## Happy Indigenous Languages Month 2021!

Indigenous Languages Month (ILM) is an annual celebration that takes place in February in the Northwest Territories. It is an opportunity for NWT residents to celebrate the rich culture and heritage of the territory's nine official Indigenous languages. The theme for this year's celebration is "Cook with Me".

Food and cooking are linked to traditions, memories, and togetherness. It is hard to imagine family celebrations, holidays, or any other social gatherings without the addition of food! Food also brings people from different cultures together, allowing us to learn about people from different backgrounds. Food is part of our family histories and identities. We share our cultural heritage when we share food with others. Saying "Cook with Me" to our families and friends is an invitation to strengthen our togetherness, culture and heritage.

The Indigenous Languages Month 2021 Regional Recipe Book has been developed from the 2019 Easy and Healthy Home Cooking Recipe Contest by the Department of Health and Social Services (HSS). It is through a collaboration with HSS and the Department of Education, Culture and Employment (ECE), that this recipe book was made possible.

Irma also likes to have this dish with traditional Muskeg Tea (Lidii muskeg) for its health benefits and its ability to be picked year-round.

## Sophie Maksimowski's Roasted Vegetable and Grain Bowl

## Sophie Maksimowski Bets'ı Roasted Vegetable chu Grain Bowl

This is a favourite recipe of Sophie's because it's so simple and easy. It is vegan and gluten free, and it can be eaten cold. You can easily change up the ingredients if you have other vegetables on hand or switch the flavor profile by using a different dressing or protein.

Hummus-u, avocado-u, arugula-u, cherry tomato-u, nuts-u, nutritional yeast-u, parsley góth nát'ath-u zełk'éch'a herbs.

**Directions:**

1. Preheat oven to 450 degrees Fahrenheit with rack set to the middle of the oven. You will need two bowls and two roasting pans.

2. Wash beets and brussels sprouts (I never peel beets, but you can). Cut off the stems on the brussels sprouts and cut them in half. Set aside in bowl and toss with some olive oil, salt and pepper. Cut beets into cubes - toss in the other bowl with olive oil, salt and pepper. Add other spices to your veggies as desired; I like to add a little caraway or fennel seed to beets or some chili for brussels sprouts.

3. Roast for approximately 20 minutes or until tender.

4. In a small pot, cook grains in water or stock until tender. About 30 minutes.

5. In a small jar or bowl, mix/shake ingredients for dressing.

6. To assemble the bowl, place grains and vegetables and toss in dressing. Add desired garnishes.
