

TABLED DOCUMENT NO. . 18 - 89 (1) TABLED ON FEB 10 1989

Joe Arlooktoo
Member of Legislative Assembly
of the Northwest Territories

Dear Joe:

We would also like for you to forward our concern to the Minister of Education, Joe Handley, regarding the shortage of staff housing. It is our concern that due to lack of housing a teaching position may have to remain unfilled; as a result some communities educational needs will not be met. Over crowding in the classroom will no doubt affect the students education as the teachers cannot adequately attend to each one.

Thank you for helping us with this concern.

Sincerely,

Kenoayoak Podlat
