As you know Gjoa Haven has been waiting to get a proper R.C.M.P. Detachment Office facility for several years now. Members are trying to meet the needs of our community which will soon have a population close to 1000 people. Working out of a small trailer is very inadequate to do a proper job.

We had thought the last plan was to receive this facility on 1996 Sealift however, it did not come.

Please update us on when we will be receiving this much needed facility.

Thank you in advance.
