Re: Dall Sheep

This is to inform you that until the following issues are dealt with, the Aklavik Indian Band cannot agree on going ahead with the Big Game Hunt proposal for Dall Sheep.

1. The Mackenzie Delta Land Selection is completed
2. The question on how the land will be managed, specifically the land the Dall Sheep use.
3. How and who will administer the tags.
4. How many rams can be harvested without hurting the herd.
 - a) First Year
 - b) annually - there after

If you have any questions, I can be contacted at the Aklavik Indian Band at 978-2340 or 2029.

Hoping this meets your approval
I remain,

Eugene Pascal
