Dear Kenoayoak,

This letter is to express our concern over the proposed changes to quarterly contributions to Divisional Boards of Education. If the GNWT implement monthly contributions to Boards, it will have detrimental impact on our programs which aren't funded by the government. The Baffin Divisional Board of Education utilize the interest earning to produce and publish Inuktitut Learning materials

I urge you by a copy of this letter to support our Board's effort to retain quarterly funding so that our Board may utilize the interest earning to fund programs which are very important to our culture and language.
