ALCOHOL EDUCATION COMMITTEE KINGAIT AULATSIVIK CENTRE

As Minister of Social Services, responsible for Alcohol and Drug programs, I support the efforts of the Kingait Aulatsivik Centre to acquire improved facilities for their program. However, I am not in a position to approve a lease on the portable school building, as this request should be addressed to the Minister of Education and the Minister of Public Works.

I will undertake to discuss this with my colleagues. Whatever the outcome, the Department of Social Services will continue to provide financial and program support to the Alcohol Education Committee.
