Hon. Rebecca Mike  
Legislative Assembly  
YELLOWKNIFE, N.T.

Dear Rebecca:

Thank you for speaking up about the Rent Scale at the Cabinet, what impact it will have on lot of the family's. Everything is very expensive and lot of the household will be suffering financially, so we are going to have lots of kids going to school hungry just to have a house to go home to.

I don't know of any Government that get it's rent from people's wages to collect rent. We don't have any options up North cause of shortage of houses, but to live in the units that Housing Corporation is providing us.

We want you to know we're behind you and support you while your pushing for us.

Yours truly,

Mayor David Tagoona

DT/js
