Resolution #90-07

Baffin Cultural Institute

Whereas the Inuit Cultural Institute (ICI) located in Arviat does not adequately serve the needs of Inuit of the Baffin Region, and,

Whereas the elders of the Baffin Region have little input into I.C.I., and,

Whereas a cultural institute in the Baffin would allow for better documentation of Inuit culture and lifestyles of this region,

Therefore be it resolved that this concern be brought up with the Board of ICI at their next AGM.

Be it also resolved that BRIA look into possible sources of funding for a cultural institute in this region.
