Introduction

The Northwest Territories Hospital and Medical Care Insurance Plans provide coverage, with no premiums payable, for a comprehensive rangs of health care services for residents of the Territories.

The Government of the Northwest Territories administers and operates the Hospital Insurance and Medical Care Plans in accordance with the provisions of the Territorial Hospital Insurance Services (F.H.I.S.) and Medical Care Ordinances, respectively. The Hospital Insurance Plan is administered by the Department of Health under the direction of the T.H.I.S. Board. The Medical Care Plan (Medicare) is administered directly by the Department of Health.

This annual report for T.H.I.S. and Medicare describes the programs and provides statistics and financial statements for the year ended March 31, 1983

1 April, 1984

Commissioner

I have the honour to present the Annual Report for T.H.I.S. and Medicare for the period ending 31 March, 1983.

Druce M Laylin
Bruce McLaughlin
Minister of Health

1 April, 1984

Mi...ster of Health

Under the Territorial Hospital Insurance Services Ordinance, and the Medical Care Ordinance, there is a requirement to submit an Annual Report.

I am pleased to submit the Annual Report for T.H.I.S. and Medicare for the period ending 31 March, 1983.

Paul Moody Deputy Minister Department of Health

Bruce McLaughlin.

Michael Pontus.

- Yellowknife (Chairman) - Yellowknife (Secretary)

The N.W.T. Hospital Insurance Plan is administered under the direction of the Territorial Hospital Insurance Services (T.H.I.S.) Board, a body corporate whose members are appointed by the Commissioner in Council. The Department of Health provides support services to the Board on matters falling under its jurisdiction.

Major Responsibilities of the T.H.I.S. Board are:

- 1. to develop and administer the Hospital Insurance Plan:
- 2. to determine eligibility for, and entitlement to, insured inpatient and outpatient hospital services:
- 3, to determine the amounts that may be paid to hospitals and related health facilities both in and outside the Territories in respect of the cost of insured services provided by those facilities to eligible residents of the N.W.T.:
- 4, to enter into agreements on behalf of the Territories with hospitals and related health facilities in or outside the Territories, or with the Government of Canada or any province or an appropriate agency thereof, for the provision of insured services to eligible residents of the N.W.T.;
- 5, to ensure that adequate standards are maintained in hospitals and related health facilities: and
- 6, to develop and maintain a coordinated system of hospitals and health related facilities throughout the Territories.

The T.H.I.S. Board met seven times during 1982/83. Important decisions the Board made during the year included; review of the functional/architectural program for the new Yellowknife Health Centre; approval and funding of the Yellowknife detoxification program; the review and approval of the 1982/83 operating and capital budgets for the Budget Review Hospitals; initiating of a review of the Territorial Hospital Insurance Services Ordinance: review and approval of the 1982/83 Baffin Regional Hospital operating budget and staffing reviews carried out at each Budget Review Hospital by departmental staff.

Accreditation

Accreditation is a review and examination of a hospital's policies, practices and standards as compared to the established standards for hospitals in Canada. To undergo the accreditation review is a voluntary decision taken by hospitals wishing to indicate their compliance with the established standards of hospital care.

Fort Smith Health Centre: H. H. Williams Memorial Hospital: Stanton Yellowknife Hospital; Baffin Regional Hospital and Inuvik General Hospital have all been awarded accreditation by the Canadian Council on Hospital Accreditation.

Y.K. Emergency. Dr. Mike Igoe.

Benefits Under The Hospital Insurance Plan

Eligibility

All persons registered under the N.W.T. Health Care Plan are eligible for benefits under both the Hospital Insurance Plan and Medicare. For newcomers from a province or the Yukon Territory who are establishing permanent residence in the N.W.T., there is a three month waiting period for benefits; however, during this three month period, they are covered under their former provincial or territorial plans.

Exceptions to the three month waiting period are:

- 1. discharged Federal inmates who are granted first day coverage.
- 2. members of the National Defense or the R.C.M.P. leaving the forces who are granted first day coverage.
- 3. Janded immigrants who are granted first day coverage.
- 4. DEW line employees who are eligible after one year.

Coverage of Insured Services

Coverage for eligible persons, under the Hospital Insurance Plan is extended throughout the world. In other parts of Canada, the Plans pay for insured services at the rates established in the province in which they are provided. For approved services received outside Canada, eligible persons will be reimoursed up to the rates set for the N.W.T. When the amount billed exceeds the N.W.T. rate, payment of the difference becomes the patient's responsibility.

