Sachs Harbour	45
Trout Lake	46
Tsiigehtchic	47
Tuktoyaktuk	48
Tulita	49
Ulukhaktok	50
Wekweeti	51
Wha Ti	52
Wrigley	53
Yellowknife	54

Report Group: Private - Private
Report Number: CR10C-01

Deliver To: BIP Monitoring Office
Report Title: Contracts over \$5,000 - Contract Detail by Department/Agency, by Business Name

Report Type: OD-CR10A - Basic Contract Report

This type of report prints data about contracts issued pursuant to a procurement entered into the system. It selects base data that meets the following conditions:

- A valid procurement exists, and it is not cancelled.
- At least one valid bid (including a valid Business) is on file.
- An award has been made to a valid bid.
- At least one contract has been issued to a valid bidder.

The base data for each contract and all associated amendments is summarized into a single report line. Some reports summarize further, but the unique contract number is the lowest level of detail with this type of report.

The fiscal period for contracts on this report is determined by the start date entered for the contract or any amendments. Only amounts specified on a document with a start date in the fiscal year of the report are actually reported.

Report period: Y Current year information only selected

Deliver To: BIP Monitoring Office
Report Title:

Report Type: OD-CR20A - Basic Bid Report
This type of report prints data about procurements that have been closed and awarded. It selects base data that meets the following conditions:

- A valid procurement exists and it is not cancelled.
- At least one valid bid (including a valid Business) is on file.
- An award has been made to a valid bid.
- Contracts are considered immaterial and do not influence whether a procurement is reported.

The base data for each awarded bid of each procurement is summarized into a single report line. Some reports summarize further, but the combination procurement number and winning bidder is the lowest level of detail with this type of report.

The fiscal period for procurements on this report is determined by the closing date entered for the procurement. Only procurements with a closing date in the fiscal year of the report are actually reported.

Report period: Y Current year information only selected

Report Group: Private - Private
Report Number: CR10C-04

Deliver To: BIP Monitoring Office
Report Title: BIPMO Report - Summary of Awards by Business Name

Report Type: OD-CR10A - Basic Contract Report

This type of report prints data about contracts issued pursuant to a procurement entered into the system. It selects base data that meets the following conditions:

- A valid procurement exists, and it is not cancelled.
- At least one valid bid (including a valid Business) is on file.
- An award has been made to a valid bid.
- At least one contract has been issued to a valid bidder.

The base data for each contract and all associated amendments is summarized into a single report line. Some reports summarize further, but the unique contract number is the lowest level of detail with this type of report.

The fiscal period for contracts on this report is determined by the start date entered for the contract or any amendments. Only amounts specified on a document with a start date in the fiscal year of the report are actually reported.

Report period: Y Current year information only selected

Report Title: Contracts over \$5,000 - Contract Detail by Procurement Designation and Category

Report Type: OD-CR10A - Basic Contract Report

This type of report prints data about contracts issued pursuant to a procurement entered into the system. It selects base data that meets the following conditions:

- A valid procurement exists, and it is not cancelled.
- At least one valid bid (including a valid Business) is on file.
- An award has been made to a valid bid.
- At least one contract has been issued to a valid bidder.

The base data for each contract and all associated amendments is summarized into a single report line. Some reports summarize further, but the unique contract number is the lowest level of detail with this type of report.

The fiscal period for contracts on this report is determined by the start date entered for the contract or any amendments. Only amounts specified on a document with a start date in the fiscal year of the report are actually reported.

Report period: Y Current year information only selected

Pages Printed: 93

Elapsed Minutes: 0.6

Report Group: Private - Private
Report Number: CR10C-07

Deliver To: BIP Monitoring Office
Report Title: Contracts over \$5,000 - Contract Detail by Designated Local Community

Report Type: OD-CR10A - Basic Contract Report

This type of report prints data about contracts issued pursuant to a procurement entered into the system. It selects base data that meets the following conditions:

- A valid procurement exists, and it is not cancelled.
- At least one valid bid (including a valid Business) is on file.
- An award has been made to a valid bid.
- At least one contract has been issued to a valid bidder.

The base data for each contract and all associated amendments is summarized into a single report line. Some reports summarize further, but the unique contract number is the lowest level of detail with this type of report.

The fiscal period for contracts on this report is determined by the start date entered for the contract or any amendments. Only amounts specified on a document with a start date in the fiscal year of the report are actually reported.

Report period: Y Current year information only selected

Filter on:

Less Than 5000 N

Sorted on:

Designated Local Co(Print headings and footings)
Department/Agency (No headings or footings)
Business Name (No headings or footings)
