Mr. Keith Dowling
Regional Vice-President
Union of Northern Workers
Port Norman, N.W.T.

Dear Mr. Dowling:

SUBJECT: AIR ATTACK OFFICERS

As employees of the Government of the Northwest Territories, these officers are subject to the Northwest Territories Safety Act (See sections 3 and 4). While they are flying in aircraft operated by Buffalo Air these attack officers are still employees of the Government of Northwest Territories and are paid for the work performed by the Government of Northwest Territories. At no time can they be considered to be employees of Buffalo Air.

Transport Canada has, to the very best of my knowledge, given their approval to Buffalo Air for the work being carried out by Buffalo Air.

Yours sincerely,

Alex Carson
Alberta District Manager
