Re: Resolution for Transfer of Funds  
- Low Rental Housing Programs

At the regular meeting of Settlement Council January 30, 1974 the following resolution was passed:

"The Fort Good Hope Settlement Council do not want any low rental houses built this year. They would like funds reserved for this program, to be transferred to the home ownership grants program in order that residents of Fort Good Hope may build their own homes".

The decision which led to this resolution. It was felt by members of Council too much money is being wasted on low rental housing, and if the funds for the low rental housing program are turned into the new home ownership grants, people would build a home which would meet their needs and when completed, would be no further cost to the Government.

This information to be sent to the Territorial Council through Mr. Lyle Trimble by phone and letter immediately.
