Subject: # of Parents Who have Found Child Care- Rainbow Child Care

Members of the Legislative Assembly

Only 2 parents, one of which is a student, has found permanent child care.

Of the students:

- 1 is bringing in a sister
- 1 has temp child care from Nov- Dec
- 1 has temp child care Nov- Jan

4 have not been able to find child care= 5 children

1 has found afternoon care only- her child is in kindergarten- she has no full day coverage for pd days

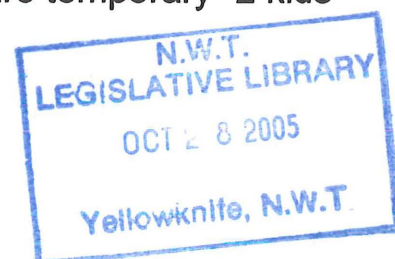

1 student I can't reach her phone is disconnected and she pulled her daughter out- she may have child care or she went home, I am not sure but am trying to find out.

Other Parents

- 1 has a combination of child care arrangements that are temporary- 2 kids
- 1 has temp care for a month - 2 kids
- 3 have no child care options- 5 kids

I still have four parents to contact.
