Re: recent Petition put out residents:

Government Library

MAR 0 2 1980

Government of N.W.T. Yellowknife, N.W.T.

Sanikiluaq Arena,. As we were promised by the former M.L.A. Appaqaq last spring sometime June 1987 that our Sanikiluaq Arena could be expected in the year of 1988/89,. But in the Five years capital plan it still shows way in 1991/92,. Last spring when it published everyone were all so excited matter of fact the news hit every nearby communities,. And we are sure you people were ne of the most amoungs excited,. And just recent last month of January 88; WE send 21 young hockey Players to innujuak Que, We were invited to be first outside players to thier brand new Hockey Arena, Again we were all just embarrassed like last year but even worst, Sanikiluaq got no winning in (4) streight games when back home as very little guys. As you also know the answer to this that we don, thave proper recreational facilities, Other than outdoor skating Rink which is covered 99 percent of time, up four feet of hardest snow. Most of time its even too hard for Airport snow Blower,. The only longest time that we were able able keep that outdoor rink in (1) week with out Volunteers and shovals,.

For your demanding of to keep young people away from vandalism it would be great deal to see Indoor Arena posted in earliest as our cutdoor rink usually full of people from 6:AM to Midnight, Thats only when the weather is cooperating from snow storm,

We are enlosing the petition that was signed by the people who are demanding for Indoor Arena,.

c.c. Recreation Officer,
Muncipal & Community Affairs
Gov, t of N.W.T.
Igaluit, N.W.T. X0A-0H0

Thank you for your action taken,.

67 h

Harry Sala,

Recreation Chairman
