PROBLEMS WITH NEW BUDGET

MARCH 11

If the Legislative Assembly passes their proposed budget, it will have a disasterous effect on the inuktitut and cultural programs at our school.

In the new school year, starting in August 1988, there is not a job for Mina Inuktatluk. This means that there will not be an inuktitut instruction above Grade 4. In addition, the amount of inuktitut instruction to the Grades 1-4 will be decreased. There will not be any practical cultural program for girls of Grades 7-9. If this budget is passed, our school will become very much a southern school.

It is very important that our member of the legislative assembly fight for the job of Mine Inuktaluk. Our cultural and inuktitut language program is too important to this school and community to lose.

Unfortunately we will also lose Mary lppak who has been helping in the Grade 1/2 class in the afternoons. This will also hurt our program, but there we do not have the dollars to prevent it.
