Members of the Legislative Assembly
Yellowknife, NWT.

To whom it may concern,

NWT Biathlon wishes to remind Members of the Legislative Assembly of their
opposition to the proposed Recreation and Sport Council.

In our opinion there was no meaningful consultation with the people involved in sport
and recreation in the NWT. We believe what is proposed will not solve the problems it
was intended to address.

If the government is sincere about improving the sport and recreation delivery system in
the North we recommend effective consultation with all the partners before radical
changes are made.

Sincerely,

Patti-Kay Hamilton, President.
