TABLED DOCUMENT NO. . 7 0 - 1 2 (3) TABLED ON MAR v 2 1993

Mr. Joe Kunuk Chairman Iqaluit's Drug & Alcohol Society Box 1638 Iqaluit, NT. XOA OHO

Government Library

MAR 0 3 1993

Dear Joe,

At our meeting of February 4th, 1993, the Committee unanimously voted to support of re-open the outpost camp out of Iqaluit. Use it as treatment for young people who have problem with drug abuse, solvent abuse and alcohol abuse.

All above problems as it has been on the increase in recent years in our community.

Committee believes that operating traditional ways would be very beneficial to clients.

The clients would learn and maintain traditional life skills and survival skills at outpost camp.

In past this kind of rehabilitation program has been very successful and it is greatly missed.

Therefore we fully support your willness to reopen the outpost camp. Should your requst be granted, our Alcohol and Drug Worker would be willing spent period of time counselling the clients at cutpost camp. I hope this will help you to your important request.

Sincerely,

M Johnny Attagutsiak, Chairman
