Re: Business Development Centre - Taloyoak N.W.T.

Dear Mr. Ningark:

I would like to thank you for your continued support to the above project and I would also like to extend this to the Hon. John Todd who has shown a great deal of interest in the project.

The letter to you dated January 14, 1994 from Mr. Morin regarding the above project is fairly vague. In regards to the Community Education Learning Centre the Minister, advises that he will forward this information on to the Department of Economic Development. The consultant for the project has received no information on this matter except a copy of the January 14, letter to you.

Time is going to become a major factor in completing the feasibility study and receiving financing before the barge order deadline dates. For this reason the consultant, Jerry Avery has been given instructions to deal directly with any possible tenant. If the tenant provides the requested information they will be included in the study.

We will require you and the Hon. John Todd to ensure that once the numbers are released for organizations and departments to make their decisions that decisions regarding government using the facility are made quickly.

Yours truly,

Terry Sieffert
