

TABLED DOCUMENT NO. - 12 - 90 (1) TABLED ON FEB 16 1990

Aivilik,

We are writing to you as a Hamlet of Repulse Bay. The material for the arena will be arriving to our community this summer and we have to collect an amount of \$ 100,000.00 as our share. It is very hard to collect money from a small community and it is very slow to try and collect that amount, especially when the arena we are getting will not be a community hall nor will it have a curling rink.

The Hamlet Council is requesting that this amount we are to collect from the public be reduced and would like your assistance on this matter.

Thank you.
