Joe Arlooktoo  
MLA South Baffin  
Yellowknife, N.W.T.

Dear Joe;

In August, during a visit by the Honourable Michael Ballantyne, Minister responsible for the NWT Housing Corporation, he stated that he would assist the Cape Dorset Housing Association in obtaining possession of Building #37-019. A vacant DFW building adjacent to our new Warehouse.

This building has been vacant and unused for at least four years. The Department of Public Works in Frobisher Bay refused to turn this building over to the Association because quote "We may have use for the building sometime in the future". We feel DFW's reasons are not justified and unreasonable. The Cape Dorset Housing Association is in need of this building now and we request your assistance on our behalf.

Enclosed is a copy of our letter to Mr. Ballantyne.

Yours Truly,

*A B C 700*  
Iola Tunnillie  
Chairman, C.D.H.A.

The Honourable Michael Ballantyne  
Minister responsible for the N.W.T.H.C.  
Yellowknife, N.W.T.

Dear Michael;

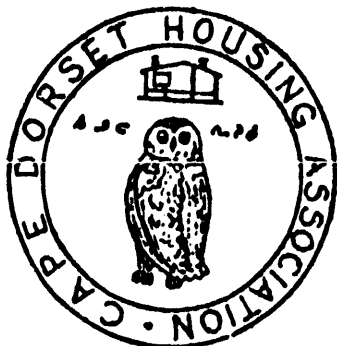

In August on your visit to Cape Dorset, you stated you would assist the Cape Dorset Housing Association in obtaining a vacant DFW Building #37-019. This building has been vacant for at least four years and is serving no useful purpose at the moment. The Department of Public Works in Frobisher Bay stated quote "We may have use for the building sometime in the future". This answer in our opinion is unacceptable.

Could you please assist us in acquiring this building as we can put it to productive use.

Yours Truly,

Dear Jon;

It came to our attention that you were planning to shuffle your Program Officers.

As stressed before, we are pleased with the capabilities and responsiveness of Paul Hallett.

Paul gets along well with the people in our community and gets involved. We would not like this good relationship, from the point of view of Housing Corporation representative, to be disrupted in our community.

Hoping you will take this into serious consideration, we remain.

Yours truly,