Synopsis of Benefits Covered Under The Hospital Insurance Plan Inpatient Insured Services

- 1. accommodation and meals at the standard or public ward level.
- 2. necessary nursing services.
- 3. laboratory, radiological, and other procedures together with the necessary interpretations for the purpose of assisting in the diagnosis or treatment of any injury, illness or disability.
- 4. drugs, biologicals, and related preparations when administered in a hospital.
- 5. use of operating room, case room and anaesthetic facilities including necessary equipment and supplies.
- 6. radiotherapy treatment, occupational therapy, physiotherapy and speech therapy in an approved hospital.
- 7. other health care support services provided in the hospital by employees.

Outpatient Insured Services

- 1. laboratory tests and x-rays and necessary interpretations when requested by a physician and when performed in an outpatient facility in an approved hospital.
- 2. hospital services in connection with most minor medical and surgical
- 3. emergency services when provided in the outpatient facility of an approved hospital for the purpose of diagnosis or treatment of an injury, illness or disability.
- 4. physiotherapy, occupational therapy, radiotherapy, and speech therapy services in an approved hospital.
- 5. psychological services for medical reasons when requested by a physician and provided through an approved hospital program.

A complete list of insured benefits is set out in the Territorial Hospital Insurance Services Regulations.

The Medical Care Plan

Medicare was introduced in the N.W.T. in 1971 to complement the coverage of the Territorial Hospital Insurance Plan. The Plan provides insurance coverage for all medically required services rendered by physicians and specified surgical-dental procedures when medically required to be performed in a hospital. The coverage under Medicare satisfies the Federal Government requirements of universality, accessibility, comprehensiveness, portability, and administration on a non-profit basis by a public authority.

Federal funds are made available to the Government of the N.W.T. for the provision of insured health services under the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act (E.P.F.), of 1977. The Legislative Assembly of the Government of the Northwest Territories approves the funding levels for Medicare and the Hospital Insurance Plan for each fiscal year.

The Department of Health administers Medicare according to the provisions of the Territorial Medical Care Ordinance. Activities which support the Plan include: registration of eligible persons; determination of insured services; annual negotiation of a fee schedule with the N.W.T. Medical Association; processing and payment of claims; and monitoring the incidence and prevalence of specific diseases in the N.W.T.

Eligibility for Insured Services

All persons registered under the N.W.T. Health Care Plan are eligible for benefits under Medicare (please refer to the discussions of "eligibility" and "coverage of insured services" under the Hospital Insurance Plan on Page 8 as they are applicable to Medicare as well).

Synopsis of Benefits Covered Under Medicare

Services covered by the Plan are set out in the N.W.T. Medical Care Regulations. These include:

- 1. physician services in the office, clinic, hospital or home,
- care and treatment before, during and after operations, including anaesthetic services and surgical assistants where necessary,
- 3. complete maternity care,
- 4. eye examinations, treatment and operations performed by a physician
- 5. specialist services
- a number of surgical-dental procedures when performed by a dental surgeon in a hospital.

Audiologist, David Barr, Yellowknife.

T.H.I.S. and Medicare Processing System

- Claims are received from physicians/hospitals/patients and are date stamped.
- 2a. Assessment staff check N.W.T. and Alberta claims for completeness and accurate codes. Where possible, necessary changes are made.
- 2b. Out-of-province claims for N.W.T. residents except for Atherta claims are coded and transcribed into N.W.T. claim cards. Any claims with out-of-Territory addresses are then sent to the Registration Section for verification of eligibility.
- Incomplete or ineligible claims are returned to physicians/hospitals/patlents for the required additional information.
- 4a. If physicians are not registered, but deemed eligible for registration, their registrations are processed.
- 4b. If physicians are not registered, but deemed eligible for registration, their registrations are processed.
- 4c. Claims submitted by physicians ineligible for registration are returned to physicians/hospitals/patients.
- Claims are sent to data entry personnel within the Department of Health.
- 6. A computer edit and assessment is carried out.
- 7a. Valid claims are processed for payment.
- 7b. Rejected claims are returned to assessment staff for manual assessment and correction. Corrected claims are returned to keypunch personnel.
- 8. There is a bimonthly payment run.

