**TABLED DOCUMENT NO. . 49 - 88 (2) TABLED ON NOV 1 1988**

Red Pedersen  
MLA Kitikmeot West

Dear Sir:

The Hamlet Council of Coppermine is very displeased with the air service which our community has been receiving from N.W.T. Air in the past 12 - 18 months.

Just this spring, we had three electra flights per week between Coppermine and Cambridge Bay and other eastern points in our region. Now we are down to one electra flight and one twin otter flight per week on this route, and it is rumoured that we will lose the electra flight in the near future.

In the past, numerous letters have been written directly to N.W.T Air and also to the Air Transport Committee listing our concerns and dissatisfaction. All of these letters have gone to no avail. We are now turning to you, as our MLA, to look into this serious problem on our behalf, and hopefully find a solution.

I thank you in advance for your immediate attention to this matter.

Regards,

Baba Pedersen  
Mayor
