Yellowknife, N.W.T.

Revenue increases will be realized by raising fees for licenses as follows:

Business Licences: It is anticipated that revenues for business licences will increase by \$20,000.00. That increase will be realized by charging an additional \$15.00 for Resident Business Licences, and an additional \$100.00 for Non-Resident licences.

Lottery Licences: Lottery licence revenues should increase by a total of \$75,000.00. That amount will be realized by increasing the costs of licences for Nevadas (single events) by \$10.00 (from \$25.00 to \$35.00); and the costs of Casino licences (per table or wheel) from \$10.00 to \$25.00.

Vendor/Direct Seller Licences: An additional \$5,000 in revenue will be realized by increasing the costs of licences for Direct Sellers to \$30.00 and Vendors' Licences as follows: No seller by \$30.00; 1 to 5 Sellers to \$100.00; and More than 5 to \$120.00.

Mining - An amendment to the Mining Safety Act will enable the Commissioner to charge fees for certain examinations and certificates in relation to mining. This new initiative should result in additional revenues of \$110,000. The fees will be charged for such items as blasters' examinations and certificates, shift boss examinations and certificates, and certificates for diesel equipment underground.

Public Utility Board - As part of the Government's overall cost recovery program, a new initiative has been launched to recover some of the operational costs of the Public Utility Board. This year, it is anticipated that \$250,000 in costs will be recovered by levy.

Electrical Permits - Approximately \$50,000 in increased revenue will be realized from modest increases to the costs of electrical permits: An Installation Permit for work of \$500 or less will increase by \$5.00; an Installation Permit for \$501 to \$1,000 will increase by \$10.00; an Installation Permit for \$1,001 to \$2,000 will increase by \$10.00; and an Installation Permit for over \$2,001 (for each \$1,000) will increase by \$3.00.

Gas Permits - Revenue increases are projected at \$10,000 for the following: Registration fees - \$15.00; Permits for connections - \$15.00; Permits for commercial operations less than 117 Kw - \$25.00; Permits for commercial installations of more than 117Kw - \$50.00; Permits for temporary installations - \$10.00; Permits for distribution lines - \$20.00; Permits for service lines - \$15.00; and permits for transmission lines - \$40.00.

Boiler Registrations - It is anticipated that an additional \$10,000 in revenues will be raised by charging an additional \$5.00 for each occupational examination (e.g., welders).

Elevator Permits - An additional \$3,000 in revenues will be realized by charging the following additional amounts: Permits for inclined passenger lifts - \$70.00; Permits for industrial platform lifts - \$30.00; Permits for lift for disabled - \$20.00; Permits for manlifts - \$80.00; and permits for passenger or freight elevators - \$40.00.
