The executive members of the Kitikmeot Regional Council and the members of K.R.C. at the special meeting held on April 11, in the committee meeting room of the NWT Legislature, move that we support the E.D.A. Agreement and the promised impact that our region will receive. We further recognize that we will be consulted on possible changes to the allocation that maybe necessary in the future, and the K.R.C. specifically be involved in future consultation.

Motion carried unanimously.
