Oral Question 717-19(2) Disaster Navigator Recommended for Flooded Communities

This letter is in follow-up to the Oral Question you raised on May 28, 2021 regarding assistance for victims of flooding in Fort Simpson and Jean Marie River. During our exchange, I committed to providing pathfinder personnel to provide support directly in the affected communities as well as to contacting Chief Antoine to discuss the situation.

I can confirm that two pathfinders have been deployed to provide service on the ground for all flooded areas. I can also confirm that I have been in direct contact with Chief Antoine and that communication on the situation is ongoing. The Government of the Northwest Territories is committed to providing the assistance that our residents need in response to this disaster.

Thank you.
