Whereas, the retail price of alcohol in the Northwest Territories is equalized, and;

Whereas, the vast majority of social problems in the NWT are directly or indirectly caused by alcohol, and;

Whereas, the Baffin Region Alcohol and Drug Information Committee and the Baffin Regional Council have repeatedly requested the GNWT to end this equalization of alcohol prices and concentrate on ways to lower the cost of food in the Northwest Territories;

Therefore, I move that the BRC again ask the Members of the Legislative Assembly to address the issue of the high cost of food in the NWT, and furthermore, I move that the Department of Consumer and Corporate Affairs be asked to look into the high cost of consumer goods in the NWT and report back to the Fall Session of the Baffin Regional Council.

Whereas, postal services in the Baffin Region do not meet the needs of the residents:

Therefore, I move that the BRC Executive and the MLA's for the Baffin Region bring this to the attention of Canada Post and have them conduct a review of each individual community to bring all communities to a full level of service and provide space which is adequate in both size and accessibility and that this be done in conjunction with each Municipal Council with the utmost urgency.
