The Honourable Titus Allooooloo
Minister of Education
Government of the NWT
Yellowknife, NWT

Dear Mr. Allooooloo;

I am writing on behalf of the Nanisivik Community Education Council in order to express our support for a recent action taken by Joe Enook of the Baffin Divisional Board of Education. Mr. Enook refused to sign Appendix "B" to the Contribution Agreement after it was recently revised by the Department of Education.

As supporters of the education system, this council would not like to see a change which so dramatically reduces funding for the schooling of our children.

We appeal to you to lobby your colleagues to consider making quarterly contributions a legal method of funding boards and agencies in the NWT and not to make this change to monthly funding. The Education Council agrees that this is the best solution possible and will appreciate any effort you can make toward such a conclusion of events.

Thank you for listening to our point of view.

Yours truly,

Heather Marion
CEC Chairperson
