infrastructure built with these Formula funds, this will be recorded as Infrastructure Contributions and not be part of the Government of the Northwest Territories' Infrastructure Acquisition Planning target. Municipal and Community Affairs has been allocated a \$28 million target to allocate the Formula Funds. Due to the obligation to fund multi-year projects that have already begun, several projects are included in the 2007/08 plan, thus necessitating a phasing in of the Formula funding approach.

### **3. Main Estimates Development Process**

Once the business plans and infrastructure acquisition plan have been reviewed by Standing Committees, departments proceed to prepare their annual estimates.

There is a minimum level of detail required in the development of the Main Estimates; departments may budget at more detailed levels, for internal purposes, as deemed necessary. Each department is responsible for the development of their budget. In this development a minimum level of detail is established which will meet the requirements of the Main Estimates and provide for the budget to be loaded into the Financial Information System.

The Department of Finance coordinates all department information to produce the Main Estimates and is responsible for coordinating the input of the budget into the System for Accountability and Management once that is approved by the Legislative Assembly.

The Main Estimates are reviewed by the Department of Finance for uniformity, consistency of presentation and adherence to targets and guidelines. The Financial Management Board then approves the Draft Main Estimates for forwarding to the Legislative Assembly Standing Committees for their review prior to the commencement of the Budget Session.

---

## Budget Development Process

### 4. ***Budget Address Development***

Under the direction of the Minister of Finance, the Department of Finance drafts the text of the budget address.

The budget address includes an outline of current trends and anticipated developments and identifies the government plan of action, related to its established strategies and priorities, for the upcoming fiscal year.

In addition, the address highlights or announces new tax and program initiatives and their expected impacts on the economy and government revenues or expenditures.

### 5. ***Presentation to the Legislative Assembly***

Following the presentation of the Budget Address to the Legislative Assembly by the Minister of Finance, the Main Estimates are released to Members of the Legislative Assembly, the general public, and the media. After the Legislative Assembly has completed its review, the Assembly approves the Appropriation Act.

### 6. ***Preparation and Entry of Approved Budgets into the System for Accountability and Management***

The departments are required to provide the detailed data and coding structure, in a format established by the Department of Finance, for entry of the budget into the System for Accountability and Management.

The actual transfer is completely automated and is organized so that departmental budgets are in place on April 1.

### 7. ***Variance Reporting - Monitoring of Expenditures and Revenues against Budgets***

During the course of the year, the System for Accountability and Management produces monthly reports comparing year-to-date revenues and expenditures to the year-to-date budget.

Departments must formally respond monthly to the Financial Management Board on the status of their expenditures and revenues-to-date, as compared to budget, and provide projections to year-end.

The variance information and revised year-end projections, obtained through the expenditure and revenue monitoring mechanisms, are used during the year to monitor actual performance against the Government's fiscal framework and anticipate requirements for supplementary appropriations.

### 8. ***Supplementary Estimates***

During the course of any given year, increases may be required to a department's spending authority. This is accomplished by way of Supplementary Estimates. They are presented to the Legislative Assembly, for approval, during regular sittings of the House.

In emergency situations, the Financial Management Board may recommend a Special Warrant to the Commissioner for advanced spending authority, to allow a department to respond quickly to a new or unforeseen need that meets the criteria of an emergency as defined by the *Financial Administration Act*. The Special Warrant is included in the subsequent Supplementary Estimate.

Upon approval of Supplementary Estimates by the Legislative Assembly, budget entries are prepared and entered into the System of Accountability and Management.
