Dear Mr. Arlooktoo;

I am writing to bring you up to date on the Kingnait Cultural Centre project.

As you know, the G.N.W.T. has committed a total of \$2.351 million towards capital costs and planning for this project. The total capital budget for the project is \$3.6 million, therefore we have been seeking a contribution of \$1.5 million from the federal government.

On January 21st, members of the Kingnait Cultural Society's Board met in Ottawa with Territorial Minister of Culture Titus Alloooc and the federal Minister of Culture, Marcel Masse. Mr. Masse was clearly supportive of the project and plans to identify funding to Mr. Alloooc federal funds that might be contributed to the project.

It is our hope that the letter from Mr. Masse will be sufficient to secure release of further funds from the G.N.W.T. funds which are urgently needed to progress towards the development.

We are waiting to hear from Mr. Alloooc in response to our letter of 25 January 1991 (copy attached).
