The Inuvik Committee of Concern, in co-operation with the Alcohol Education Program of the Government of the Northwest Territories, is sponsoring a public Seminar on ALCOHOLISM AND ALCOHOL PROBLEMS.

Date - Saturday, April 11, 1970

Time - 9:00 a.m. to 12:00 noon and 1:30 p.m. to 5:00 p.m.

Place - Inuvik Research Laboratory Conference Room

Formed last October, the Committee of Concern is a group of Inuvik citizens who are concerned about the serious, costly damage caused to the family, social and industrial life of the community through the misuse of alcohol.

It is felt that the time has come to take a positive approach to this problem. This one-day seminar is designed to give us all a better understanding of how we, as a community, can control and prevent drinking problems.

These are some of the topics to be dealt with through films, talks and discussions: Why talk about alcohol problems? who and what is the alcoholic? How can we recognize alcoholism? Alcoholism is a treatable illness. The team approach in the treatment of alcoholism. Factors in the prevention of alcoholism. A community's responsibility in the control of alcohol problems.

You are cordially invited to attend this educational seminar and to share in discussions centred around providing a helping service for those who have problems with alcohol.

Should you not be able to attend the sessions yourself perhaps there is a member of your organization or group who would be interested in participating.

Yours sincerely,

Doug Bailey

CHAIRMAN
