Mr. Michael Anguttitaurug
M.L.A. Natilikmiot
Gjoa Haven, N.W.T.
XOE 1J0

Dear Mr. Anguttitaurug:

The Hamlet Council of Gjoa Haven is in full support of the Kitikmeot Board of Education's endeavors to improve the air transportation service in the Kitikmeot Region, as well as connecting service to Yellowknife.

It is apparent that air transportation service is deteriorating, making it very difficult to travel not only within, but also outside the region. In the last week we have been notified that the N.W.T. Air Electra flight has been discontinued in Gjoa Haven and it is rumored that the DC3 aircraft is going to be replaced by a Twin Otter; the latter being a much smaller aircraft and unable to carry the freight and passenger load demands.

For these reasons and those mentioned by the Kitikmeot Board of Education the Hamlet Council fully supports any effort to increase air transportation service in the Kitikmeot Region.

We hope that you will take all efforts to support us on this matter.

Yours truly,

Ralph Porter
Mayor
