LEGISLATIVE ASSEMBLY OF THE NORTHWEST TERRITORIES 10TH ASSEMBLY, 8TH SESSION

TABLED DOCUMENT NO. 15-86(2)
TABLED ON OCTOBER 22, 1986

SEP 10 1986

Mr. Kenneth C. Thomas, Chairman, Mative Economic Development Board, 9th Floor, 330 Portage Avenue, P.O. Box 3130, Winnipeg, Manitoba R3C 4E6

TABLED DOCUMENT NO. 15 - 86(2)

OCT 221986

Dear Mr. Thomas:

Program Delivery in the Northwest Territories

Our Government feels very strongly that the Native Economic Development Program ("MEDP") is an important program that is uniquely suited to the Northwest Territories. Two thirds of our population is native and the obstacles to obtaining conventional business financing are far greater than in southern Canada. The native business community is rapidly expanding and needs your halp.

We are aware that the NEDP has experienced implementation problems, not only in the NWT, but in southern Canada as well. Travel and communications are considerably more difficult in the NWT given the great distances involved.

The fact that the MEDP has not received great numbers of applications from the MUT does not indicate fewer opportunities or a lack of entreprenurial drive. Quite the opposite is true - only adverse early publicity concerning implementation problems has prevented a flood of applications. If the door was opened, the northern native community would respond.

There are now, and will be, many large projects appropriate for MEDP assistance in the MWT. To name a few;

- -"strategic investment" funding poels, currently being sought by the Netis, Denedeh and Munasi Development Corporations to allow them to play key investment and financing roles in the north
- -botels, such as one being planned in Pangnirtung
- -real estate development
- -a reindeer industry
- -sn aquaculture industry
- -a lumber industry

We are confident that problems with implementation can be solved, but it will take a sincere and innovative approach to do so. I know Jim Britton will be able to help. My Department is prepared to help as well. I would be willing to second an Officer who would work in an MEDP office located in the Northwest Territories and provide other support such as offices in the field assisting applicants.

We would hope to see the HEDP playing a major role in the development of the Territories' economy. Given the downturn in the Beaufort the program is now more important than ever. Native business people need your help and are waiting for positive results in the implementation of your valuable program.

Sincerely,

Original Signed By TAGAK CURLEY

Tagak Curley, Minister.

c.c. Honourable Bernard Valcourt

TRUDEAU/ji:

Letter to Mr. Kenneth C. Thomas. Chairman, Native Economic Development Fund, from the Hon. Tagak Curley
