**MLA Kevin Menicoche
NAHENDEH REGION**

I want to register an official complaint.

Local ferry workers from the community I live in or service have been locked out of the ferry in Fort Simpson since Friday, Oct 14, 2005 at 3:00 pm. When the local workers operated the ferry it was operating from 8:00 a.m. to 12:00 midnight.

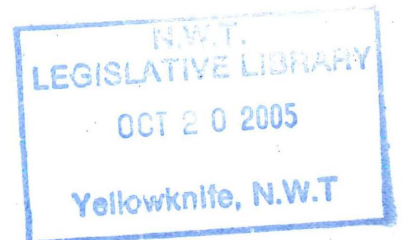

Their jobs are being performed by scab labour from outside my community. Now that there are scabs operating the ferry, the service is only from 8:00 a.m. to 6:00 p.m.. The contractor, Rowe's Construction is not providing the service that they are contracted to perform.

It is unacceptable and an insult that the community of Fort Simpson, Wrigley and any company who services here and in Wrigley has to cross the river this way, while our own local people are locked out of their jobs. The scab labour is a threat not only to their jobs and their families but to all of us who live in the communities or provide services to us..

By signing, I want the Government officials to get this situation resolved as quickly as possible, provide sixteen hours of ferry service and put our Local people back on the ferry to do it.

I want to register an official complaint.

Local ferry workers from the community I live in or service have been locked out of the ferry in Fort Simpson since Friday, Oct 14, 2005 at 3:00 pm. When the local workers operated the ferry it was operating from 8:00 a.m. to 12:00 midnight.

Their jobs are being performed by scab labour from outside my community. Now that there are scabs operating the ferry, the service is only from 8:00 a.m. to 6:00 p.m.. The contractor, Rowe's Construction is not providing the service that they are contracted to perform.

It is unacceptable and an insult that the community of Fort Simpson, Wrigley and any company who services here and in Wrigley has to cross the river this way, while our own local people are locked out of their jobs. The scab labour is a threat not only to their jobs and their families but to all of us who live in the communities or provide services to us.

By signing, I want the Government officials to get this situation resolved as quickly as possible, provide sixteen hours of ferry service and put our Local people back on the ferry to do it.

I want to register an official complaint.

Local ferry workers from the community I live in or service have been locked out of the ferry in Fort Simpson since Friday, Oct 14, 2005 at 3:00 pm. When the local workers operated the ferry it was operating from 8:00 a.m. to 12:00 midnight.

Their jobs are being performed by scab labour from outside my community. Now that there are scabs operating the ferry, the service is only from 8:00 a.m. to 6:00 p.m.. The contractor, Rowe's Construction is not providing the service that they are contracted to perform.

It is unacceptable and an insult that the community of Fort Simpson, Wrigley and any company who services here and in Wrigley has to cross the river this way, while our own local people are locked out of their jobs. The scab labour is a threat not only to their jobs and their families but to all of us who live in the communities or provide services to us.

Dear Kevin,

I am a constituent living in the Village of Fort Simpson where ferry workers, who also live and work in Fort Simpson, along with their families, are on strike to get a fair, first collective agreement with their employer. As a resident of Fort Simpson I have been inconvenienced by the interruption in ferry service, however, I want these people to be treated fairly.

I want to know what you have done and what you are going to do to support these workers in their struggle and put them back to work.

Please send a written response to the address below. I look forward to hearing from you as quickly as possible as this situation is unacceptable in Fort Simpson.

NAHENDEH REGION

I want to register an official complaint.

Local ferry workers from the community I live in or service have been locked out of the ferry in Fort Simpson since Friday, Oct 14, 2005 at 3:00 pm. When the local workers operated the ferry it was operating from 8:00 a.m. to 12:00 midnight.

Their jobs are being performed by scab labour from outside my community. Now that there are scabs operating the ferry, the service is only from 8:00 a.m. to 6:00 p.m.. The contractor, Rowe's Construction is not providing the service that they are contracted to perform.

It is unacceptable and an insult that the community of Fort Simpson, Wrigley and any company who services here and in Wrigley has to cross the river this way, while our own local people are locked out of their jobs. The scab labour is a threat not only to their jobs and their families but to all of us who live in the communities or provide services to us.

By signing, I want the Government officials to get this situation resolved as quickly as possible, provide sixteen hours of ferry service and put our Local people back on the ferry to do it.

It is unacceptable and an insult that the community of Fort Simpson, Wrigley and any company who services here and in Wrigley has to cross the river this way, while our own local people are locked out of their jobs. The scab labour is a threat not only to their jobs and their families but to all of us who live in the communities or provide services to us.

By signing, I want the Government officials to get this situation resolved as quickly as possible, provide sixteen hours of ferry service and put our Local people back on the ferry to do it.

I want to register an official complaint.

Local ferry workers from the community I live in or service have been locked out of the ferry in Fort Simpson since Friday, Oct 14, 2005 at 3:00 pm. When the local workers operated the ferry it was operating from 8:00 a.m. to 12:00 midnight.

Their jobs are being performed by scab labour from outside my community. Now that there are scabs operating the ferry, the service is only from 8:00 a.m. to 6:00 p.m.. The contractor, Rowe's Construction is not providing the service that they are contracted to perform.

It is unacceptable and an insult that the community of Fort Simpson, Wrigley and any company who services here and in Wrigley has to cross the river this way, while our own local people are locked out of their jobs. The scab labour is a threat not only to their jobs and their families but to all of us who live in the communities or provide services to us.

Local ferry workers from the community I live in or service have been locked out of the ferry in Fort Simpson since Friday, Oct 14, 2005 at 3:00 pm. When the local workers operated the ferry it was operating from 8:00 a.m. to 12:00 midnight.

Their jobs are being performed by scab labour from outside my community. Now that there are scabs operating the ferry, the service is only from 8:00 a.m. to 6:00 p.m.. The contractor, Rowe's Construction is not providing the service that they are contracted to perform.

It is unacceptable and an insult that the community of Fort Simpson, Wrigley and any company who services here and in Wrigley has to cross the river this way, while our own local people are locked out of their jobs. The scab labour is a threat not only to their jobs and their families but to all of us who live in the communities or provide services to us.

By signing, I want the Government officials to get this situation resolved as quickly as possible, provide sixteen hours of ferry service and put our Local people back on the ferry to do it.
