Honourable Michael Ballantyne
 Speaker of the Legislative Assembly
 of the Northwest Territories
 Yellowknife, NWT X1A 2L9

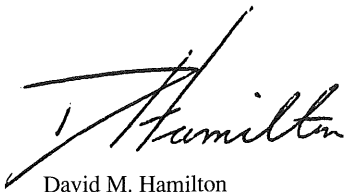

Dear Sir:

In accordance with section 36(1)(b) of the **Plebiscite Act**, it is my honour to submit this report of the results of the May 4, 1992 plebiscite on the boundary for division of the Northwest Territories, held according to your direction issued on February 17, 1992.

This was the second plebiscite conducted under the provisions of the Plebiscite Act. It was achieved through the hard work and dedicated efforts of 24 Returning Officers and their assistant returning officers, as well as the more than 500 Northwest Territories residents who helped to prepare the voters' lists and supervise the voting by serving as enumerators, deputy returning officers and poll clerks. Their work was co-ordinated by a small staff located in the Plebiscite Offices in Yellowknife and Iqaluit.

I wish to acknowledge the assistance provided to the Plebiscite Office by the NWT Departments of Justice, Personnel, Government Services and Public Works, who helped us establish offices, connect telephones and fax machines in Returning Officers' offices, and provided legal advice to the Plebiscite Office. On behalf of Returning Officers, I also wish to express our appreciation to regional offices of the Government of the Northwest Territories who provided assistance when requested or needed.

I am preparing a narrative report on the administration of the Plebiscite, which I will submit as soon as practicable.

David M. Hamilton
 Chief Plebiscite Officer

*NOTE: A qualified voter may vote even if his or her name is not on the official list of voters, as long as the voter is vouched for at the polling station by an elector who is on the list. It is therefore possible for the total number of votes cast in any plebiscite district to exceed the number of names on the official list of voters. Similarly, the column headed "Total vote as percentage of voters on the list" may include eligible voters who were sworn in at the polls; this column should therefore be used only as a rough guide to voter turnout.
