

Pangnirtung Hunters &
Trappers Association,
Pangnirtung, N.W.T.

TABLED DOCUMENT NO. 30 - - 89 (1) TABLED ON FEB 14 1989

February 06, 1989

Ipeelee Kilabuk, M.L.A.,
Legislative Assembly,
Gov't of the N.W.T.
Yellowknife N.W.T.

Dear Sir,

The Hunters and Trappers Association in Pangnirtung would like your support in seeking approval by the Legislative Assembly of funding for the following;

1. Repair of the HTA's 45 foot Longliner, the Qasigiaq.
2. A new building for the HTA's office, meeting room, and supply store.
3. Repair of 5 SBX-11A Radios.

A break down and estimated costs of these projects are as follows:

The Qasigiaq was built in 1964 and has never undergone major repairs to the boat itself. The boat is operated each summer as a supply boat for the outpost camps in our region, to conduct community hunts, and exploration of the resources in the area. The HTA would like to see the Qasigiaq continued to be used for the Community, educational, and studies of the marine & land mammals in our region. In order to continue these services, safely it is time to carry out repairs to the Qasigiaq at this time. Repairs on the boat would include refitting the outside and interior of the boat.

A break down of the costs to repair the Qasigiaq is as follows;

MATERIALS & SUPPLIES

150 lbs Galvanized nails	\$ 225.00
20 - 2"x4"x16' Lumber	\$ 154.00
7 - 2"x6"x 16' Lumber	\$ 84.14
Stove with Pipe and tank	\$ 600.00
Windshield wiper & accessories	\$ 125.00
2 Gallons putty	\$ 37.95
2 Gallons Thinner	\$ 29.90
26 Gallons Marine primer and paint	\$1201.85
48 tubes marine sealent/adhesive	\$ 504.00
48 sheets plywood 1/2"	<u>\$1200.00</u>
TOTAL materials	<u>\$ 4161.84</u>

continued.

Qasigiaq repairs continued;

3 labours for 20 days including admin.	\$ 6030.00
TOTAL MATERIALS & LABOUR	<u>\$10191.84</u>

The new building, approx. 24' X 32', would replace the present 16' X 30' building that is now being used. The present building is in very poor condition, structure and insulation wise and it is impossible to heat the building in the winter months.

Material costs for 24' X 32' building;

Estimate from Housing Association for materials to construct the building	\$ 6500.00
Labour for the construction of the building	\$ 5300.00
TOTALS FOR MATERIALS & LABOUR	\$11800.00

The HTA also would like to repair our SBX 11A radios. These radios were rented out to hunters to use while on the land and with the years of use they no longer work.

Estimated repair costs for each of the 5 radios is \$400.00 each for a total of \$2000.00.

We the Board of Directors of the HTA in Pangnirtung would like your support in seeking funding for the projects listed above. This would enable us to better supply the essential services to the people of Pangnirtung, and other agencies who require our services.

Thank You for your time and if there are any questions please call.

Yours truly,

Peterosie Karpik
President HTA
Pangnirtung.

c.c. Titus Allooloo, Minister Renewable Resources
Jim Noble, Regional Superintendent, Renewable Resources
Gordon Wray, Minister Econ. Dev. & Tourism
Johnny Mike, Mayor of Pangnirtung
