NORTHWEST TERRITORIES  
10<sup>TH</sup> ASSEMBLY, 7<sup>TH</sup> SESSION

TABLED DOCUMENT NO. 16-86(1)

TABLED ON FEBRUARY 17, 1986

Camp Sites, Outpost Camps, and Mining Areas

The camping grounds, outpost camps, and the mining areas where most people go in the short summers in Baffin South have become very messy, especially the mining area in Markam Bay.

Since the miners are always busy mining for soapstone while they are there, there is not enough time for cleaning according to the miners. It also costs a lot of money for gas, food, and other necessities, to go there by canoe.

We are asking for money to be used for gasoline and food to go to clean up the mess.
