Dear Mr. Pudluk,

I am writing to you concerning the amounts paid by Social Assistance. The amount of money recieved up here is the same as down south. For example, a family of three recieves about \$700.00 per month and down south they recieve the same amount. Social Assistance should reflect the increased of cost of living in the north, and be adjusted accordingly.

Perhaps you could work towards in increasing the payments for northerners.

Yours Sincerely,
Aleesuk Welch
