Dear Sir,

I would like to bring my concerns to your attention for consideration.

As a hotel operator we feel we are not getting much support from Housing Corporation, seeing as the contractors are not staying at the hotel. Jomanics Can Inc. of Iqaluit, made reservations and are honoring their agreement. Sanajiit Contractors of Rankin Inlet made reservations namely Mr. Howard Greene and when he came here to check out the job either we accept his terms at a considerable reduction charge or he would find other accommodations for his crew.

The accommodations they are residing in lack showers, running water and toilet facilities. This is contained in a matchbox house that is not licensed and would never meet any type of health or fire inspection. The reason for this situation being Sanajiit Contractors didn't feel they would be making a profit if they paid the hotel accommodations.

Subsequent to these reservations we had to reject certain reservations as we would have been overbooked.

This crew will be here for most of the summer and it has caused a bit of dissatisfaction seeing as Jomanics are staying here and Sanajiit is not. This also involves a considerable amount of lost revenue for the hotel and the Hotel needs this type of boost in the summer months as it is extremely quiet in the winter.

.....2

This type of doing business in the future projects a dismal picture for the Enokseot Hotel. This same company has had previous encounters in other communities. (Cape Dorset)

Trusting this gives you an idea of our predicament and hoping for some help from your office and pending a reply.

Yours Truly.

Natsiq Alainga
