NORTHWEST TERRITORIES

SMALL BUSINESS LOAMS AND GUARANTEES FUND

ANNUAL REPORT

March 31, 197	h 31. 1978
---------------	------------

The Small Business Loans and Guarantees Fund, successor to the federal Small Business Loan Fund, came into force in the Northwest Territories on April 1, -1977, with the enactment of the Small Business Loans and Guarantees Ordinance by the Council of the Northwest Territories at the 1977 second session.

Major changes included in the Ordinance were:

- The qualification of a small business enterprise whose gross revenue was limited to \$500,000 has now been increased to \$1 million.
- 2. An increase in the maximum limit of a loan from \$50,000 to \$100,000.
- 3. The term of loans extended to a maximum of 15 years instead of 10 years.
- 4. The provision of bank loan guarantees.

To effect the transfer of the fund from Ottawa to the Territorial Government, Treasury Board approved and authorized a payment of \$2,168,041.00 for loans forecast to be outstanding at the fiscal year end March 31, 1977, plus working capital for 1977/78 in the amount of \$541,000. Outstanding interest was settled in the amount of \$101,332.

Future annual requirements for the operation of the Fund are to be identified without any fixed limit on annual drawdown until a ceiling of \$5 million is reached. For 1978/79 the projected requirement is \$750,000.

Following the establishment of the Territorial Fund, Regulations respecting Loans and Guarantees under the Small Business Loans and Guarantees Ordinance, were promulgated by Order of the Commissioner in May 1978.

Program Activity

During the year 1977/78, 43 applications were received and processed. Of these, 26 were approved for a total amount of \$1,088,600. This represents an average of \$41,870 compared with \$31,040 for 1976/77.

The total amount of loans outstanding as at March 31, 1978, was \$2,342,765. The balance in the Loan Fund Account was \$366,275 at year end with an additional \$2,290,959 available for future years.

There were nineteen loans in the amount of \$536,000 which were considered as doubtful. Of these, an amount of \$222,000 was estimated for possible recovery, leaving an amount of \$314,000 estimated for write-off.

To March 31, 1978, seven loans were written-off for an amount of \$95,570 representing 2.5% of invested capital.
