Re: Minister of Education plan to cut teaching positions

It is our understanding that if the Minister of Education goes ahead with his plan to cut teaching positions that we may lose a teaching position in our school. This would mean that we would be forced to cancel either our Community high school program or our Community Occupation Program. Both of these programs are very important to Clyde River. We have worked hard to establish them.

We feel that an alternative to cutting positions should be found.

Sincerely,

Isac Killiktee

Isac Killiktee
Chairman
CEC, Clyde River

cc: Joe Enook, Chairman
Baffin Divisional Board of Education