Reciprocal Billing

- Invoiced claims received from N.W.T hospitals/Provincial health care plans.
- 2. Manual payment processed for total amount invoiced.
- 3. Assessment staff check for completeness & codes.
- 4a. Complete claims forwarded to keypunch personnel within the Department of Health.
- Incomplete claims queried with invoicing province or referring to N.W.T. hospitals.
- 5. Computer edit & assessment carried out.
- 6a. Valid claims forwarded for payment.
- 6b. Rejected claims returned to assessment staff for correction and then reentered into computer system.
- 7. There is a bi-weekly payment run.
- 8. Paid claims verified against initial invoice claims.
- 9a. Cheque redeposited and reconciled against initial manual payment.
- 9b. There is a monthly invoice run for billing responsible Provincial health care plan.

T.H.I.S./Medicare Financial Information For the Period April 1, 1982 to Merch 31, 1983 - Unaudited

Includes payments for inpatient services made under reciprocal billing arrangements.

25,298

** Includes payments made to Baffin Hospital, Frobisher Bay, as Budget Review type facility for period of December 4, 1982-March 31, 1983

Notes on Statistical Tables

The tables in this report provide 1982/83 utilization and cost data associated with the provision of insured hospital and medical care services to residents of the N.W.T.

The notes have been provided to assist with the interpretation of the tables.

Table 1 indicates the rated bed capacity of health facilities in the N.W.T. with no change over 1981/82.

Table 2

Table 2 reflects the utilization inside the N.W.T. of inpatient, and outpatient services which are covered under the Territorial Hospital Insurance Plan. The totals do not include services which are covered by other funding agencies such as the Workers' Compensation Board, R.C.M.P. or the Armed Forces.

	1981/82	1982/83
Budget Review Hospitals		·
% of Total A&C Inpatient Days	55.5% (25,896 days)	60.8% (30,161 days)
% of Total NB Days	49.6% (2,753 days)	60.1% (3.603 days)
% of Total Outpatient visits	26.9% (31,167 visits)	20.2% (37,970 visits)

Federal Hospitals and Nursing Stations*

% of Total A&C Inpatient Days	44.5% (20,730 days)	39.2% (19,484 days)
% of Total NB Days	50.4% (2,793 days)	39.9% (2,392 days)
% of Total Outpatient Days	73.1% (84,664 visits)	79.8% (150,141 visits)

^{*} For ease of comparison, Frobisher Bay General Hospital is included as "Federal Hospital" for all of 1982/83

Table 3

Table 3 illustrates the amount of hospital services provided to N.W.T. residents outside the N.W.T.

The significant increase in the inpatient days recorded for 1982/83 outside the N.W.T. is attributable to three factors:

Firstly, the introduction of a new billing arrangement between Provinces/Territories which delayed a significant number of billings for the 1981/82 fiscal year into 1982/83, especially from Alberta and Quebec.

Secondly, the transition in 1982/83 of the G.N.W.T. to accrual accounting, which effectively added an extra period to the 1982/83 fiscal year.

Thirdly, a general population and utilization increase with an increased need to provide services.

The average per diem rates increased between 1981/82-1982/83 as they effected the G.N.W.T '. costs as follows:

Inpatient: - adult & children 27% increase - newborn 29% increase Outpatient- cost/visit 31% increase

Alberta continues to provide approximately 50% of referred hospital services (1981/82 — 45%).

Alberta, Manitoba and Quebec combined provided 91% of all out of Territories patient days to N.W.T. residents (1981/82 — 90%).

Table 4

Table 4 presents the inpatient per diem cost of hospitalization charged to the N.W.T. by major hospitals outside the N.W.T.

Table 5

Table 5 reflects the total utilization of medical, inpatient, newborn and outpatient services in and cutside the N.W.T. which are covered under the Territorial Hospital and Medical Care Insurance Plans. The totals do not include services which are covered by other funding agencies such as the Workers' Compensation Board.

A comparison of utilization with 1981/82 shows the following percentage changes in utilization in 1982/83.

Region	Medicare				
	Services	Inpatient Days	Newborn Days	Outpatient Visits	Other Services
Fort Smith	21	. 22	5	25	94
Inuvik	16	17	3	56	5
Baffin	22	28	(12)	94	510
Keewatin	22	56	82	211	(8)
Kitikmeot	15	31	33	96	266

Part of the increase can be attributed to population growth and the transition to accrual accounting in 1982/83, the balance is attributable to increased population utilization of services.

Table 6

Table 6 presents the number of services provided and the amounts of payments made under Medicare by medical specialty.

Table 7

The utilization pattern reflects the age group distribution and high birth rate in the N.W.T.

Table 8

In 1982/83 the provision of the cost of Extended/Chronic Care services came under the responsibility of T.H.I.S. Table 8 indicates the days and cost by facility.

X-Ray Department, Hay River.
